MEXICAN VERSION OF PARRAL ATTACK BLAMES OFFICER

MEXICO CITY, April 17.—The war office received a dispatch tonight in which further details are given of the Parral affair. It was reported an American and officer admitted his culpability for entering the town.

The dispatch also says American troops have ceased their movement southward until such time as the negotiations between the United States and Mexican governments are terminated.

The full text of the dispatch follows:

"General Ismael Lozano, accompanied by Generals Garcia and Hernandez, put an end to the trouble at Parral and persuaded the American troops to retire to the outskirts of that city, where they were followed by the hostile populace. At this point the American colonel in charge of the first regiment asked for a conference, which was held at the village of Santa Cruz Villegas, between the American colonel and the municipal president. The American army officer admitted he had entered the city without permission but claimed he had sent an orderly from the town of Zaragoza, requesting permission to enter, and that, receiving no answer and the orderly not returning he went to investigate.

"The America officer expressed regret at what had happened and the American troops and the constitutionalists are working in complete harmony.

"The Americans will not move further south until the result of the interchange of notes between Mexico and Washington becomes known."

SUBMARINE PIRATE AT PAGE TONIGHT

The Page theater management offers today and tomorrow what it claims the greatest amusement value ever offered the Medford public. So enthusiastically has the Keystone-Triangle "A Submarine Pirate" been received wherever it has been presented, and so frequent and so numerous and insistent have been the requests for its reappearance that the humorous and yet educational comic is sure to draw capacity audiences.

The many favorable comments on this Triangle Keystone have pointed particularly to the timeliness of such pictures. Submarines have occupied the front pages of the newspapers for the past year and "The Submarine Pirate" provides a feast for the public, as it differs from all other marine features in that it is authentic presentation of actual conditions aboard United States E-boats and on the seas when such boats are in operation and sink or rise or discharge their torpedoes at an enemy.

The government, in fact, co-operated with the Triangle in the production of this comedy. In response to a special request Secretary Daniels of the navy issued a regular department order detaching a submarine from the Pacific coast flotilla and assigning it to motion picture duty under Mack Sennett.

MARKET REPORT

Patrons Medford North Main and West Medford receive mail at the Postoffice office.

Dainty Marguerite Clark, adored by millions, in the unique five-part Paramount production, "Still Waters," an unusual strong drama of circus life. Will be shown at the Star theater to day only.

EAGLE POINT EAGLETS

By A. C. Howlett

Last Wednesday, April 12, L. H. Osgood of Trail, who is in charge of the Elk creek fish hatchery, came out to meet the head manager of the fisheries of the state to take him up to Elk Creek.

Mr. and Mrs. B. L. Mitts, M. Stevens and James Mathews of Portland, who have been stopping at the Sunnyside for a few days, started on up the line of the P. & E. railroad to continue their work of making a correct map of the entire route of the road to Butte Falls.

Thos. Riley, Jr., and Curt Roberts are engaged in repainting the school house.

In writing up the names of the pupils in the sixth grade who made 100 per cent in the spelling contest I unintentionally omitted the name of Fern Lewis. She is one of our brightest little misses and will some day make her mark in the world.

Mr. and Mrs. I. N. Peerbolt, Mr. and Mrs. C. E. Bellows and Mrs. Hildestang of Kansas called on Mrs. Howlett for dinner Thursday and J. R. Cain and C. E. Wilcox recently from California, came in at the same time and took rooms at the Sunnyside and C. A. Newstrom and Will Neighbours of Lake Creek also were among the callers Thursday. A little later in the day, but in time for dinner, that irrepressible booster, Dee C. Sheldon of Medford came in as hungry as a starved bear, accompanied by J. Curt Aller of the U. S. weather bureau, temporarily situated in the Rogue river valley, and Prof. F. C. Reimer who is in charge of the Talent experiment station. They were making a trip all over the valley studying conditions as to the weather and frost problems preliminary to making an exhaustive frost survey of the valley. U. S. government authorities have become interested in the question of the frost and weather problems in this valley through the efforts of Benj. C. Sheldon and through his efforts have secured the co-operation of the O. A. C. in the movement. He is one of the live wires when it comes to doing things. They left here for Sams valley to see what they could find in that part of our rearward valley.

Thursday night A. C. Herring of Central Point, one of the candidates for secretary of the Rogue River grange, was with us and the more Grangers we managed to get together the more we talked with the orchard. He seemed to have made a favorable impression while here.

Mrs. Charles Powell and her daughter, Miss Mildred, visited Friday at Medford.

Friday morning I saw William Schaefer and Young Wesley going out to Frank Brown's farm on Day creek to do some work adding to Mrs. Brown's comfort while her husband is away on the jury.

From what I can learn the house took fire on the roof from sparks from the stove pipe or flue and there was no one except Grandma Kenny home and she was sitting out on the porch and did not discover the fire until it was too late to save anything. Mr. Kenny carried small insurance in the Hartford Insurance company that will help him along that much.

The frost thus far has done no damage in this section and the prospect is that we will have the biggest crop of all kinds of fruit that we have had here for years.

EAGLE POINT SCHOOL NOTES

The program for the Community Day and School meet will be ready for distribution this week.

In the meantime all plans are being made for the comfort and pleasure of the large crowd which is expected to be present. The school meet will begin at 10 o'clock at the school grounds and it is planned to have something doing every minute from this time on again. Almost thirty schools have been asked to participate and teachers in the surrounding districts have already begun to send in the names of those to take part in the various classes.

Nearly fifty dollars in cash and merchandise have been subscribed by the merchants of this place and Medford to be given as prizes for the free-for-all sports in the afternoon.

Friday being Arbor day, the first period in the afternoon was spent on the school grounds, mowing the grass, removing the outhouses, raking the track and marking off the new tennis court. The older boys also moved the basket ball goals from the dance house to the school grounds, the girls raked and marked off the court. The second period was devoted to a little try-out athletic meet.

Adia Hazelton and Theo. Florey have been selected to represent the school in the final county spelling contest. They were chosen after a series of written and oral contests from among the ten pupils making the honor roll in the first county contest.

There is some talk of having a community clean-up day in the near future.

The work of painting and fixing the school house is progressing nicely and will probably be completed by the last of this week. The school board is to be commended for these much needed improvements.

The Eagle Point State bank has purchased a beautiful silver cup to be presented to the winning school in the meet on April 27th.

Messrs. Quackenbush and Stewart were here Wednesday with their teams getting the track worked down for the meet and dressing the new ball grounds.

Alvin Gren who was struck by a foul ball at the game Sunday is back to school again.

A weiner roast was given last week in honor of the basket ball teams, all members of the Boys and Girls Industrial club also being invited to be present.

The Great American Smoke—"Bull" Durham

Fall in line with hundreds of thousands of red-blooded smokers of the good old U.S.A. Smoke the cigarette tobacco that's been an American institution for three generations—"Bull" Durham. The rich, relishy, star-spangled taste of "Bull" puts the national spirit of get-up-and-hustle into your hand-rolled cigarette. "Bull" is the freshest, snappiest, liveliest of smokes.

GENUINE
"BULL" DURHAM
SMOKING TOBACCO

"Roll your own" with "Bull" Durham and you'll find a far greater satisfaction in smoking your cigarette than you ever did before. The rich, mild tobacco leaf "Bull" is made of has that delightful mellow-sweetness which suits your taste to a "T". And its aromatic fragrance is supremely unique. Men who never smoked cigarettes before are now "rolling their own" with "Bull" Durham.

Ask for FREE package of "papers" with each 5c sack.

FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a package of cigarette papers, will both be mailed, free, to any address in U.S. on request. Address "Bull" Durham, Durham, N.C.
