GOLD HILL NUGGETS

The party given by the Junior Epworth League at the church Wednesday evening was a very enjoyable affair. These little parties are becoming very popular events and the children look forward to them with great pleasure. Games preceded the dainty lunch.

Mrs. Langdell was a Rogue River visitor Thursday.

Mr. and Mrs. Westliederer and two sons of Glendale, were in Gold Hill Friday.

R. C. Kelsey was a visitor to Medford Thursday.

Frank Ray of Medford, was in Gold Hill Thursday and also on Friday on business.

Victor Flint left Sunday evening for Portland and other northern points.

Miss Nellie Hodges spent Thursday with her friend, Nora Newton, on Sardine creek.

D. H. Miller is on the sick list, being confined to his home the past few days.

Mrs. Myrtle Day returned Thursday night from her visit at Roseburg in attendance upon the grand lodge and is at her familiar duty in the post office.

Mrs. Laura Hammersley and son, Vernie, went to Grants Pass Thursday to spend a day or two with friends at that place, and then on to Hugo for a longer period.

Mrs. James Hutser returned home Tuesday from a few days' visit with friends in Medford.

Mrs. Raedel and children went to Medford Wednesday.

A. E. Kellogg was a business visitor to Medford Wednesday.

Mrs. Herbert E. Darling was a dentist's visitor to Grants Pass on Wednesday.

Joe Hicks was in Grants Pass last Thursday.

S. Bertelson and R. J. Rowen, a mining engineer of New York, took equipment to the Stuewe mine to pump out the shaft and make a thorough examination of the property. It will be remembered that the Stuewe mine is one of the valuable holdings in the Foots Creek district, and that S. Bertelson is the mining man so much interested in the cinnabar mines in the Meadows district.

The Cooper mine on Sardine creek is now opened and a busy time is looked forward to on the creek, as the new owners are Seattle people, and the mill is expected to be in operation soon.

Mrs. Floyd Eddings, delegate from Amethyst lodge, our local Rebekah lodge, returned Thursday night, and reports a very fine time all around at the Roseburg grand lodge.

Ed Woodcock of Foots creek, was in Gold Hill Friday.

H. C. Raedel went to Medford Friday afternoon.

Mr. and Mrs. Campbell of Sardine creek, were shopping and seeing friends in Gold Hill Friday.

TABLE ROCK TABLETS

Seven Japs were brought out on Tuesday to help tend the beets on the Collins and Finly ranches.

The showers of the last few days have been very beneficial to crops of all kinds, but are not welcomed by the orchardists, as they are great blight spreaders.

Wire worms are doing a great deal of damage in this district to all kinds of garden plants and sugar beets, and in some places have attacked the young grain.

H. D. Norwick and family moved onto their ranch in this district the first of the week, having decided to try farming life for a while.

Harry Wilcox, owner of the Arrowhead orchard, reports a good crop of fruit in spite of the frost and and not withstanding the fact that he did not smudge or try to protect his fruit in any way. Between the trees he has a fine crop of corn that shows no ill effects of the frost.

Mr. Wilcox's orchard is just above the frost belt on the hillside, so he enjoys his sleep while others less fortunate are lighting smude pots.

J. D. Samuels had accepted the position recently vacated by E. C. Hamilton at the canal company's ranch at Agate.

Harry Wilcox left Monday to attend the funeral of his uncle, Robert M. Wilcox, who passed away Sunday at his home in connecticut. Harry will remain for some time to assist in settling up the estate.

Mr. Persons has moved his family to the Pease place, where he is putting in a crop of corn and potatoes.

A portion of the Wycoff ranch is being seeded to oats.

Sanford Houstin of Trail, is employed at the Modoc orchard.

J. H. Lydiard returned Saturday from a two weeks' visit in California, where he was summoned to the bedside of a sister, who was very ill, but at this time is much improved in health. Mr. Lydiard reports that the frost did much damage in the sections he passed through.

The primary election passed very quietly in this district, only sixty-seven votes being cast, thirty-nine republicans and twenty-eight democrats, not a progressive showing up.

Much complaint is being made in the Sams valley road district about road work. It is claimed that road crews in coming too and going from their work travel a distance of fifteen miles on the county's time, making the actual day's work necessarily very short.

Now that we have a severe attack of the blight, a rigid enforcement of the law regarding infected trees should be carried out. Those who have not enough faith in the fruit business to give their daily attention to fighting this pest should be made to pull out their trees.

We should do one of two things, keep a crew large enough in our orchards to keep this disease under control or pull our trees out; as some of us think the latter is the better way let's get at it and give our neighbors who have courage enough to stick to the business a chance for their lives.

Parties who bonded their ranches in this vicinity to the Page-Dressler company are asked to grant an extension of time, which nearly all are doing, believing that with a little more time the deal can be pulled out.

A report has reached our ears that game birds, such as Hungarian partridges, bob whites and Chinese pheasants are being killed in this vicinity. If this is true the names of the guilty parties should be turned in to the game wardens, who should receive our assistance in capturing the culprits. Anyone guilty of the destruction of game birds during the nesting season, irrespective of game laws, is not fit to be called a citizen of any community.

Several from this vicinity attended the circus in Medford Monday. All agree that the performance in the big tent was extra good, but the side shows and many of the employes were about as rotten as they make them. Numerous games were worked to separate people from their money, the one principally relied on being the short change game, one man from the Antioch district losing $18 by this method.

The last planting of sugar beets is up and looking fine and at present everything looks favorable for a big crop.

Miss Hattie Lester closed a very successful term of school in this district last Friday, the closing exercises being held Saturday evening before a large crowd which enjoyed the program immensely. The program was well carried out and was very appropriate. Special features were the pantomime "Old Kentucky Home" and the drills "Girls of Holland," both of which were loudly applauded. Miss Lester, while among have proved herself a very conscientious and efficient teacher, and patrons and pupils alike were sorry to learn that she has contracted to teach in Central Point during the next school year.

ALONG ROGUE RIVER

Miss Fay Given, daughter of Mr. and Mrs. George Given, was one of the Medford high school graduates.

Prof. Deardorff closed a very successful eight months' term in the Reese creek district last Wednesday. There was a spelling match between the older people and the pupils which was won by Charles Pettigrew. This was followed by a basketball game. Those who were neither absent nor tardy were Charles and Leland Pettigrew. Charles Pettigrew has been neither absent nor tardy the seven years of his school life.

Mr. and Mrs. E. H. Linville were called to Condon Wednesday to the beside of his father who had been seriously injured by a horse.

Mr. and Mrs. Tim Daily are at the Hillcrest orchard for the summer.

Mr. and Mrs. Thomas Rainey visited their daughters, Mrs. Frank Miller and Miss Ora Rainey at Central Point the first of the week.

S. F. Smith made a business trip to Medford the last of the week.

Supervisor Peterson visited some of the schools here the forst of the week. He gave a stereopticon picture display at the Central school Tuesday.

Gene Bellows moved Prof. Deardorff's household goods to Ashland Thursday.

Paul Robertson and Charles Pettigrew went to Derby Monday to the picnic and spelling contest.

Contractor Hartman is building a new ferry boat at the Free Ferry.

Harry and Miss Clara Skyrman have returned to their home on Trail creek. They have spent the school year in the Central Point high school.

Tuesday the spelling contestants and some of their friends met at Trail from the following districts: Upper Trail, Lower Trail, Central, Long Branch and Debenger Gap. The morning was spent in races and general good time, after which a picnic dinner was enjoyed. In the afternoon Miss Williams gave two readings which was greatly enjoyed by all.

Prof. Kilpatrick of the extension division of the state university gave a pleasing address on "Community." Supt. Wells then conducted the spelling contest. Miss Frances Simmons of Long Branch and Claude Ragsdale of Trail were the successful contestants. Olaf Skyrman of Upper Trail and Merle Houston of Central were first and second substitutes. All departed for home feeling the day well spent.
