# ASHLAND AND VICINITY

Excitement, not to mention casual interest, over the recent city election never even reached the heights of mediocrity. With one exception all the officials chosen were re-elected, including C. B. Lamkin, mayor; Gertrude Biede, recorder; G. G. Eubanks, treasurer. Councilmen from the First ward are F. J. Shinn and C. W. Banta; Second ward, C. W. Root and W. A. Turner; Third ward, A. C. Nininger and J. H. McGee. Park commissioners, Mrs. W. M. Poley and F. E. Watson. Justice of the peace, W. H. Gowdy; constable, J. W. Hatcher, who is also chief of police. The charter amendment to merge city with general elections was almost unanimously adopted.

Word just received by Mr. and Mrs. E. D. Briggs from Camp Taylor, Ky., announces that their son has been appointed a first lieutenant of infantry, an advancement in rank which is in line with merited promotion. Many friends will be pleased to learn of Billy's success in this particular branch of the service. He plans to come home on a furlough sometime this month between the 15th and 20th, and his parents hope that his leave of absence will cover the Thanksgiving holiday period, in which event the homecoming reunion will have more than ordinary significance.

The Valley Jitney line is placing two fine new cars on the Ashland-Medford run. These machines are built especially for the purpose, the equipment being complete as to comfort and convenience. For sometime past the jitney service between the two towns has been on a rather undeterminate basis, awaiting the winter classification schedules. This being fixed, it's time to have new time cards issued, the old ones being misleading both as to hours and number of trips made daily.

Arthur Graham, first sergeant in the coast artillery service, who since war was declared, has been stationed at Fort Stevens, has been transferred to Camp Eustis, Va., where he will be connected with the supply company of the 27th Artillery C. A. C. He writes friends from Ohio en route that he left "good old Oregon," October 27, bound for the eastern assignment via Omaha, St. Louis and Cincinnati. During the prevailing peace developments, in company with thousands of other American soldiers, he probably never will meet with duty over seas except in the event of a transfer to take the place of some artilleryman, homeward bound.

Rev. M. C. Reed has learned of the death, from influenza, of a nephew, Elliott Reed, who passed away recently at one of the Texas military camps. The young man was 26 years of age, married, and had been clerk of Clay county in his native state of West Virginia.

The Enders department store is the first establishment in town to receive a full line of German trophies in the way of military accoutrements. The irrepressible John Enders, now with the Ashland soldier boys in France, sent them to his brother Henry, and they are being displayed in that establishment. The invoice includes a steel helmet and a lot of other equipment, such as is ordinarily carried by a private in the ranks. The use of some of the junk would be rather puzzling to an American soldier. A notebook accompanies the outfit containing many entries, and this will be translated in time from the Hun vernacular to plain English. All the articles have seen rough usage, and constitute a greasy, if not grewsome exhibit.

The interior of O. H. Johnson's jewelry store has undergone extensive transformations, adding accommodations for additional stock and affording better opportunities for displaying the diversity of goods.

Until further notice the library will be open at 9 a. m. instead of 10, owing to a popular expression voiced by many patrons. The change went into effect Nov. 1.

Miss Mary Walker is a new accession to the clerking force at Ferguson's store.

The Sunshine society cleared nearly $140 at its recent rummage sale which was liberally patronized, notwithstanding the multiplicity of demands for aid on every hand. Without a doubt private individuals and fraternal organizations will contribute freely to assist the ladies in carrying a ray of sunshine into needy homes the approaching winter. The name of the society implies this, and the faithful workers have never been found wanting in any emergency. Mrs. Ella Mills and Miss Lydia McCall, owners of the building in which the sale was held, readily tendered the free use of the rooms, a considerate act for which the society is especially grateful.

In an appeal signed by hundreds of women throughout the state in behalf of Wesley as United States senator on a non-partisan platform—"not as democrats, republicans or prohibitionists, but as loyal American citizens," who admired the candidate for his energetic stand and outspoken words on notable public questions, appeared the names of Mrs. Melissa Ashcraft and Mrs. M. Edmunds of this city.

John Switzer, the old reliable janitor of the State bank, and who had served faithfully in that capacity under several banking dispensations, was finally obliged to relinquish the job recently, owing to physical infirmity, he being a sufferer from chronic rheumatism. John formerly kept bachelor's hall in the Peil block per the bank. He now has a good comfortable retreat at the county home.

Belleview was the banner precinct in the county in voting on the normal school proposition, it having cast 62 votes for the schools without a single dissenting ballot. East Talent came next with the result of 78 votes for to four only against.

Word from Hawaii, sent by Miss Francis Hamlin to acquaintances in California and thence relayed to friends here, indicates that she has abandoned the plan of going to Europe and engaging as a nurse under government auspices. Instead she will remain in Honolulu as an instructor in St. Andrews' priory at Honolulu.

The Leach family is occupying the M. W. Wheeler home at 131 North Main street, the Wheelers having removed to their ranch property near Phoenix to remain indefinitely.

Mrs. A. C. Briggs returned home recently from an extended visit in California and Nevada.

Allan Pollock, well known superintendent of the Southern Pacific dining car service for years, and who has been a frequent visitor here, has resigned, and is manager of the Palace hotel in San Francisco. He is succeeded by S. M. Estabrook in the dining car service of the Southern Pacific and western Pacific which has been merged under government control.

# BUTTE FALLS

Butte Falls school has been closed since October 25. There are no cases of influenza in town, but the board wishes to take all precautions against spread of the disease.

Lincoln A. Savage, principal of the Butte Falls school, has moved his family from Grants Pass to Butte Falls. They occupy the Goss home on Main street. The Savage's friends are congratulating them for bringing a small new son up with them. He's a fine boy and the parents are justified in being proud of him.

Mrs. White, mother of Mrs. L. Savage, is here from Montana visiting the Savages.

Mention has not been made of the party given by the Misses Viola Hughes and Nora Williams on October 31, at the Hughes home. Hallowe'en is the best season of all for parties, and in spite of the precautions against influenza the young ladies gave their party. "It was a real party," was the comment heard from all sides—pumpkin pies and all the rest of the season's delicacies were a part of it.

On the morning of November 1st, it was easily to be seen by the slightly misjointed appearances, that the sprites had been every place during the night. However, their fun did not go too far, and the mischief done was fun for all.

The Butte Falls mill has recently had a new back-line cable added. This plays a great part in the present efficiency of the plant.

Geo. Barker, banker of Butte Falls and F. O. Ahlstrom, grocer, took their families to Medford Monday for vaccination to insure immunity from the present epidemic.

The funeral services of Pvt. Wilbur Coffman were held at the Butte Falls cemetery, Oct. 31. He was a victim of the influenza, and his body was sent from Camp Mills, New York accompanied by a young officer from the camp. The service was appropriate and comforting. Rev. J. C. Day conducted the service. The girls' glee club of the high school, assisted by Mrs. H. D. Mills and Mrs. J. F. Carson furnished the music. Private Wilbur Coffman was well known in this vicinity, and there are many to mourn his death. The citizens of Butte Falls extend their sympathy to the bereaved ones.

# TALENT TALK

Mr. and Mrs. Ziders and daughter returned last week from their eastern trip.

Mrs. Talent is quite ill at the home of her daughter, Mrs. John Beeson, on Wagner creek. Mr. Charley Talent of Medford, was the guest of his sister and mother Sunday and on Sunday evening after his return home was taken with a hard chill and is now in a critical condition, having contracted influenza, it is believed.

Arthur Brown was a business caller in town Friday.

Mr. and Mrs. Marion Tryer and family were the guests of Mr. and Mrs. Henry Boyden of Medford, last Wednesday.

Bill Withrow of Medford, spent Saturday night at the home of his parents, Mr. and Mrs. H. Withrow. Mr. Withrow buried his young wife on Saturday and was about distracted when death again visited the little home and claimed his oldest child from this grief-stricken father. Talent wishes to express their sympathy for this poor afflicted home.

Frank Rose left Sunday evening for California.

Mrs. Anna White, a bride of a couple of weeks, is dangerously ill at the home of her parents, Mr. and Mrs. Durm, south of town, of influenza.

Influenza has at last made its appearance in Talent. Miss Etta Lacy is the last one reported to have taken the disease. This makes three cases reported here.

# SAMS VALLEY

James Payne, who has suffered some time from influenza passed away early Tuesday morning. As he had lingered for some time after passing the crisis of the disease many had hoped for his recovery but owing to the condition of his heart he could not gain strength. The other members of the family who suffered from the epidemic have completely recovered and as precautions have been used in this instance there will be no cases contracted from this case, but families must be careful in visiting towns where this epidemic is prevalent and school children who go into town are disobeying the board's orders and should be kept home by their parents for a certain given time after visiting such towns; for once this disease breaks out in our school no precaution can be of any use.

After the recent rain the ground is in good condition for plowing and farmers are taking advantage of it.

A wienie roast was held at the school grounds Hallowe'en by the patrons of the school for the purpose of giving the young people a good time without doing the usual mischief. A good time was had by all who partook in the pleasure, but the few who sought pleasure by more harmful pastime did not enjoy themselves quite as well as they perhaps would if they had attended the entertainment given for the benefit of all.

Miss Tinie Lyman who has been suffering from a severe cold is improving.

Mrs. Strauss and children spent Saturday in Central Point.

Mr. and Mrs. W. H. Crandall and children from Eagle Point district, visited Monday with O. T. Wilson and family.

Miss Allene Wilson of Medford, is visiting at the Wilson ranch.

Bill More of Evans creek, was thru our district Thursday disposing of some of his bean crop.

# EAGLE POINT EAGLETS

By A. C. Howlett

We had a fine and truly welcomed rain Saturday and Sunday and of course the rain made the roads somewhat slippery so as to interfere with the travel more or less, still that did not interfere to any considerable extent with the people coming to the Sunnyside for the Sunday chicken dinner. Among the guests were Mr. and Mrs. Bert Knontz and Poke Smith of Butte Falls, Mr. and Mrs. Lledman and Mr. and Mrs. R. F. Putnam of Medford; the last four came out Sunday morning and remained until Monday. They have been engaged in the fruit packing business in Medford most of the time the past fall and were about thru and Mr. and Mrs. Putnam have returned to their home near Los Angeles in their own auto while Mr. and Mrs. Lledman expect to remain here for the present at least as he is subject to the draft and anticipates being called on at any time. Mrs. A. E. Strong of Central Point, was also a caller Sunday and so was Mrs. W. C. Clements, our postmistress during the absence of her husband, who is now at Fort Pike, Ark. Also Mr. H. C. Christofferson and Wm. A. Sumner of Medford, Mr. and Mrs. H. G. Enders and son Jack, Mr. and Mrs. O. A. Paulsrud of Ashland.

Sunday afternoon I was called to attend the funeral of Robert L. Verbick who died in Pomona, Cal., Oct. 23. He was born Oct. 17, 1896, was married to Miss Christina Lewis of Eagle Point, March 16, 1918, and went to California where they lived until he was called away by the messenger of death. He leaves his wife and his parents and brothers and sisters beside many warm friends to mourn his early death. He was a member of the Knights of Pythias and the members of that order took part in the burial services.

Monday was one of the quietest days we have had in Eagle Point for some time as it looked as tho everybody was staying at home getting ready to go to the various voting places to exercise their prerogative as loyal citizens of our great nation, but there were a few of the country people came in; but what few did come simply drove thru or if they stopped at all attended to what business they had to and departed.

J. P. McCabe, one of our prosperous farmers and orchardists went to Medford and returned on the Harnish Jitney Monday evening, and spent the night at the Sunnyside. Jack O'Connor of Phoenix also spent Monday night with us.

Our election Tuesday passed off very quietly and there seemed to be but very little interest manifest except it might be that there were some of the ladies who did a little electioneering for Mr. Purdin for county judge, but it seemed that about everybody had their minds made up and voted as they pleased, altho before the election the mail boxes were pretty well filled with letters and circulars soliciting votes. Of course before this goes to press the country will know the result of the election, unless it would be in our town election, and that was considered of so little importance that there was no ticket brought out. So the voters had to write in the names of the ones they wanted. There were about twenty or perhaps twenty-five votes cast for mayor and J. M. Nichols, our present mayor, received twelve votes and the other candidates received from one to three votes, most of them one, and for councilmen J. F. Brown, W. L. Childreth, Wm. Von der Hellen, Dr. Holt, Roe Ashpole and James Gordon, unless it was in one case, that of Wm. Brown. On the tally sheet he is reported to have received six votes in one place and two in another, making eight altogether, and that would make him one ahead of Dr. Holt, who received seven votes. The great trouble seems to be that no one wants to be bothered with the offices and it is a question whether those elected will qualify.

J. V. McIntyre was re-elected recorder and Roy Ashpole was re-elected treasurer.

It seems that the promoters of the incorporation have succeeded in getting what they wanted—a bonded indebtedness of $10,000 on the town, increasing our taxes so far $14 a year on the thousand dollars and succeeding in getting a couple of streets fixed and now if they could would be glad to let go but can't.

J. H. Trusty of Trail (Elk creek), spent the night with us. Tuesday night he came out for a load of supplies.

Miss Euzella Geppert has taken a position again as "hello" girl in the telephone office.

Since my last report Mrs. Lottie Von Scoy has renewed her subscription to the Daily Mail Tribune and Ed Higenbotham has ordered his Weekly Mail Tribune discontinued and ordered the Daily Mail Tribune instead.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

# QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers—Drink lots of water

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.
