OREGON CITY—Unsettled weather, with showers; southwesterly winds.
Oregon and Washington—Idaho—Showers, not much change in temperature; southwesterly winds.

VOL. VI.—No. 3.

PER WEEK, TEN CENTS.

CELEBRATIONS ORDER OF DAY

CELEBRATION
GLORIOUS FOURTH TO BE FITTINGLY OBSERVED ALL THROUGH COUNTY

GREAT BARBECUE AT CANEMAH PARK

Gladstone to Hold Re-Union at Park—Militia to Have Sham War at Clackamas—Many Other "Doings"

Providing that the weather man behaves himself, and does not let Jupiter Pluvius continue his recent activity, Clackamas county is going to have some Fourth of July this year. It will have both sane and "insane" celebrations, and among other things will have the privilege of hearing and seeing a sham battle. There will be lots of oratory, lots of good times, and plenty of refreshment for those so inclined. In short the day promises to be a record breaker—if it doesn't rain. Latest advices from J. Pluv's headquarters, however were to the effect that he was filling an extra large sprinkling pot, perhaps he will get it so very full that he won't be able to lift it.

Of prime importance to Oregon City is the big picnic and barbecue given by the Willamette Pulp & Paper company for its employees at Canemah park. This promises to be more of a success than the similar affair held last year, which was voted the best possible. This year's doings will be better because there will be more of them. The program includes three band concerts, innumerable races and contests for youngsters and grown-up of both sexes, a great feast from eleven in the morning to two in the afternoon, abundance of free ice-cream and goodies, plenty of dancing, two baseball games, a military drill by members of the Oregon Veteran's & Drums corps, and as a closing feature a monster display of fireworks at night. Valuable cash prizes will be offered in all the contests, and aside from that there will be a drawing for gate prizes. Everything will be free for those having tickets, Manager McEatin, of the mills having sent out word that nobody's money will be any good inside the grounds.

The next big affair in point of local interest is perhaps the re-union and good time at Gladstone park, arranged for the special benefit of Gladstone folk. Friends of Gladstone people will also be welcome if they have tickets and a program of races, addresses, stunts, contests and a mighty battle of baseball teams has been arranged. In the evening there will be a bonfire for the teachers attending the summer school, and throughout the day there will be music of just the kind to add to the festivities.

Aside from these two big events there are numerous other celebrations arranged in the nearby towns and communities in the county. The Farmers' Society of Equity will hold a monster picnic at New Era, and will be addressed by the Hon. W. S. Uren. This gathering promises to be one of the largest that will be held in the county—providing it doesn't rain too hard. It is rains just a little the farmers will turn out just the same, for they are all of them web-footed, and don't mind "Oregon mists" in the least.

Other celebrations will be held at Molalla, where there is to be an "insane Fourth" with plenty of noise, fire-crackers, and such things, and where the Hon. Gilbert L. Hedges will deliver the oration of the day. At Sandy there are going to be patriotic doings of just the right kind, and City Attorney W. M. Stone, of Oregon City, will deliver the address. At Canby the Hon. George C. Brownell will be the orator, and will be on hand rain or shine. The Canby celebration will take the form of a general boost day, and aside from patriotic exercises there will be much evidence to reflect the prosperity of the community.

Judge Grant B. Dimick is to help the eagle scream at Logan, and will be a happy spectator of the other events of the day, which will include races, a ball game and dancing. It is hoped that Judge Dimick will consent to lead the dancing.

At Schooner's park Oregon City's fire department is going to make merry at a picnic, and all members are looking forward to one of the best times. Strict regulations against the use of fire-crackers at home make them feel that their services will not be needed at home during the day, though a skeleton force will remain in the city in case of emergency call.

There will also be a celebration at Estacada, and at other points in the county, and at Clackamas the Third Infantry, assisted by the artillery companies of the state militia, will hold a sham battle and a picnic. Taken in all, there will be lots doing—if it does not rain.

HOLIDAY FOR PRINTERS: NO ENTERPRISE SATURDAY

So that the typographical and mechanical departments of the Enterprise may enjoy to the fullest extent the glorious Fourth, and so that the editorial force may shoot fire-crackers and otherwise disport itself in joy unconfined, there will be no work in the Enterprise plant today, and as a result there will be no issue of this paper Saturday morning. The Sunday morning paper will be delivered as usual.

I. W. W. FLAG SHOT FROM SANDY POLE

I. W. W. agitators may attempt to interfere with the Fourth of July celebration at Sandy today, following actions of citizens of that community early in the week. I. W. W. men employed on telephone work raised one of their flags in Meining's grove, and citizens went out and shot it down. They then formed a procession, headed by the band, marched through the streets, bearing aloft the Stars and Stripes, while the I. W. W. flag was dragged in the mud at the rear of the parade. The crowd stopped on Main street, and while the band was playing the stirring notes of "America" the I. W. W. flag was burned to ashes.

The I. W. W. workmen were very indignant at the action of the citizens and threatened to make another flag and again fly it from the highest point in the grove, but they were informed that such action would be followed by its immediate removal and swift punishment for the perpetrators.

DOCTORS GO TO EUROPE

NEW YORK, July 3.—A party of nearly one hundred American physicians and surgeons of prominence sailed from New York today en route to London, where they will take part next month in the seventeenth International Congress of Medicine. Besides New Yorkers the party includes physicians from Chicago, Philadelphia, Kansas City, San Francisco, Pittsburgh and other cities. Before going to London the Americans will visit clinics and hospitals in Paris, Berlin, Vienna and other of the leading medical centers on the continent.

MUNICIPAL DAIRY IS GLADSTONE IDEA

Chief of Police Miller, of Gladstone, is thinking of starting a municipal dairy, supplying citizens of that progressive little city with cream, milk and butter—the latter if the council will buy him a churn. Since his induction into office Chief Miller has studied the ordinances of his home city, and has discovered that it is against the law to permit stock to run at large. Many citizens of Gladstone keep cows, and have in the past developed a carelessness in regard to tethering them, with the result that the new chief has averaged about three captures a night, every since T. H. Hayhurst, manager of the Home phones, put him next to the stant by corralling ten bovines in one night.

The early morning duty of Chief Miller these days is to go down to the city pound with a nice new milk pail and gather the lactical fluid from the strays taken in the night before. The chief modestly refuses to say how many quarts a day the business in the city charge give, but from his desire to open a municipal creamery it is believed the yield is considerable. And the best part of it is that the city gets a good deal for pound charges while the chief gets the milk. Chief Miller wants it understood that he only milks the cows out of kindness and for their own comfort.

SUNDAY PATRIOTIC SERVICE

Next Sunday will be observed in the First Methodist Episcopal church as "Patriotic Sunday." Appropriate exercises will be held in the Sunday school. The pastor will preach a sermon at 11 o'clock on "Shall the Star of Christian Empire Pass From America?" and the people will sing "My Country," our national hymn, and McKinley's dying hymn, "Nearer My God."

In the evening at 7:45, the victories of the Gettysburg and Vicksburg will be celebrated with the spirit of patriotism running high. The officers and members of the G. A. R., W. R. C. and of the O. N. G., will attend and occupy reserved seats in a body, and take active parts in the services, which will be in harmony with the occasion. This service promises to be one of the most stirring services ever held in the city. The file and the drum, and martial music, the reading of "Pickett's Charge" and of Lincoln's Gettysburg speech, now a classic throughout the English speaking world, will heighten the interest, and stir the souls of men and women with the fires of the love of country. Everybody is invited to attend.

MRS. DODGE DIES

Mrs. Etha Dodge, who died at her home at Sixth and J. Q. Adams streets Wednesday evening, will be buried from the Congregational church, the funeral services being Friday afternoon. Mrs. Dodge, who was 64 years of age, died of pneumonia after but a brief illness. She is survived by her husband and by two daughters.

Emile Ollivier is 88

PARIS, July 3.—Emile Ollivier, who was prime minister to Napoleon III, when the latter declared war against Germany in 1870, attained his eighty-eighth year today. Ollivier's public career virtually ended with the Franco-Prussian war. Since that time, however, he has accomplished a vast amount of literary work, including a stupendous history of France. At the age of four score and eight he still finds himself capable of working ten hours a day.

WE want to see the soldier men
Go marching, two by two,
In steady file, with banners gay
Of red and white and blue.

WE want to see the carriages
In pretty bunting dressed,
In fact, we're out to see it all,
As you perhaps have guessed.

WE want to see the soldier men
Go marching, two by two,
In steady file, with banners gay
Of red and white and blue.

WOULD-BE COOKS GET GREAT CHANCE

"Would-be" cooks and others interested should be on hand at Chautauqua July 14th and 15th, when a special two-days course in domestic science will be given free. That all may take advantage, the management has arranged for the lectures to be given from 4 until 6 o'clock on those two dates, hours when there will be few other conflicting attractions. These lectures are to be given by the domestic science instructor of the Oregon Agricultural college, and will be unusually interesting as well as practical.

Mr. A. G. Lunn will also give a series of interesting talks that should appeal to those interested in poultry. On the 8th Mr. Lunn talks on "A Market Chicken—From Producer to Consumer," 9th, "An Egg and How It Should be Handled," 10th, "Better Methods of Marketing Poultry and Poultry Products," on the 11th and 12th will be special horticulture lectures.

Prof. Beckwith is to talk on the 17th and 18th on "Bacteria and Soil Fertility," and "Clean Milk and Home Welfare." Except the domestic science lectures which will occupy two hours, these lectures will last one hour, from 5 until 6 each day. All speakers are experts from the state agricultural school at Corvallis. The practical value of these talks cannot be over-estimated.

IOWAN VISITING HERE

O. D. Eby, one of the most prominent attorneys of the city, is entertaining as his house guest his uncle, Samuel Eby, of Monticello, Iowa. Mr. Eby's guest is some four score years of age, yet is hale and hearty, and takes a deep interest in the development and progress of the northwest. He will remain in Oregon City some little time.

WACO, TEXAS, JULY 3.—As guests of the Brazos club of this city a large number of deaf mutes from all parts of Texas assembled here today for a three days' conference.

VETERANS CHARGE CEMETERY RIDGE BROWN INDICTED BY GRAND JURY

GETTYSBURG, Pa., July 3.—A handful of men in uniform re-enacted today the charge of Pickett. Across the Cemetery Ridge, where the death kept step with them in '62, 150 veterans of the Virginia regiments of that immortal brigade made their slow parade.

Under the brow of the ridge in the body angle, where the Philadelphia brigade stood that day, was a band of Blue, scarcely larger, waiting to meet the onslaught of Peace. There were no flashing sabers, no guns roaring, only eyes that dimmed fast and kindly faces behind the stone wall that marks the angle.

At the end, in place of wounds or prison or death, were handshakes, speech and mingling cheers.

GIGANTIC BERRIES ADDED TO DISPLAY

Gooseberries that are one inch in diameter and from an inch and a quarter to an inch and a half long have been presented to Manager Freytag, of the publicity department of the Commercial Club by Fred Achilles, of Willamette. These magnificent specimens of Oregon's ability as a berry producer have been placed in display jars, and will be a part of the Clackamas county exhibit at forthcoming land shows.

Mr. Achilles has also sent in a number of fine stalks of currants, all of them have also been added to the display. The stalks are about three feet long, and are hidden with great clusters of huge currants.

Some particularly fine Royal Ann cherries have also been donated to the county display by Mrs. M. M. Charman, and are now on exhibition.

MAMMOTH CHOIR FOR CHAUTAUQUA

A combination of all the church choirs of Oregon City, the choirs of Gladstone, and the Sunnyside Congregational choir of Portland, will be one of the Chautauqua musical features this year. The local singers will meet at the Baptist church here Saturday evening, and the Portland choir is carrying on rehearsals, preparatory to the two concerts to be given together on the 2 Sundays during Chautauqua at 5:00 p. m. Prof. J. H. Cowen is drilling the choirs at both ends of the line, and some exceptionally fine numbers will be given. The combination of choir singers is an unique idea, and will be called the "Chautauqua choral union."

All local singers of all the churches are specially urged to be out Saturday evening for rehearsal. Probably five thousand people will be on the grounds for the Sunday programs, and the enlarged choir will play a big part in making the day attractive from a musical standpoint.

REAL ESTATE TRANSFERS

The Glenmorrie company to W. W. Bollen, southerly half of tract 14, Glenmorrie; \$2,250.
