More than 1/3 Century of Manufacturing Experience Back of every HART

OUT of the seemingly endless number of products of varied types and designs which comprise the oil burner industry, the Hart Automatic Oil Burner stands as a thing apart.

In the small community as well as large city, it has come to be known and accepted as one of the most outstanding engineering developments in the oil burner field.

Throughout it's six-year history, Hart has provided its users with a dependable heating service of the highest type. And the reasons why it has successfully established and maintained this acknowledged leadership are its dependability of performance and low cost of operation.

Those who seek a high grade product proved dependable under exacting conditions will find the Hart Automatic Oil Burner worthy of their careful consideration.
