MOTOR ANALYSIS

YES, WE can do it. No mechanic, however qualified, can give you an accurate analysis and tune up without the proper equipment. If a mechanic does not have the proper equipment, he has to work on a trial and error, and guesswork basis. We have the equipment and trained operators to eliminate all guesswork. For your own satisfaction you should have your motor analyzed.

NOTICE

MANPOWER and equipment are two requirements that cannot be substituted when it comes to keeping your transportation units in condition. We did not go wild in the chase for the rainbow dollars in the spiraling used car scramble. We adhered to a policy of service for the hundreds of Chevrolet owners in our community, consequently, we have more quality manpower, more equipment, and a greater supply of genuine Chevrolet parts than in pre-war times. Never before have we had the high class service personnel that we have at the present time and we can assure you quality service with the minimum of delay.
