Radio
Patter by Pat

With Eddie Cantor, Carol Bruce, Lanny Ross, Vincent Lopez and other stars of radio, stage and screen participating, a special "March of Dimes" program highlighting the songs of Irving Berlin and dramatizing the noted American composer's career, will be aired over Station KYJC and the American Broadcasting company network tonight at 9 o'clock.

Pat Wilkinson

The half-hour program, titled "The Irving Berlin Show", is being produced by ABC in cooperation with the National Foundation for Infantile Paralysis in connection with 1950 March of Dimes campaign.

Berlin will serve the program as emcee, introducing the stars whose careers have been influenced by his hongs.

Local school youngsters almost had a holiday yesterday as someone identifying City School Superintendent E. H. Hedrick phoned KYJC requesting the station to make announcement to the effect that all schools would be closed on Tuesday due to weather conditions. The engineer on duty willingly obliged and after the first announcement telephone calls were coming into the station thick and fast from teachers, parents, etc. After a quick check with Hedrick, it was discovered that there would be school in ALL Medford schools as usual and that he had not called KYJC with any message to the contrary. Result? Heard on KYJC at every station break "Due to an erroneous report . . etc. . . etc. . ."

Tonight is mystery night on KYJC. At 8 o'clock you'll hear the "Adventures of Sherlock Holmes" followed by the new "Johnny Desmond" show at 8:25 p.m. At 8:30 p.m. it's "The Casebook of Gregory Hood".

Lennie Gwendolyn Kercheval, 24, and Roy Stanley Phillips, 31, both of Dallas, Tex., and both Braniff Airways employees drew a flight together, now draw a life together when the couple is married on the "Bride and Groom" program tomorrow over KYJC at 2:30 p.m.

Unemployment In County High But Not Abnormally

Unemployment in Jackson county at the present time is not abnormal, John J. Patton, manager of the Medford office of the state employment service, said today the number of unemployed here is higher than at any time since last February but is not greater than should be expected, considering the seasonal nature of local industries.

Employment remains high in the county for this time of year, in spite of recent seasonal layoffs. Patton said the layoffs have not been confined to any one industry, although lumber and construction felt the effect of winter weather in the last half of December.

As of the end of December, unemployment in Jackson county was estimated at 2,250, including 350 women and 600 veterans. This represents an increase of 50 per cent over November and is about the same as one year ago.

There is no reason to believe that this year's total will be as large, locally, as last year's peak which was brought about by prolonged bad weather, according to Patton.

He said January and February, as usual, will be months of little hiring activity. The highest unemployment totals of the year are expected to be reached during these two months. How high the totals become will depend largely on the weather, particularly on how it affects log hauling.

The local branch of the employment service, 45 North Fir street, now has a large number of applicants available for jobs and service officials say they represent a wide variety of skilled and unskilled labor. They point out that employers with hard-to-fill jobs could fill their vacancies now with first-class help by calling 2-5297.
