Beck To Recommend Hawaii Teamster Drive

Honolulu, T. H., Mar. 16—(U.P.) Dave Beck, vice-president of the AFL Teamsters' union, left for the U. S. mainland today after announcing he would recommend a teamster drive for a national AFL maritime union "before we get into trouble with Russia."

Beck said he was concerned with "subversive influences" in present waterfront and maritime unions.

"We simply must drive the Red rats off the waterfronts and high seas."

Beck's announcement presaged a battle with Harry Bridges, president of the CIO International Longshoremen's and Warehousemen's union, which controls most of the waterfront work on the Pacific Coast and in the Hawaiian islands. Bridges currently is on trial in San Francisco on charges he lied by denying at his naturalization hearing that he was a communist.

Is true nobility or character always a matter of breeding and background? Mrs. O'Grady, a laundress, has a ready answer in this charming St. Patrick's day story to be dramatized over KYJC tomorrow at 10:30 a. m. during the broadcast of the "My True Story" program.

• • •

Mary Frances Keating, food editor on the Sunday Independent, Dublin, Ireland, will visit ABC's "Betty Crocker Magazine of the Air" to wish listeners the top o' the morning on St. Patrick's day, Friday, at 11 a. m., over station KYJC. Sister of the artist, Sean Keating, Miss Keating is in the United States to advise New York eateries on Irish cuisine for St. Patrick's day menus.

• • •

Remember the "Medford Schools Present" program over station KYJC every Friday at 4:30 p. m.

Don't neglect mailing your votes for your favorite amateur. Leave your selection in the ballot box at McLain's Drug center or mail to station KYJC, Medford. Penny postcard will do—printed ballots not necessary.

Atomic Hospitals Planned To Help Cancer Sufferers

By Paul F. Ellis
United Press Science Editor

New York, Mar. 16—(U.P.)—American medicine appears to be entering a new field in which some patients will be treated at "atomic hospitals."

These are located near atomic furnaces such as Oak Ridge, Tenn., or near huge cyclotrons which also produce radioactive substances used in the treatment of cancer or in diagnostic work.

To Open Hospital

The atomic energy commission announced yesterday that an "atomic hospital" for cancer patients will be opened soon at Oak Ridge. A somewhat similar hospital has been in operation for about a year at the Brookhaven national laboratory on Long Island. In that time, more than 30 patients have been treated. About a third of them suffered from cancer.

A third hospital is under construction at the Argonne laboratories in Chicago, and some patients already have been treated there.

In treating some persons who have cancer it is necessary to take them to the atomic piles, rather than bring the radioactive substance to the city hospital. This may become increasingly more important as medical science discovers new radioactice materials or isotopes that will have medical value. Many of these isotopes lose their radioactivity, and thus their effectiveness, rapidly.

Must Be Near Pile

Scientists believe that more isotopes will be found to have value in treating disease and to trace disease. Some may have very short lifetimes, and thus the patient must be near the atomic pile so that the atomic medicine he receives can be "hot" and effective.

The Oak Ridge, Tenn., hospital, according to the AEC, will work only through university hospitals. At Brookhaven, patients are taken from all hospitals and some have come from as far away at 1000 miles.

News of 4-H CLUBS

Thirty-five members and guests of the Rogue River Jersey Cattle club gathered at the Frank Schutywhol home March 12 to enjoy a potluck dinner and the regular monthly meeting.

Plans were made to hold a two-day tour of Jersey herds of Josephine and Jackson counties on May 16 and 17 in lieu of the spring Jersey Cattle show originally slated.

Official classification of Jersey herds in the two counties was tentatively set for the third week in June. Members receiving blue ribbons on cattle at the county fairs or having show animals were urged to show at the state fair as a county herd or individually.

Members welcomed to the club old members back again Mr. and Mrs. Neil Mayfield and son John; new members V. E. Hensley and Wm. F. Spraitling, Grants Pass, and guests Frank Etniulot, Provolt and Earl Miller (official tester) of Woodburn, Ore.

Grants Pass Baby Sees First Time Since Birth

Grants Pass, Ore., Mar. 16—(U.P.)—A 10-months-old Grants Pass boy today can see clearly for the first time since his birth.

An operation sponsored by the local Lions club was successful in removing cataracts from both of Lawrence Shaver's eyes. He had been able only to distinguish between bright light and darkness before the operation.

His mother reported that the baby now can reach for articles. However, two or three more operations will be necessary before the child's vision is near normal.
