Hood River, to be in the fashion, has had a case of small-pox. But thanks to the prompt action of the committee on health and police, assisted by the mayor and other members of the council, and the physicians, the case was at once quarantined and moved to the town hospital a mile from town. Mrs. H. G. Wyatt came home from Salem recently, where she had been to attend the funeral of her mother, who, it is said, died of small-pox. Soon after her return she was taken sick, and the doctor, fearing that her sickness might be small-pox, reported the case to the mayor. The family was at once quarantined, and the case proving to be small-pox, the patient and all the family, seven in all, were removed to the hospital, where they are well provided for and guarded. Dr. Shaw, who had charge of the case, says no one outside of the family was exposed to the disease. The house from which they were removed has been thoroughlp disinfected. So there is no small-pox in town and no chance to catch it unless it is brought in from other places.

Waucoma lodge, K. of P., joined the excursion to Cascade Locks last Saturday, where they met with the lodge at that place. Friendship lodge, No. 9, of The Dalles had chartered the Regulator for the occasion. There was about 40 members of The Dalles lodge. The party was met at the Locks by the boys of Phythagorus lodge and escorted to the Castle hall. Two candidates were initiated in the second rank. At 11 o'clock supper was announced at the hotel, where the guests found a fine spread. A royal good time was had. Several visitors from Portland were present, also Bro. Yoran from Eugene. The following were present from Hood River: George Stranahan, Bert Stranahan, Charles Wallace, J. W. Wallace, I. C. Nealeigh, C. E. Markham, G. W. Graham, George E. Coleman, Geo. T. Prather, Howard Isenberg, W. A. Isenberg, Oliver Richardson, W. E. Sherrill.

C. L. Smith, the man whose lectures drew full houses during the farmers institute last week, will tell the "Story of the Campaign and Battle of Chickamauga" next Monday evening, at the M. E. church. This story, as told by a private soldier who participated in that bloodiest of battles; graphically describing camp life, a soldier's sensation under fire, desperate charges and the closing conflict on the Snodgrass Hill, where Thomas earned his title "Rock of Chickamauga," never fails to entertain and instruct those who hear it. The lecture will be given for the benefit of Canby post. A good musical programme will be furnished by the Hood River band. Admission 25c; children 15c.

Harvey Byrkett of Trout Lake was in Hood River last Thursday. He reports a mild winter in that section and everybody prosperous. He brought to the Columbia river and shipped to Troutdale seven head of fat cattle, which averaged 1,150⅔ pounds each. Three 3-year-olds weighed 3,860; four 2-year-olds weighed 4,195; total 8,055 pounds. Also three cows that weighed 3,357 pounds.

A. I. Mason came up from Portland Saturday and returned Monday evening. He is enthusiastic over the fruit prospects of Hood River. He says Mr. Paasch, who is in charge of his orchard on the East Side, claims that his three-year-old Spitzenbergs will produce 20 bushels of apples this year. His spitzenbergs seem to be ahead of his Ben Davis in coming into bearing.

A. C. Staten arrived here during the week from Salt Lake with a carload of goods and has moved to his ranch which he purchased of J. J. Luckey. His family will arrive later. R. P. Miller, a neighbor of Mr. Staten's, came along and desires to lease a farm.

Fifty thousand traveling agents in the United States sell Pain Paint. An agent will be in Hood River during next week. Buy Pain Paint while you can, as six months must elapse before he goes over this same route. Stock up.

C. L. Rogers is building a cottage at Third and Sherman streets which he will occupy with his family. He has rented his home dwelling to Leslie Butler.

The Pain Paint man evidently has faith in his medicine; he makes liberal use of printer's ink in this issue of the GLACIER to advertise it.

Besemer, Ida., July 23, 1899.—God bless Pain Paint; it saved my life. W. M. MOORE.

PAIN PAINT.

Investigate This While You Have an Opportunity.

Pain is the worst foe of life, and we know today that all physical pain comes from one single cause, namely, irritation. We assert, and stand to prove, that a cure of irritation has been found in Wolcott's Pain Paint. When applied to a burn, bruise or bunion, relief follows almost instantly. Headache, toothache, neuralgia and rheumatism disappear in five minutes after applying Pain Paint. Fever sores, old ulcers and wounds, that have defied the skill of the most noted physicians, heal rapidly from a free use of Pain Paint.

Lameness in the back (lumbago), or in the body or limbs, is diminished by the very first application.

Fever, sending the pulse to 120 beats a minute, is cooled down by shampooing the head and neck with Pain Paint. There is no faith cure in it, for lessened pulsation speaks the truth.

Catarrh, so prevalent in every neighborhood, succumbs day by day to Pain Paint, until a cure is effected. In nervous diseases of all kinds, female complaints, etc., Pain Paint quickly makes weak women strong.

Our space will not permit us to go into details or even to mention the thousand and one ills that Pine Paint will actually cure, but for one week at Hood River, commencing next Monday, you will have an opportunity of testing, to your own satisfaction, free of cost, the virtues of this wonderful remedy. No charges for doctor's examination and consultation; you only pay for the medicine. If for any reason you are not able to call at the Pain Paint office, send 25c or 50c for a trial bottle to

VIRGIL E. GREENE, Hood River, Or.

East Hood River.

John Robinson and family, lately residents of Seattle, spent last week visiting with his brother G. L. Robinson. They started for Denver Monday evening, where they will make ther home in the future.

Minnie Paasch, who was so seriously injured early in January by being struck on the head by a horse, has nearly recovered her usual health and activity.

Mr. Baird has suffered a great deal lately with his eye which was injured, and his other eye is also seriously affected. He was taken to Portland on Monday to be placed under the care of an eye surgeon.

Mr. Mickelson of Vancouver, who bought part of the Mourse tract sometime ago, came up the first of the week and is preparing quarters for his family, who will follow soon.

Bert Boardman and family started for Sherman county Monday evening, where they expect to remain until fall's work is done.

During the past week Peter Mohr's sons trapped and otherwise destroyed 6 skunks, within the limits of their father's farm. Chicken eaters of every kind will do well hereafter to give the boys a wide berth.

S. H. Cox spent a few days last week repairing the fences on Mrs. Harwood's place.

The fund for the Union church, which is to be located near the Odell school house, continues to grow. Something over three-fourths of the amount needed is already listed.

Stock cattle have nearly all been driven to the hills to rustle for themselves. Grass is not quite knee high yet, and most of the animals would rather eat clover hay out of a manger.

Council Proceedings.

At the adjourned council meeting, Monday evening, there were present: F. C. Brosius, mayor; Aldermen Blowers, Dukes, Davidson, Luckey and McDonald; Recorder Nickelsen and Marshal Olinger.

Minutes of previous meetings were read and approved.

Committee on health and police reported that they had completed the purchase of the Buskirk property; also that they had caused a telephone to be put in the hospital. The telephone company furnished the phone gratis, only asking that the town pay all expenses of putting in the same.

Recorder reported he had drawn warrants in favor of Wm. Buskirk for $600 and $18.

McDonald introduced an ordinance adopting rules for the government of the town and changing the time of meeting of the council to weekly.

Bill of C. A. Bell, $2, for meals furnished, was allowed.

Marshal Olinger reported that the small-pox case and all those exposed had been removed to the town hospital, where they were well cared for.

Davidson, from the committee on judiciary, reported an ordinance amending ordinance 7, to prevent peddling of imperfect fruit at the trains.

Bill of F. E. Denzer, $6, for special duty two days in guarding the small-pox patient and those quarantined, was allowed after some discussion.

Bill for repairs on the jail, $3.65, was allowed.

Adjourned.

School Elections.

At the school election in the town district, Monday, D. McDonald was elected director for three years, and L. Henry clerk for one year. There was no opposition to Mr. McDonald; Judge Henry was opposed by probably half a dozen nominations.

The question of selling part or all of the old school house block was brought up, and on motion of E. L. Smith, the board of directors were instructed not to sell any part of the school house block inside of one year. Judge Henry and E. L. Smith argued that this property should not be sold till the bonds fall due, and by that time the real estate would certainly be worth more than it is today.

John L. Henderson reported that the school house fence was found to be four feet over on the lot he had leased from A. A. Schenck. He asked for a survey and said he was willing to pay his part of it. On motion the matter was left with the board of directors.

The clerk reported 301 children of school age in the district.

In the Barrett district, John A. Wilson was elected director and Peter Hinrichs clerk.

In the Pine Grove district, F. M. Jackson was re-elected director and Jacob Feak clerk.

In the Frankton district, M. B. Potter was re-elected director and M. H. Nickelsen re-elected clerk. The clerk reported 146 children between 4 and 20 years. A gain of 20 over last year.

A Good Cough Medicine for Children.

"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Moran, a well known and popular baker, of Petersburg, Va. It was recommended to me by a druggist as the best cough medicine for children as it contained no opium or other harmful drug." Sold by Williams & Brosius.

Geo. W. Waitt, of South Gardiner, Me., says: "I have had the worst cough, cold, chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by Williams & Brosius.

Apropos of Paint & Wall Paper.

To Residents of Hood River and Vicinity,

GREETING: The house-renovating season will soon be here, and I take this method of calling your attention to the fact that I shall also be here, ready and anxious to assist you in every possible way.

Fresh paint and pleasing tones in Wall Paper are like unto a "mantle of charity," inasmuch as they hide a multitude of defects, and when properly applied will cause the incongruent room of the house to become pleasing to the eye and satisfactory to the artistic taste. To obtain that usual desired result is my SPECIAL BUSINESS. I cannot warrant ten dollar effects for a one dollar expenditure, but I do guarantee satisfactory work and results at live and let live prices, or no pay. If you desire I shall be pleased to call at your home with samples of Paper, measure your rooms and make you prices. (ESTIMATES GRATIS.)

With many thanks for past patronage and a respectful solicitation for a share of the same in the future, I am very truly yours,
