SAFE, GENTLE REMEDY BRINGS SURE RELIEF

For 200 years GOLD MEDAL Haarlem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pains in the loins and lower abdomen, gravel, difficulty when urinating, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haarlem Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poisons. Now life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haarlem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

EUROPEAN APPLES SURPRISES SHIPPER

"Americans who rest under the impression that no apples are grown in England and Europe," writes H. F. Davidson, local grower who conducts an export office in New York City, to his local connection, the Hood River Fruit Company "are badly mistaken."

Mr. Davidson has just returned to America after a tour of English and North European markets and orchard districts. He spent last week at Milwaukee attending the annual convention of the International Apple Shippers Association. Mr. Davidson says that England has a big crop of apples, and that the berry and plum crop was heavy. While the country's apples are far below the quality of American fruit, the exporter says that the tonnage is sufficient to supply the demand until October.

"England also has a big pear crop," says Mr. Davidson. "And Sweden will have a good crop of apples. I was surprised at the orchards there. Some of the Scandinavian dealers are a little backward this year as a result of losses from deterioration in fruit shipped them toward the close of the season last year.

The English business outlook is not as good as it has been. There is a universal unrest, and strikes are the rule of the day. The maximum price set by England on fruit last year still remains as it was."

Mr. Davidson writes that Germany will be in the market for American apples by the first of the year.

SCHOOL NOTES

School will open Monday, Sept. 1.

H. C. McCormick, the Manual Training teacher is remodeling the library and putting the shop in order for work beginning Sept. 1. Three very necessary pieces of equipment will be added to this department—a forge, a lathe and a universal saw table. A strong course in Farm Mechanics will be given in this department supplementing the work in Agriculture.

Mr. Bailey will be in his office daily beginning Monday, Sept. 18, from 8.30 to 12.00 a. m. All high school students, especially new students, should plan to see Mr. Bailey relative to their work this fall. This will save much time and delay at the opening of the semester.

Plans are being worked out for the new shed just south of the tennis court to be used for County Fair purposes and, later, for auto shed for students driving cars to school. The shed will be 16 x 100 feet. The county fair board will contribute $200 towards the expense, the school board paying the balance and the building to be erected by the manual training department of the nigh school.

The lantern room in the auditorium will be completed this week and the motion picture machine installed before the opening of school. One of the best motion picture machines on the market will be installed. The pictures will be chiefly educational and correlated with the regular school work as much as possible. The machine will be installed, fully equipped by the Associated Student Body of the high school and will be used for the benefit of the entire school system and community.

So far there has been no janitor found to succeed Mr. Hall at the junior high school building. Though well vanced in years Mr. Hall was unusually painstaking in his work about the school.

All students planning to attend to U. of O. or O. A. C. or any other school are requested to see Mr. Bailey. Office hours 8.30 to 12.00.

Driving Without Lights Dangerous

County Commissioner F. H. Blackman has issued a warning to motorists driving without lights over the county highways. Mr. Blackman says the practice is so generally observed that it has become dangerous to travel over the valley roads after dark.

"I was out one night last week," says Mr. Blackman, "and within a short distance met six automobiles and motorcycles traveling without lights. It raises a hazard that we cannot tolerate."

Phone Hearing Approaches

The Public Service Commission has announced that a hearing in the matter of the application of the Oregon-Washington Telephone Co. to increase its rates has been set for 1 o'clock August 25, at the county courthouse.

The company, declaring that a receivership will be necessary if rates are not increased, has asked for a general increase in revenue.
