THE EVOLUTION OF THE TRUST BUSINESS

WITH SPECIAL REFERENCE TO THE MAKING OF WILLS

Years ago executors were usually selected from among a man's business associates. But often the executor found it impossible to give an estate the attention it needed. Either your family or his had to suffer.

It is becoming more and more the custom for matters of this kind to be handled by the TRUST DEPARTMENT of a Bank.

The fee is set by law and it costs no more to have the Trust Department of this Bank handle your business than to choose an individual.

Any of our officers will be glad to give you further information.

"Here's Real Tobacco"
says the Good Judge

That gives a man more genuine chewing satisfaction than he ever got out of the ordinary kind.

Smaller chew, lasts longer—so it costs less to chew this class of tobacco.

And the good, rich tobacco taste gives a world of satisfaction.

Any man who uses the Real Tobacco Chew will tell you that.

Put up in two styles

OHIO DEMOCRAT IS FOR HARDING

"I am an Ohio Democrat, and in home elections have been classed as a Cox man," stated F. D. Schweinfurth, of Marion, O., here last week on a motor trip over the Highway. "I know both the presidential nominees, and while Gov. Cox is a pretty shrewd and clever man, I consider Senator Harding far the superior chief executive timber. After a journey up and down the Pacific coast I feel sure that the west is going very strongly for Harding. I have just come up from California, where I find the sentiment for the senator strong."

Mr. Schweinfurth, accompanied by his wife and son, recently motored out to California to spend the winter with a daughter at San Mateo. They journeyed north for the scenic views of the Pacific and Columbia Highway. While here they accidently learned that W. H. McClain, an old Marion resisdent, was now in business here. Just as Mr. Sheweinfurth left his car to visit Mr. McClain at his place of business the latter came up the street. While Mr. McClain was renewing old friendships, A. W. Bishop, a boyhood companion of Senator Harding, happened along and recognized the Marion visitors.

MR. SCHENK HAS RETIRED FROM SERVICE

A. A. Schenck, who began his career as a civil engineer 48 years ago with the Pennsylvania line and who recently retired after many years as engineer of maintenance for the C. & N. W. R. R. Co., has arrived for an apple harvest vacation on his East Side orchard place. Mr. Schenck, whose headquarters while with the C. & N. W. Co. were in Omaha, came here from Brookfield Centre, Conn., where he had been spending several months visiting.

In 1883 and '84 Mr. Schenk was an engineer with the O. R. & N. Co. While in this work he became attracted to Hood River and acquired extensive real estate holdings. Land bought by him adjoins purchases made by Dr. T. L. Eliot. The engineer and the minister met while on prospecting tours to the Valley of Apples. They have been close friends since.

WOMAN'S CLUB NEWS

The 1920-21 year of the Woman's club was launched Wednesday of last week with one of the largest memberships present on an opening day for the past several years. The women of the valley were guests at the initial meeting. Mrs. Ralph Root rendered vocal solos. Paul Sletton and Clitfon Emmel gave numbers on the xylophone.

The Club announces that a winter lyceum course will be given, and all citizens are urged to give their support.

Unusual Thunderstorm Thursday

An unusual thunderstorm, accompanied by intermittent downpours of rain, visited here Thursday night. The display of lightning was more vivid than that of the rare mid-summer electric storms of the district. Following numerous electric bolts and cannonading of thunder sheet lightning played for some time in the eastern sky.

The thunderstorm was the climax of the wettest September ever experienced here and apple harvest already badly delayed by weather conditions, was again interrupted. Except for a few telephones put out of commission the storm caused no damage.

Petty Thieves are Busy

An epidemic of petty thievery is prevailing here. Many vacant lot gardens have been entered by thieves. Some one chose the two best rows of potatoes at the rectory of St. Mary's Catholic church. A neighboring gardener on entering his potato patch found that someone had dug his potatoes and had then carefully replaced the earth and left the vines standing naturally. Citizens report the loss of automobile accessories and flowers.

Underwood Secures Mr. Boddy

The Chapel Association, of Underwood, an organization composed of different Protestant denominations, has arranged with Rev. W. H. Boddy to take general supervision of church work in the neighboring orchard section. Mr. Boddy will preach once each month at the Underwood chapel. By a temporary schedule the Underwood services will be held the second Sunday of each month at 2 p. m. The church organization will make a general contribution to the Riverside church.

Sidney Harvests Peaches

While the peach crop of other sections of the valley was a total loss this season, H. M. Sidney, whose ranch is at a high elevation in the Fir district, has harvested a normal crop from the few trees on his place. The peaches, of the Crawford variety, have been sold here at 12½ cents per pound.
