The semi-annual convention of the Y. P. S. C. E. of Yamhill county is to be held in the Evangelical church at Lafayette on March 29th and 30th. The opening session convenes in the evening of the first day and closes with the evening session of the following day. Endeavorers from all sections of the county have a part on the program, and many delegates are expected to attend.

Dr. Michaux of Lafayette was quite severely hurt Wednesday afternoon. He was on his way to make a professional visit to Mr. and Mrs. Thos. Taylor, who reside on the John Fletcher farm, and who are both ill. In the Dayton lane are some deep ruts, near Mr. Hayden's, and the buggy dropping into one of these threw the doctor out. He received cuts and bruises about the face and breast.

There were more people brought out last Saturday to the sale of the Watt land by Sheriff Henderson than ever attended a sheriff's sale in Yamhill county before, and Attorney Thomas of Portland, who was here to bid in the land for the mortgage company, said there were more people than he ever saw at a like sale in Portland. The amount of Mr. Thomas' bid on different tracts aggregated $19,809.77, and the lot owners who were fearful of losing their homes, were privileged to retain them on bids much more favorable than they had anticipated.

There is a well-founded report that parties without the city limits are dispensing on Sundays a mighty hard article of cider, that has tangled the legs of a good many boys. It is likely to constitute a subject of investigation by the grand jury at its next sitting.

25 cents is the price of admission to all at the charity entertainment tonight. No tickets will be sold. The quarter you pay at the door is so much money given to the deserving poor of the city, and its disbursement will be in the hands of a committee of the peoples' choosing.

It is an unwarranted reflection upon the newly elected school directors, we think, to insinuate, as our contemporary seems to, that they were pledged in advance to a change in the teaching force. Or does the reflection fall upon the persons who failed of election? We doubt very much if there were any such pledges made.

T. J. Harris, one of the best men who ever held the office of sheriff in Yamhill county, was in the city this week. He is now resident of Forest Grove, where he has formed a copartnership to carry on the real estate business. "Washington, Yamhill and Tillamook lands bought and sold" is the motto inscribed on their banner.

J. T. Fryer and A. J. Edson of Carlton, who were last week arrested on a charge of obtaining $235 under false pretenses and taken to Portland for examination before Justice Geisler, were discharged on Saturday. Their arrest was at the instance of Isaac Allen, a farmer, who charged that they mortgaged a threshing machine to him representing it free of incumbrance, and that later he found a prior mortgage thereon. Allen found that his only recourse was by civil action, so the charge was dismissed.

Elsia Wright, harness dealer, wishes to announce to his patrons that he is now receiving many articles in his line which are of special value to farmers, stockmen and others at the opening of spring. Red Seal top dressing for buggies, Columbia stock food, liniment, salve and hoof ointment and harness oil are some of them. Parties who pay cash are receiving quite a reduction on all kinds of harness, and he has the most complete and the largest stock to select from in all the country round.

Bank improvement is still the order of the day. The McMinnville National, carrying out plans it has had under advisement for a year or more, is having its front door remodeled by placing plate-glass windows 5x8 feet, one facing on Third, the other on C. The doors will also be paneled with beveled plate glass to correspond. About the only modern thing the McMinnville banks have not indulged in is a hold-up. If one of them should chance to go through this ordeal in good style one of these days it is easy to imagine that the other would be left a victim of the green-eyed monster.

This superb Italian weather that Oregon has been enjoying for weeks, seems all that could be expected of any climate, but J. J. Spencer says he remembers when it was even finer. It was the spring of '69, when Andy Johnson was about to quit the White house. All gardens were planted by the 3d of March, including the bean crop, and no frost came after that date. Certain it is, that this valley in years to come is destined to enjoy a great reputation for winter mildness, and eastern people will be alive to its beauties and stop going to Italy.

Some persons on mischief bent have circulated the report that the beneficiary of $2,000 due upon the death of the late Robert L. Stow had never been paid in full by the Workmen order. Nothing could be further from the truth. The recorder of the local lodge has a receipt in full for the same. The Coast Review of Portland has also been interesting itself in circulating alarmist views of this order, claiming that the death rate in states where the order has been long established is increasing, and that as a consequence the annual assessment is growing larger. These views are based entirely on imaginings, with figures from one or two states as a basis, and are promulgated in the interest of old line insurance companies, who find the popularity and growth of the Workmen lodge among its strongest elements of opposition. The fact is, the average age at which members of this lodge die is lowering in many states, notably in Indiana. If a man remains bodily sound until 45 or 50 his chances are good for living to be an old man.

Of course almost everybody will invest a quarter of a dollar in the charity entertainment which occurs at the opera house to-night. Some of the best local talent has been selected for the play, and their former efforts in this line have demonstrated their ability to please.

It doesn't require a cause to set the dirty tongue of scandal wagging. All it needs is one malicious and low-minded person to start it going and the mongers will do the rest.

The fixtures of the Quattlebaum saloon have been sold to E. H. Barker of the Hotel Yamhill, to whom the city council granted license Tuesday evening. The license of Ed Willis was also renewed. On the motion before the council to adopt the monthly report of the city marshal concerning the Sunday closing of saloons, which was to the effect that the law had been observed, the charge was brought that a violation had occurred at the McCourt saloon on the previous Sunday. The council instructed the marshal to investigate the case. Mr. McCourt claims to have simply entered his place of business for the period of about one minute to get a pair of gloves to use in taking a drive. The project of improving the street from the McMinnville Flouring Mills to the river warehouses met with a remonstrance from property owners along that thoroughfare, and a motion was made and carried by the council that its efforts be directed to improving other streets, where the property owners were willing to stand one-fifth of the estimated cost.

Ordered on Trial.

Oakland, Cal.—"About two years ago I ordered from J. R. Gates & Co., San Francisco, a bottle of Simmons Liver Regulator on trial, and so satisfactory has been its use in expelling bile from the system, and regulating the action of the liver, that from an order of one at a time the order has risen to a dozen bottles at once."—B. V. Lawrence.

ANNUAL SCHOOL MEETING.

A Large Vote Polled. Two Directors and a Clerk Chosen.

Pursuant to notice the annual school meeting of district No. 40 convened at the Columbus school house on Monday at 2 p. m. Chairman Grissen called the meeting to order. Clerk Caldwell read the object of the meeting as stated in the call, being the election of a director for one year in place of T. B. Kay, moved away, a director for three years and a clerk for one year. The minutes of last annual meeting and last special meeting were read and approved.

The clerk's annual report was read, and a committee previously appointed by the board, and composed of F. E. Rogers, M. D. L. Rhodes and F. M. York, had examined and found the report correct. Both reports were approved.

The items of interest in the clerk's report are the following:

Total receipts for the year from all sources were $8,279.42. Total disbursements $7,588.30. Total of all funds on hand $691.12.

Pupils enrolled, 468.

Average daily attendance during year, 342.

Average salary paid male teachers, $77.50; paid female teachers, $42.14 2-7.

Mr. Grissen presented a written report, the other members of the board not concurring, in which he recommended the abolition of the high school, thus dispensing with one teacher, fixed salaries for janitors to avoid charges for extra work, the repainting of Cook building, the covering of the heating pipes in Columbus building with asbestos, and the purchase of a bell for the building. He deprecated the practice of electioneering, which he alleged had sprung up among the teachers. He denied the report that school officers were responsible for higher prices in school books, and explained that the prices were fixed by the book companies.

The section of school law regarding eligibility of voters was read, and the ballot for director for one year was taken, Messrs. Heath, Nelson, Hendricks and Fletcher being appointed tellers. Mr. Burns was nominated by Mr. Hobbs and Mr. J. P. Irvine by Mr. Wortman. The ballot stood, Burns 129, Irvine 58, scattering 21, total 208. Mr. Burns was declared elected.

For director for three-year term Mr. Hunsaker was nominated by Mr. Rhodes, Mr. Grissen by Mr. Galloway, Mr. Stout by Mr. Wortman, and Mr. Gault by Mr. Handley. Mr. Grissen declined. The ballot stood: Hunsaker 137, Stout 32, Gault 22, Irvine 14, scattering 5, total 210. Mr. Hunsaker was declared elected.

For clerk, Mrs. Galloway, D. M. Caldwell, L. Rogers, M. D. L. Rhodes and Dr. Nelson were nominated. The last three gentlemen declined. The vote resulted: Caldwell 123, Mrs. Galloway 39, scattering 22, total 184. The election of Mr. Caldwell was made unanimous on motion of Mr. Galloway.

On motion the meeting adjourned.

Healthy Children

come from healthy mothers. And mothers will certainly be healthy if they'll take Dr. Pierce's Favorite Prescription. Nothing equals it in building up a woman's strength, in regulating and assisting all her natural functions. It lessens the pains and burdens of child bearing, supports and strengthens weak, nursing mothers, and promotes an abundant secretion of nourishment.

It's an invigorating, restorative tonic, a soothing and bracing nervine, and a remedy for woman's ills and ailments. In every chronic "female complaint" or weakness, it acts so beneficially that, once used, it is always in favor.

Delicate diseases affecting male or female, however induced, speedily and permanently cured. Illustrated book sent sealed for 10 cents in stamps. World's Dispensary Medical Association, 663 Main Street, Buffalo, N. Y.

Down goes Day Board.

The Hotel Yamhill is noted for giving the best 25 cent meal to be had in McMinnville. Give it a trial. I make a specialty of giving you a big dinner for 25 cents. A look at the bill of fare will make you hungry. 9-4
E. H. Barker, Prop.
McMinnville, Or.

S. Howorth & Co. desire us to publish the following extract from a letter of Chas. M. Gutfield, of Reedley, Fresno county, Cal., as they handle the remedy referred to and want their customers to know what a splendid medicine it is: "It is with pleasure I tell you that by one day's use of Chamberlain's Cough remedy I was relieved of a very severe cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.

An Eager and a Nipping Wind,

A continuous down pour of rain, inclement weather, generally in winter and spring, are unfavorable to all classes of invalids. But warmth and activity infused into the circulation counteracts these influences and interpose a defense against them. Hostetter's Stomach Bitters, most thorough and effective of stomachics and tonics, not only enriches the blood, but accelerates its circulation. For a chill, or premonitory symptoms of rheumatism and kidney complaint, particularly prevalent at these seasons, it is the best possible remedy. It is also invaluable for dyspepsia, liver complaint, constipation and nervousness. Never set out on a winter or spring journey without it. Elderly persons and the delicate and convalescent are greatly aided by it.

How to Cure Rheumatism.

Arago, Coos Co., Oregon, Nov. 10, 1893.—I wish to inform you of the great good Chamberlain's Pain Balm has done my wife. I take pleasure in recommending it for that trouble. Yours truly, C. A. Bullord. 50 cent and $1.00 bottles for sale by S. Howorth & Co., druggists.

In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter Co., Cal., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy which broke up the cough and cured him. Mr. McFarland says whenever his children have croup he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. For sale by S. Howorth & Co., druggists.
