AMITY.

Mrs. I. A. Alderman is the mother of a fine boy baby.

Addison Jellison had the misfortune last Tuesday to cut his foot while working with an ax. Dr. Matthis put the injured foot in as good shape as possible.

Prof. Johnson is teaching a very successful school in the Briedwell district. The Prof. is one of Yamhill county's most successful instructors, and the school that is fortunate enough to engage him will be sure of a good school.

John Thomas is placing lumber on the lots recently purchased, preparatory to building a new residence.

Dr. Wood is confined to his room with the lagrip.

On Saturday, the 26th of this month, there will be a picnic on the grounds at this place, given by the Christian Sundayschool of McMinnville, in connection with the other Sundayschools of the county of that denomination. It goes without saying, that there will be a large crowd, and that the affair will be a success.

A new baby boy at the home of Arthur Cone is the cause of the happy smile that illuminates that gentleman's countenance these days.

Amity is quite a town for bicycles these days, and the person who does not own one simply is not in the whirl.

Some are talking up the question of raising funds to test the bicycle tax law. This money is used in a manner that does no one any good, and some of the best lawyers seem to think it unconstitutional and unjust. Everyone who owns a wheel should be willing to "chip in" and see what can be done.

Politics in this "neck of the woods" seems rather quiet, yet it is evident that as the election approaches some of the candidates' faces are wearing a rather weary look.

Summer Resorts.

To the mountains our people in increasing numbers yearly look for those days of relaxation and recreation necessary to maintain the human machine in fair working condition. The languorous sloth of the seashore proves very seductive while it lasts, but many have decided that the annual outing should provide not only radical change of air and surroundings, but also such stimulation of flagging energies as will provide brawn and vigor for the return to labor. For this they urge the mountain climb and ramble, the balsam of the mountain pines, and the clear, unadulterated mountain air.

In this direction the Shasta Route now affords a wealth of attractions. The entire line of road from Ashland to Redding is studded with charming and accessible hotels and camps, where are cheer and comfort and healing at reasonable cost, and where you can hunt, fish, ride, loaf, or play with equal facility.

Or if you look for healing waters, none better can be found, hot or cold, than the springs of Ashland, Colestin, Anderson, Bartlett, Byron and Paso Robles.

Before visiting Europe, the people of the northwest should see the glories of Yosemite valley, and the wondrous groves of Mariposa and Calaveras; the Parisians are likely to make inquiries concerning these attractive resorts.

Send to Mr. C. H. Markham, general passenger agent, Portland, for new booklets on Castle Crag, Shasta Springs, McCloud River, Yosemite, and excursion rates thereto.

Norris and Rowe's big trained animal shows are exhibiting on the east side this week, being in Albany on Wednesday. The aggregation consists of over 300 animals actors. We would call the attention of the management to the fact that McMinnville, the largest and best circus town on the west side, hasn't had a show of this character for seven years. Come over, we will treat you right.
