ST. JACOBS OIL

TRADE MARK

REMEDY FOR PAIN

INFLAMMATORY RHEUMATISM.

UTTERLY RELIEVED AND CURED.

PROMPTLY. PERMANENTLY.

The St. Louis Post-Dispatch says: "Mrs. Finnie Rice, 1408 Mullanphy Street, states that for the past seven years she had been a sufferer from acute inflammatory rheumatism, which had affected the muscles of her hands, contracting them so badly she could not open her fist, or use a needle or pin on a pin. Her husband, who is a well-known job printer, employed every means at his command to relieve his wife, but to no avail. Seeing the great benefit the wife derived from the use of St. Jacobs Oil, he tried it on himself, and after a long and severe siege of sciatic rheumatism, he was cured by the use of St. Jacobs Oil."

"A single application of St. Jacobs Oil, she said, cured her of a pain in the kidneys, so that she felt free from it for the first time in years, and she was greatly benefited. The continued use of it brought her to the happy conclusion to which the regular cure by the free use of her husband had led, namely, health—cured, she said, of a pain in the kidneys, of which she had suffered for years, and of a pain in her hands such as rendered her helpless, and which had resisted all other remedies."

THE PROF.—The best always first and cheapest. The best is the prompest, safest, surest, most painless and most satisfactory remedy for pain, and the best is the best.

St. Jacobs Oil is the best Anodyne Embrocation.
