MINING EXPERT NAMED FOR FAIR

MINNESOTA MINERALOGIST APPOINTED TO FILL IMPORTANT PLACE ON WORLDS FAIR STAFF OF CHIEFS

Special to The Herald

SAN FRANCISCO, April 11.—Professor Chas. E. van Barneveld, head of the mining department of the university of Minnesota, has been appointed as chief of the department of mines and metallurgy in the division of exhibits of the Panama-Pacific International exposition.

His selection as chief of the department of mines and metallurgy is an assurance that the mining exhibit will be one of the best ever seen at an international exposition.

He has an intimate first hand acquaintance with the mining districts of the United States, Canada and Mexico, the result of extensive travel during his fourteen years service with the Minnesota school of mines. For six years prior to his connection with the university he was engaged in general mining practice in the Southwest and Mexico.

I absolutely guarantee all my work to give entire satisfaction.
GEO. H. HAYDEN, Optician.

For Dyspepsia

If you suffer Stomach Trouble, and you try our remedy, it won't cost you a cent if it fails.

To prove to you that indigestion and dyspepsia can be thoroughly relieved and that Rexall Dyspepsia Tablets will do it, we will furnish the medicine absolutely free if it fails to give you satisfaction.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been properly combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia. Their proper combination makes a remedy invaluable for stomach relief.

We are so certain that there is nothing so good for stomach ills as Rexall Dyspepsia Tablets that we urge you to try them at our risk. Three sizes, 25 cents, 50 cents, and $1.00.

You can buy Rexall Dyspepsia Tablets in this community only at our store:

Frank Gould Sails Away From the Land of His Fortune, Giving Up American Citizenship

The newest American millionaire expatriate is Frank J. Gould, one of the younger sons of the railroad man. Just before sailing from Europe the other day with his wife and sister-in-law, Miss Helen Kelley, he announced he would make his home in France. While the family may return occasionally, they are no longer to be considered American citizens.

Frank Gould is worth about $10,000,000—that is, he received a share of his father's estate which would have amounted to that two or three years ago. How much of it he has spent is not known. He is one of the several Goulds who never succeeded in breaking into Newport, New York and Washington society, despite his millions, nor did his second marriage aid him in this respect. In France and the continent of Europe it is different. There he has been received in some social circles.

Gould has followed the course of William Waldorf Astor, who has long been a British subject, and the Bradley Martins, who quit America following the criticisms of their extravagant ball some years ago.

UMP SCHOOL ON IN MILWAUKEE

AMERICAN ASSOCIATION INDICATOR MEN ARE RECEIVING A COURSE OF INSTRUCTION FROM PRESIDENT

United Press Service

MILWAUKEE, April 11—"When a batsman strikes at the ball times without hitting it, is it a foul or a home run?"

"If a batted ball knocks you senseless, is the batsman safe, or would you fine him?"

This is the day President Chivington of the American Association is holding his school for umpires.

"Chivvy" has framed a sort of text book for "umps," couched in more simple terms than the regular book. The aribters of the diamond have had this for some time, and are required to "recite" on their knowledge of the game.

CHAMBER KEEPS SAME BUILDING

FOLLOWING EXPIRATION OF REIDY'S DONATION, DIRECTORS VOTE TO KEEP QUARTERS AND PAY RENT

The Klamath Chamber of Commerce will continue to have its quarters in the Reidy building on Seventh street, between Main and Klamath. This has been decided by the directors.

When the organization moved from the Bellman building, P. M. Reidy, owner of the building now used, said he would let the Chamber have the room rent free for three months. The location is so central and so easy of access, both for local people and for farmers visiting the city, that it was decided to keep it.

Work of fitting up the interior will be commenced in a few days. Among other improvements, a rest room is planned.

Experiments in France with huge signs to be displayed on the roofs of buildings for the guidance of aviators have shown that the signs made of silvered glass balls, set in a black background, can be seen the greatest distances.

TEST WILL BE MADE SHORTLY

QUESTION OF WHO CONTROLS THE DEMOCRATIC PATRONAGE, KENT OR RAKER, WILL BE DECIDED BY POSTMASTERSHIP

United Press Service

WASHINGTON, D. C., April 11.—Congressman Raker announces that he has received the endorsement of the democratic county central committee of Sonoma county, California, for E. E. Dress as postmaster at Petaluma, which is in Congressman Kent's district. The office is now vacant. Raker says this endorsement "practically insures favorable recommendation to the postmaster general by the congressman." He has decided to recommend the choice of county committees for postmasters in each case.

It so happens that most of the county committees in Northern California are of the anti-Wilson variety, though the state committee is decidedly progressive. It also happens that Congressman Kent is on the best of terms with Postmaster General Burleson, as well as with President Wilson, and Secretaries McAdoo, Lane and W. B. Wilson. He has asked for nothing, but the Petaluma postmastership will decide whether Raker, regular democrat, or Kent, independent progressive, is to have the ear of the administrative in so far as Kent's district is concerned.

SLASHINGS MUST BE BURNED SOON

FIRE WARDEN ASKS LOGGERS OPERATORS TO BURN SLASHINGS NOW, AND MINIMIZE THE FIRE DANGER

By C. C. CHITWOOD, Supervising Fire Warden

The time is rapidly approaching when it will be dry enough to do the annual spring slashing burning, which is required by the state forestry laws. It is to be hoped that all operators will bear in mind the importance of this work, and get their slashings in readiness to take advantage of the first favorable spell of weather to burn, in order to avoid the risk of carrying them through the hot, dry season.

Most slashings burn sooner or later, and the fires generally occur in the hottest and driest part of the season, when control is most difficult and without loss and damage to green timber most apt to result.

It is therefore very important that this burning be done before another fire season begins.

It is recommended that owners and operators shape their cutting whenever possible so that fire could be set out in their works without running into a lot of cut logs or damaging greene trees, at such times when a period of favorable weather is presented. The wisdom of burning slashings when the right time comes has been taught by experience, and a little foresight and preparation may be the means of saving a great loss. It behooves us to take greater precautions to prevent fires getting started in slashings at the wrong time.

What's the Matter With the Old Watch?

It's not getting any younger, you know, and once in a while it needs a rest and overhauling. Bankrupt watches are cleaned and confidential once a year to insure accurate timekeeping. Why not bring yours in and let us give it the attention that is necessary for good time keeping.

Watchmaker, Jeweler and Engraver.
S. P. Watch Inspector
Willits Building

MAY PROVE FATAL

When Will Klamath Falls People Learn the Importance of It?

Backache is only a simple thing at first;
But if you find 'tis from the kidneys;
That serious kidney troubles may follow;
That dropsy or Bright's disease may be the fatal end;
You will be glad to know the following experience.

'Tis the honest statement of a Murphy resident.

John McCallister, Murphy, Ore., says: "For about a year I was troubled with kidney complaint. My back was very painful, particularly when I stooped, and ached so severely that I could not sleep well. Work of any kind tired me, and I was languid and nervous. The kidney secretions passed too frequently at night, and I noticed sediment in them. Some time ago I began using Doan's Kidney Pills and they gave me prompt relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

SAGE TEA BEAUTIFULLY DARKENS THE HAIR WHEN FADED AND GRAY

Mixed With Sulphur, Makes the Hair Soft, Lustrous and Cures Dandruff

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance this simple mixture was applied with wonderful effect.

But the brewing at home is messy and out of date. Nowadays skilled chemists do this better than ourselves. By asking at any drugstore for the ready-to-use product, called "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle for about 50 cents. Some druggists make their own, which is usually too sticky, so insist upon getting Wyeth's, which can be depended upon to restore natural color and beauty to the hair, and is intended for dandruff, dry, feverish, itchy scalp and falling hair.

A well known downtown druggist says his customers tell him that Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it is applied—it's so easy to darken a few locks or a single darkened strand at a time and draw it through the hair, taking one small strand at a time, and by morning all the gray has disappeared, and after a few applications it is such a simple, easy way to keep your hair a uniform color and prevent dandruff.
