TAX COLLECTION TO BE STARTED SOON

SALEM, Jan. 15 (AP)—The State Tax commission announced today that the first steps toward collection of the income and intangibles taxes for 1931 is now under way. The returns are due on or before April 1 of this year.

About 70,000 return blanks will be sent out in the mails the first of next month, giving taxpayers two months in which to fill in the blanks and make their payments.

The 1930 tax was not collected until the latter part of June last year, due to the law not becoming effective until June, or 90 days after the legislature which passed the act had adjourned.

The Portland office for tax business will be in the Oregon building this year instead of at the Multnomah county office, it was announced.

The commission estimates a return of about $2,500,000 from the income and intangibles taxes and nearly one million from the excise and corporations tax, due at the same time.

MARKET QUOTATIONS

DAIRY MART RESTS

PORTLAND, Jan. 15 (AP)—Dairy products market appears to be taking a rest insofar as the movement of prices is concerned. Recent sharp lowering of practically all lines created more or less increase in consumptive volume and resulted in somewhat better undertone in the trade.

OFFERINGS FAIR

PORTLAND, Jan. 15 (AP)—While offerings were limited during today's session of the East Side Farmers' Wholesale market, they were in excess of what had been expected in view of the stormy period. Practically all lines showed an active tone but with the exception of strengthening and some advance in the carrot and cabbage price, little change in quotations was reflected.

Grain Marts Score Advance on Friday

CHICAGO, Jan. 15. (AP)—Stimulated by an upturn in Wall street securities, the grain market scored an advance late today.

Purchases on standing orders were a feature of wheat dealings near the finish. A rise of about a cent a bushel was witnessed in wheat, as compared with the day's low point.

Wheat closed firm ¼c to ⅝c above yesterday's finish, corn and oats each ¼c to ⅝c up, and provisions unchanged to 5c off.

MAY WHEAT SOUGHT

PORTLAND, Jan. 15, (AP)—May wheat was sought during the Friday session of the Portland grain exchange. Sales totaled but 2000 bushels but offers to sell were scant. May closed with an advance of ¼c despite the loss of 1c in the July. Exports appear inclined to force down the latter to a world's basis in the hope of attracting some business. None is now possible because local values, although very low, are above those of every other world's trading center.

On the merchants exchange cash wheat was stationary.

WOOL MARKET HAS BRIGHTENING TONE

BOSTON, Jan. 15, (AP)—The Commercial Bulletin will say tomorrow:

"There is a much better business in wool this week, and prices are showing a strengthening tendency, with some actual advances recorded. By-Products are noticeably dearer.

"An early Easter evidently is stimulating the demand at the mills, which in turn are taking on fairly good weights of wool, especially of fine and half blood qualities.

"The foreign markets are fairly buoyant and some times against the buyer in the primary markets, while London keeps on with prices fairly steady throughout.

"Mohair is dull, and prices are hardly more than nominal. There is some business being reported in kid hair in a limited way at unchanged rates."

The Bulletin also will publish the following quotations:

Scoured basis: Oregon, fine and F. M. staple, 54c to 56c; fine and F. M. Fr. combing, 50c to 53c; fine and F. M. clothing, 45c to 47c; valley No. 1, 48c to 50c.

Mohair: Oregon, 20c to 21c. Domestic graded first combing, 32c to 35c; good carding, 26c to 28c.
