STOCKS SHOW RALLY SPIRIT AFTER SALES

NEW YORK, Feb. 19 (AP)—Stocks showed rallying tendencies in an irregular market today.

Early sell-offs in selected issues were balanced throughout the session by gains in other sectors and, toward the close, even the deepest of the fractional dips had been pretty well leveled off by buying orders. Transactions were 700,000 shares.

Lending a modicum of stability to the market outlook was the estimate steel operations this week would be at 67.1 per cent of capacity, less than two points lower than last week.

WHEAT UNSETTLED ON CHICAGO MART

CHICAGO, Feb. 19 (AP-USDA) Wheat prices rallied to erase early losses today but then reacted again to an unsettled close, with May contracts depressed by increased liquidation of grain held under government loans.

Nervous fluctuations were spread over a range of almost two cents and at times July and September contracts showed net gains of a full cent due to scattered "short" covering and purchases credited to mills. Marketing of loan wheat, which was believed to be the largest of the season in some localities and selling based on more moisture over the grain belt, accounted for most of the pressure on prices.

Wheat closed ⅛c lower to ⅛c higher compared with Saturday's finish, May $1.02⅞-⅛, July $1.00⅞-⅞; corn ⅛c lower to ⅛c higher, May 56⅞-⅞, July 57; oats unchanged to ⅛c down.

WOOL MARKET

BOSTON, Feb. 19 (AP-USDA) The wool market in Boston was extremely quiet today. An occasional inquiry was received for low, cross-bred, South American wools but little actual business resulted. Quotations on cross-bred wools from South American markets were reported slightly stronger. Domestic users, however, were not willing to bid up to import parity on South American wools. Domestic wools of all grades and foreign merino wools were receiving little attention.
