HOLD EVERYTHING!

"It'll take too long to empty everything into my new purse—I'll just put the old one right in it!"

Government Use of Paper Restricted

WASHINGTON, July 19 (AP) Federal, state, county, municipal and local governments are restricted in their use of paper to the same extent as private printers and publishers, effective as of July 1, the war production board announced today.

All departments and agencies of the United States government will be controlled by a conservation order issued by the bureau of the budget.

The planned effect of the WPB action is to reduce the consumption of paper by governmental units to 75 per cent of the amount used in the year ended June 30, 1942.

WPB reported that government printing is "believed to consume approximately 600,000 tons of paper annually."

After some men take up golf to improve their health they should find some other game to improve their morals.
