Wheat Bill Said Vital

SALEM, Feb. 6 (AP)—The Eastern Oregon Wheat league told the legislature today that its wheat commission bill might save the wheat industry from disaster.

The bill, sponsored by virtually all eastern Oregon legislators, would establish a five-man wheat commission to assist in advertising and marketing wheat products, and to promote research in new uses of wheat. The league said the bill is designed to prevent wheat surpluses and falling prices.

A tax of a half cent a bushel would raise $75,000 a year for the commission.

The league's statement was given to each legislator.

The league said similar measures are being submitted to the Washington and Idaho legislatures.

Wheat Sets New Record

CHICAGO, Feb. 6 (AP)—Dust storms in the Kansas wheat area created heavy buying of that grain on the board of trade today and the March contract advanced to the highest level for any wheat delivery for the past 27 years.

There was some price retreat from top levels, but the market continued to have a strong undertone. Corn and oats also were firm with buying of the yellow grain based on reports that the commodity credit corporation was making purchases at higher prices.

Some of the buying in wheat came from commission houses with eastern connections. A cash house was a fairly persistent buyer of corn. The local office of the CCC announced purchase of 1,000,000 bushels of corn for export yesterday.

Wheat closed 2 to 3½c higher with March at $2.19½, after reaching a peak of $2.20. New seasonal highs were established by May, July and September wheat.

Stock Market Unsteady

NEW YORK, Feb. 6 (AP)—Stocks worked at cross purposes in today's market with many favorites absorbing profit taking successfully while a number of recent climbers such as the motors were forced into the casualty division.

Declines of fractions to 2 or more points, widespread after a fairly steady and active opening, ultimately were reduced or converted into plus marks. Liquors revived around midday and were followed by selected rails, amusements and special issues. The close was no worse than slightly irregular. Dealings picked up in the final hour, after frequent slowdowns, and transfers for the eighth successive full session topped the 1,000,000-share level.

Backward were Chrysler, General Motors, Studebaker, Youngstown Sheet, Goodrich, International Harvester, American Telephone, General Electric, Allied Chemical and Kennecott.

Bonds were uneven. Cotton, toward the finish, was off 15 cents to $1.80 a bale. At Chicago wheat ended up 2 to 3½ cents a bushel, corn ⅛ to 1 and oats ½ to 1½.
