Lumber Hits Post War High

PORTLAND, March 14 (AP)—Washington and Oregon lumber production jumped to its highest post-war level during February, H. V. Simpson, executive vice president of the West Coast Lumbermen's association, said today.

Average weekly production during the period was 132,183,00 board feet, a pronounced increase over January's average of 116,786,000 board feet.

Shipments also bulked larger with 136,881,000 board feet leaving during an average February week—a higher level than any reached during 1946.

Weekly orders averaged 153,241,000 board feet as compared with January's 139,188,000.

Bad Check Artist Sought In Merrill

A bad check artist has been reported operating in the Merrill district, according to city police reports.

A man variously signing his name to checks as Raymond Nelson and Raymond Griffith has passed several checks in the vicinity in the last few days. The checks later proved worthless.

Witnesses report that the man is about 35 years old, 5 feet 9 inches in height, and about 165 pounds. He is dark complected and is thought to be driving a 1934 Ford sedan with a Massachusetts license plate.

March Wheat Hits Record

CHICAGO, March 14 (AP)— March wheat reached a new 30 year high in grain trading today, but the action of that delivery was not representative of the entire market. Mostly grains were lower with new crop months down most.

Wheat closed ⅛c lower to 4⅛c higher, March showing the extreme gain at a final price of $2.84 after reaching $2.85½. Corn was 1⅛c lower to ⅛c higher, March $1.71⅛-⅝, and oats ⅛-2⅛c lower, March 97⅛c.
