Stock Market Quiet Today

NEW YORK, May 10 (AP)—Speculative and investment apathy kept today's stock market in a moderately irregular range with dealings among the smallest of the past three years.

While fractional advances were fairly well distributed near the close, many losers persisted. Transfers ran to around 250,000 shares.

Professional operators nibbled here and there on the idea selected favorites may have been oversold in view of pleasing dividends and earnings.

In the resistant area were Western Union "A," N. Y. Central, Northern Pacific, Union Pacific, Standard Oil (NJ), Allied Chemical, General Motors, Montgomery Ward, Sears Roebuck, Kennecott, United Aircraft and North American.

Bonds were uneven and commodities mixed.

Eastern Oregon Wheat In Danger

PORTLAND, Ore., May 10 (AP) — Nearly a third of eastern Oregon's wheat crop is threatened by drouth conditions, Merle E. Cummings, state director of the federal crop insurance program, said last night.

"If they do not receive rain within a week, thousands of acres will not be harvested," Cummings asserted.

He said field reports list northern Gilliam and Morrow counties as the most seriously affected.

Cummings said approximately half of the growers in the affected area had crop insurance coverage ranging from 50 to 75 per cent of normal yield.

Selling Moves Grains Down

CHICAGO, May 10 (AP)—A selling movement developed in grains during the latter part of trading today and prices broke sharply under the leadership of May wheat. Trading was active and numerous stop-loss orders were touched off on the decline.

Wheat fell more than 4 cents and corn more than 3 cents a bushel from yesterday's final prices at one time.

Selling was touched off by unconfirmed rumors that the commodity credit corporation had decided to permit sellers of cash wheat for delivery to the agency by May 31 to switch these sales into delivery of new crop June 30.
