Grains

CHICAGO GRAIN

CHICAGO (AP) — Demand for grains expanded in the last half of the session on the board of trade Thursday and prices advanced in all pits. Prior to the rally, the market had held within small fractions on either side of Wednesday's close.

Buying stemmed from fairly large export transactions in wheat and corn, a sharp advance in live hog prices which further improved the corn-hog ratio and limited offerings of cash soybeans by producers. West Germany, Great Britain and Yugoslavia bought American grains.

Wheat closed 1/4-1 3/8 higher, May $2.19 3/8, corn 1/8 lower to 1/8 higher, May $1.58 3/8-1/4, oats 3/4 lower to 1/8 higher, May 74 3/4-1/2, rye unchanged to 1/8 lower, May $1.63 1/8, soybeans 3/4 lower to 1 cent higher, May $3.03 1/2-3/4, and lard 13 to 17 cents a hundred pounds higher, May $10.82.

In The Day's News

(Continued from page 1)

Hollow and Turkey Run are beginning to show up, and the fork of a creek is called a branch. Also there is WATER in the creeks. We're entering the natural rainfall belt—where water is used chiefly for drinking purposes (including moonshine, of which it is a principal ingredient) and for washing clothes and dishes. And, of course, for bathing. The crops get Nelly from the sky and they make the bulk of their electricity out of coal.
