WALL STREET

NEW YORK (AP)—The stock market kept stubbornly ahead late this afternoon despite some selling. Trading was moderate after an active morning.

Volume for the day was estimated at 3.8 million shares compared with 3.45 million Wednesday.

Gains of fractions to about 2 points among key stocks outnumbered losers in the same range.

Dealings were heavy in the morning when the ticker tape lagged behind transactions for a 27-minute spell. The narrowness of Sen. John F. Kennedy's victory encouraged Wall Street to expect no drastic economic changes.

Steels as well as selected autos, aircrafts, chemicals, rails, nonferrous metals and building materials bolstered the market.

Gains of about 2 points were scored by DuPont, U.S. Gypsum and Polaroid. Texas Instruments spurted 5 points.

Ahead about a point were Linel, Zenith, Woolworth, Montgomery Ward, Boeing, General Dynamics, Air Reduction, International Paper and Johns-Manville.

Small losses were taken by Jersey Standard, Liggett & Myers, Schering, International Harvester and American Telephone. United Aircraft fell more than a point following a report of sharply lower earnings.

U.S. government and corporate bonds edged slightly lower.

DA Will Probe Jury Question

LOS ANGELES (AP)—The district attorney will investigate reports by three jurors that the Finch murder trial Jury No. 2 reached a partial verdict once but was directed by the judge to continue deliberating.

Three jurors said the panel agreed after a week and a half to convict Dr. R. Bernard Finch of second-degree murder and to declare itself deadlocked on the murder charge against Carole Tregoff.

They said Judge Le Roy Dawson sent word, on being told of their agreement, that they should continue to try to agree on a verdict against Miss Tregoff. The defendants are accused in the gunshot death of Finch's wife last year.

The jury was discharged Monday after saying it was deadlocked. The first trial of the physician and his ex-mistress also ended in a deadlock.

Low Bidder

WALLA WALLA (AP) — Matt McDougall and Co. of Portland Wednesday submitted the low bid of $1,774,495 for relocating railroad tracks at the Ice Harbor Dam Reservoir.

Liquor Board Loses In Test

PORTLAND (AP)—The Oregon State Liquor Control Commission said Wednesday it has lost a second court test of its ruling that requires class B licensees to maintain a 25 to 75 per cent ratio of food to liquor sales.

Circuit Judge James W. Crawford ruled that the commission, although acting in "good faith," had no authority to enforce the ruling against Van's Olympic Room in Portland.

Earlier in Coos County, Circuit Judge Robert Belloni made a similar decision.

Prosecution Nearing End In Local Assault Trial

Three law enforcement officers testified in the George Krohn trial Thursday morning as the state moved into the final stages of its case against the 33-year-old unemployed railroad worker.

Deputy District Attorney Robert M. Redding has called 20 witnesses and offered 26 exhibits into evidence to show that Krohn intended to kill Elks Club bartender Carl B. Young when he shot him five times on the early morning of Oct. 13.

Detective sergeants Oscar Gerleve and Dennis Lilly and county jailer Bert Vaagen took the stand Thursday. They identified state exhibits including three pictures, bullets, bullet casings and Young's clothing.

Krohn's sister, Mrs. Mildred Clark, and two city police officers, Lt. R. N. Adkins and Sergeant Gerleve, testified Wednesday afternoon.

Mrs. Clark said Krohn was "incoherent" when he entered the rooming house at approximately 12:30 a.m. Oct. 13.

"His eyes were peculiar and he talked as if he were back in high school," Mrs. Clark related. She said her brother called her "mom" several times and lapsed into conversations with people who weren't in the room.

Redding and defense Attorney Coe had different opinions as to the effect of Mrs. Clark's testimony. Redding said there were inconsistencies between her testimony and a statement she had given to police the night of the shooting. The deputy district attorney said Mrs. Clark had told police that she knew there had been trouble at the Elks Club.

Coe indicated that, although Mrs. Clark had been subpoenaed as a state witness, her testimony had strengthened the defense's case. Krohn has entered a plea of not guilty by reason of temporary insanity due to chronic and excessive alcoholism.

Lieutenant Adkins said he had possession of some of the evidence brought in on Oct. 13. He is the custodian of the property room for the city police.

Sergeant Gerleve, identification officer, said he took several photos at the Elks Club the night of the shooting. He identified six of the photos in court. He later testified that he had taken some exhibits to the State Crime Lab in Portland upon direction of Adkins and the district attorney's office.

"Sergeant Gerleve had no authority to transport exhibits outside the city limits since he is a city policeman," Coe said.

"That's true enough," Judge David R. Vandenberg replied, "but he can testify as a private citizen."

Girl Charged With Car Theft

An 18-year-old Independence, Oregon, girl, Vone Fellner, appeared in district court Wednesday morning on a charge of larceny of an auto. She waived preliminary hearing and was bound over to the grand jury.

A similar charge against another Independence girl, 19-year-old Trudy Ann Johnson, was dismissed by District Attorney Dale T. Crabtree.

Misses Fellner and Johnson were arrested last Thursday by state police north of Chemult in a car that had been stolen from Joe Hicks of Klamath Falls.

Mayor Elected While Serving Term In Prison

WARNER ROBINS, Ga. (AP)—Mayor Kemp Harrison has been re-elected even though he is serving a year and a day in prison for violation of federal bank laws.

Harrison defeated four opponents in Tuesday's election, eight days after he entered a federal penitentiary at Tallahassee, Fla.
