Student City Officials Ask Improved Parking

DUNSMUIR — An improved parking area at the Dunsmuir ballpark and city park entrance, improved lighting of this parking lot and the community swimming pool, and strict enforcement of the speed limit in these two congested areas were called for by student officials at the Student Government Day Council meeting Monday night.

The present condition of the ballpark parking area was deemed a poor advertisement for the city and a hazard to automobiles by city councilmen, Kenneth Stephens, Walter Tausch, Gene Landoe, Jean Chappell and Mayor Irene Rea. The council hesitated over the cost of proper drainage and blacktopping of the parking lot, estimated at $2,000 by John Petty, street superintendent, and passed an encompassing resolution without specific steps.

The students functioning as city officials also believed "Yield Right of Way" signs should be placed at two intersections felt to be hazardous.

Twenty-five miles per hour, strictly enforced, was recommended for Park Avenue traffic in the ballpark-swimming pool vicinity which is heavily used by teen-age drivers.

The regular council convened immediately following the Student Government session and approval was given the student resolution. Police and public works commissioners were asked to present specific action at the next council meeting.

In other business, the council adopted a $177,989 budget for the 1963-64 fiscal year. This is $4,615 over the estimated income of $173,374, and strict economies in all departments will be needed, Mayor David Anderson commented after all commissioner councilmen insisted their budgets would stand no specific cuts.

No action was taken on the pending freeway agreement. Mayor Anderson commented, after a prolonged discussion on effects of an interchange in north Dunsmuir on the city's economy, that he cannot see why the state is in such a hurry to spend 1 and ¾ million dollars to channel traffic from one portion of Dunsmuir to another.
