CALIF. SCHOOLS ARE OUTDONE BY OLYMPIC CLUB IN TRACK MEET

(By United Press Leased Wire)

SAN FRANCISCO, May 2.—The Olympic club of San Francisco won this afternoon's Pacific Athletic association championship meet with 84 points. Stanford was an easy second with 75 and University of California was third with 16 points.

Easily the feature of the day despite the appearance of Paavo Nurmi and Willie Ritola, the Finn running stars, was the world record breaking heave of "Tiny" Hartranft, Stanford track captain, in the discus throw. His throw was 157 feet one and 5-8 inches, smashing the mark of 156 feet made by "Bud" Houser, University of Southern California, a week ago.

Nurmi ran his scheduled mile and a half in 6:56 7-19 failing to approach his previous marks at this distance. He had some competition for a mile from Lloyd Hahn, and was leading him 40 yards when Hahn quit. Nurmi quite fresh and trotted off the field after a minute's rest.

Willie Ritola ran an exhibition 3,000 yards in 8:02 4-5, a track record. Willie Plant, champion Walker, failed to overcome a handicap of 175 yards given to Frank Smouse of the Los Angeles Athletic club and was beaten about 15 yards.

Sixteen of Stanford's 75 points were made by freshmen entrants, making the Stanford varsity total 59 points, still safely in second place.

The Humboldt Athletic club was four in the meet with eight points, Italia Virtus, fifth with three points.

20,000 SEE YALE'S BOAT CREW DASH IN

PHILADELPHIA, May 2.—Twenty thousand spectators saw the Yale varsity eight defeat Pennsylvania in the triangular boat race on the Schuylkill river this afternoon. Columbia was third.

Junior varsity results:

Pennsylvania first; Yale second; Columbia third.

Freshmen eight results:

Yale first; Pennsylvania second; Columbia third.

OREGON AGGIES LOSE TO WASH. IN DUAL MEET

CORVALLIS, Ore., May 2.—The University of Washington won the dual track meet with the Oregon Aggies today 90 to 41.

The Aggies failed to make a single point in the 100 yard dash, the high jump or the 220 yard dash. O. A. C.'s greatest strength was in the distance events.

Egtvet of Washington was the outstanding figure of the meet, winning three first places and tying for another.

He heaved the shot 43 feet six inches, jumped 22 feet 1 inch in the broad jump, whirled the discus for a distance of 132 feet five inches and tied in the high jump with Clark and Brix, also of Washington, at five feet, two inches. The Washington team having cinched the latter event, made no attempt to jump off the tie.

Clark of Washington made a good showing in the century dash at ten seconds flat.

Good time was made in the mile and two mile races. Clayton of O. A. C. took the former in 4:24:4 and Maginnis, Washington completed the longer race in 9:49.

Semi-Pro Pitcher Is Killed By Batted Ball

PHILADELPHIA, May 2.—James "Bud" Bradley, a pitcher for the Philadelphia pros baseball team, was killed this afternoon when a batted ball struck him in the stomach.

He stopped a line drive from the bat of Art Fleck, catcher on Lit Bros., the opposing team, which knocked him down. He was able to complete the play to first base, and then collapsed in the box.

Bradley was a star pitcher on amateur nines here for a number of years, and one season was given a trial by Connie Mack with the Athletics, but failed to make good.

DAILY PEGS

Written by Westbrook Pegler

With the enthusiasm of a man telling the world some- g new, Jack Curley announces that the wrestlers who e been giving a series of grunt concerts through the middle t for more than a year are a "lot of dirty crooks."

Even so, the middlewest will have its wrestling, just as shington insisted on its world series last fall when Ban nson, the president of the American league, was tossing bt at the occasion.

The middlewest doesn't care much for fighting. Some d fist-fighters develop out there, such as Morris Schlaiffer, Ace Hudkins, both of Nebraska; Billy Britton of Kansas, Sammy Mandell and Harold Smith of Chicago. But when learn to take care of themselves in reasonably swift so- they come east or go to California.

New York and California, on the other hand, wouldn't the best wrestlers in the world 60 cents an hour.

If the middlewest is sucker country for the wrestlers, as ertainly is, New York has been no David Harum in its liflower trades, for it has paid high prices for some speci- s that didn't smell exactly fresh and then has bought the e specimens over again. For instance, a champion puts a polka to no decision with some favorite customer in New sey and a few months later brings him to New York for real fight, which should have been furnished the first time.

Back in 1914 we were in Des Moines when a couple of cago wrestlers came to town to grunt for the Polk county mpionship or some such title. We had known them in cago where they were partners in a wrestling show at erview Park. The formation was printed, in rather hys- ical type.

And Des Moines filled the Coliseum to see them, even lizing that the bout was, as the boys say, "all in the firm."

So it all comes down to a matter of taste. Some people plaging their money on the shell-game. Others prefer fights. And the middlewest will have its wrestling.

Fast and Sure

All day long and day after day a good grain drill will accurately measure out millions of irregular shaped seeds. It will handle them at high speed but without injury. At the same time it will cut miles of trenches, drop the seeds to the bottom and cover them at an even depth. And if it is a fertilizer drill, it will measure out fertilizer and grass seed along with its other tasks. Yes, it takes a good drill to do this big job right—and no other kind is worth having.

KENTUCKY GRAIN DRILLS

For longer than most of us can remember, these drills have been making good in this locality. As our customers became better acquainted with its good work, the Kentucky grew rapidly in popularity. And because of this and its built-in convenience, the Kentucky has replaced many drills before they were worn out.

The Kentucky is an "internal feed" drill, built in both plain and fertilizer styles, and can be purchased with or without grass seed attachment. With it, you may sow grain, grass seed, and fertilizer, all at the same time, or one at a time.

Come in and let's talk Kentucky, and look over the rest of our McCormick-Deering line.
