National, Local Markets

SITUATION ON BUTTER MART NOT CHANGED

PORTLAND, Oct. 27 (AP)—There was practically no change in the butter market situation for the day insofar as the open trade was concerned. Recent advances have been of artificial nature, anticipating the government action.

Make continued seasonably liberal and there was no shortage of fresh stock while the huge surplus of storage goods continued almost intact.

Butterfat was about steady.

Egg Trade Steady

Trade in fresh eggs continued at least steady and generally without price changes for the last 24 hours. Fresh stock was arriving more freely and was crowding the storage stuff.

Steadiness was suggested for live chickens here. Sales of hens were being made to 10c for both light and medium sorts.

Generally easier tone was showing for country killed meats with the exception of hogs. Veal and lambs were depressed with too many arriving during the last few days. Beef was also easy.

Apples In Gains

Efforts of the trade to interest Oregon-Washington cranberries in marketing their berries were not meeting with much success, with the resulting increase of offerings of eastern stock. The latter opened at $8 a barrel for late varieties which means $10 delivered on the coast.

Great increase in sales of dry beans was reported during the last two days. The retail trade appeared to realize the strength of the market at the course and the higher prices being asked.

Much better quality lettuce was arriving from The Dalles sector and a liberal increase in the supply was shown for the day. Prices were steady to a trifle easier as a result.

Further rapid gain in sales of apples were confirmed here with the chief increase noted in Washington offerings which were pushing sales locally. Prices were full steady at recent fractional advances.

First walnuts from the home sector now due.

Potatoes were a trifle dull but unchanged in price.

Onion market continued weak with Yakima hitting prices.

Green beans are getting scarce, a trifle firmer.

Cauliflower was weak locally and for carlots.

FEDERAL BUYING AIDS WHEAT MART

CHICAGO, Oct. 27 (AP)—Wheat made lively advances in price late today following reports United States government sponsored purchases of wheat had been resumed.

The reports of a renewal of federal wheat activities were apparently due to buying of car lots of wheat in Chicago and St. Louis for the Farmers National Grain corporation. A further advance of the Washington gold price fell flat as grain market influence.

Wheat closed strong at nearly the day's top, 2⅝-3⅝ above yesterday's finish, corn ⅝-1⅛ up, oats 1¼-1½ advanced, and provisions at 2 cents to 12 cents decline.

Stock Market Quotations

NEW YORK, Oct. 27, (AP)—Stocks moved upward today, following a rally in grains, and despite relatively quiet trading, market sentiment appeared to be considerably improved. Another advance in the domestic gold price seemingly was a minor factor. The close was firm with gains of 1 to more than 2 points predominating. Transfers approximated 1,050,000 shares.

MARKET IN WOOL REMAINS QUIET

BOSTON, Oct. 27 (AP)—The Commercial Bulletin will say tomorrow:

"The wool market continues quiet. Prices, however, have been maintained on a steady basis, owing to the comparative scarcity of wool in the market.

"The foreign markets are very strong and showing some tendency against the buyer. Good clearances are being effected in Australia.

"Some further purchases possibly up to a half million pounds of fall wools have been made in Texas this week at 25½ cents to 26 cents for the most part.

"The piece goods markets are rather quiet for the most part but sales of clothing at retail are reported as rather better than they were."
