A. W. Severance has just received word from the Supreme Court that he has passed the legal examinatton very creditably, and is admitted to the practice of law in the courts of Oregon. The examination was conducted by Messrs. T. B. Handley and E. E. Selph under an order from the Supreme Court, and was admirably arranged by the able gentlemen who had the matter in charge, to thoroughly test the ability of the candidate.

The New York Tribune, which we offer to give one year free to all subscribers who come in and pay $1.50 on their Headlight subscription account, is owned and edited by Whitelaw Reid, the Republican candidate for Vice President. When we made our clubbing arrangements with Mr. Reid, he had no idea he would be the nominee, but the proposition will hold good now all the same. The Tribune handles the Tariff question in a manner that should be read by Democrats and Republicans both.

The genial Assesor, F, M. Lamb, was making his rounds a few days ago, and had occasion to inquire where Rev. Jones lived. Some waggish individual without the fear of God or the law in his heart, pointed out the residence of the editor of this paper, and told Mr. Lamb that Preacher Jones lived there. Accordingly Mr. Lamb entered our humble domicile, thinking it resembled a "parsonage," and enquired for "Rev. Jones" He was surprised and para lyzed as well as the editor's family, otherwise we should consider we had *casus belli*.

The people of Woods are going to have a regular whoop-la time on the Fourth. They have an excellent programme, E. E. HARRISON AND REID

HARRISON NOMINATED ON THE FIRST BALLOT.

Whitelaw Reid, Editor of the New York Tribune, for Vice President.

Benjamin Harrison was re-nominated for President Friday afternoon on the first ballot. The ballot stood as follows:

Harrison 565.
McKinly 183.
Blaine 175.
Reid 4.
Lincoln 1.

The Blaine forces weakened or failed to show their claimed strength at the last moment and Harrison went through with a hurrah.

The Oregon delegation voted for McKinley, except one vote, R. R. Hayes standing firm for Harrison.

At the evening session of the convention, Whitelaw Reid was unanimously nominated for Vice President.

The general opinion all over the country is that the ticket is very strong, and that Harrison's good record as President for the past four years will elect him The nomination of Reid for Vice President, shows recognition to an able man, and gives strength to the ticket.

Died June 6th.

Harry Heber Burton, elder son of Chas W. Burton and Anne S. Burton *nee* Squires was born at Yamhill October 27, 1872. After a few years at Umatila, he came with his parents to Tillamook, where he spent the remainder of his life. Of a quiet retiring disposition, his circle of acquaintance was not so large as made by some young men of his age, but his life and conduct endeared him to all who knew him. Steady, industrious and faithful in all undertakings, kind loving and true in all relations, death loved a shining mark and claimed him just as the promise of his manhood was the hope of his loved and bereaved family circle.

His mother desires to return her heart-

Joint Senator Elect, for Tillamook, Washington and Columbia counties, was born December 3, 1831, in Fulton County, Illinois, and spent his early days in that state. His father, who is still living at the advanced age of 96, was one of the first white persons born in Illinois.

Mr. Maxwell served over three years in the Union Army, enlisting as a private in Co. K, 7th Ill. Cavalry, and for distinguished services rose to the rank of captain.

He has held various offices of honor and trust in his native state, and served a term as County Judge of Hancock County, Illinois. In 1852 he came to Oregon, and a little later settled on Netarts Bay in Tillamook county, engaging in farming, his accustomed occupation. He was elected Joint Representative for Tillamook and Clatsop counties in 1886, and served the people so well that after the state was re-districted, he was re-elected to the Legislature, this time in 1888, to represent Tillamook and Yamhill counties. Mr. Maxwell has always been a staunch Republican, and while a member of the Legislature was one of the most energetic and successful workers in that body. He is very popular throughout the state, and this Senatorial district may rest assured that its interests could not have been entrusted to a more capable and influential man. He secured the passage of several acts which were of especial benefit to this county, and many

others of great importance to the state He is an indefatigable worker and knows no such word as fail. At this last election, his majority for Joint Senator of the three counties first mentioned is 1059, though his opponent is an excellent man.

Tillamook county may well feel gratified because of the honors thrust upon one of her citizens, and Hon. J. W. Maxwell will wear the honors of the office becomingly, judging from his past record, and will keep his eyes open to the needs of the district he represents.

Notwithstanding his age, 61 years, he is a man of great mental activity, and his physical vigor is as yet unimpaired. His manner is on the "granger" or "homespun" order, the result of lifelong associations, though he is a man of excellent address, good conversational powers, has a vast fund of general information, and moreover, has the facility of commanding the respectful attention of every man he meets, no matter how high or low his station in life He has, besides, a good-natured self-sufficiency that admits him into the confidence of all he meets, and a bluff bonhomie which wins friends on every hand. He is not a shining light as a public speaker, but works more on the plan of Binger Herman, and it has been often observed that some of our best legislators are quiet workers who never attempt a set speech.

It may be truthfully said that in the recent election of Mr. Maxwell, the beneficial results are not confined to this county, or this district, but will be felt throughout the whole state.

Quick Transportation.

The Steamer Elmore sails from Astoria to Tillamook bay on Monday and Thursday mornings, on arrival of the Union Pacific steamer leaving Portland on Sunday and Wednesday nights at 11:30. Through tickets can be had at U. P. ticket office, 254 Washington St., corner Third. Sails from Tillamook bay Tuesdays and Fridays. Good passenger accommodations and through freight rates, as low as by any other line. This is by all odds the quickest way to get from Tillamook to Portland, and enables our merchants to telegraph for goods and get them here on short notice. No such time has ever before been made between Tillamook and the outside world. 3t-f.

Skinning a Flea.

The two-cent stamp was cut through the middle, and we shall keep the piece as a memento of a model of close financeering.

The Vote for Joint Senator.

The following is the vote for Joint Senator in the 16th District by counties:

	COL.	TIL.	WASH.	TOTAL
G. W. Fearnside, D.	161	370	1043	1574
R. S. Hutton, People	358	70	450	1878
J. W. Maxwell, R.	827	516	1490	2833

It will be seen by this that Mr. Maxwell's plurality is 1059 votes.

BAKING POWDER.

Recent Authorities About It.

The Scientific American, the Sanitary Era, the Indianapolis Board of Health, the Wisconsin Food Commissioner, and many other recent investigators, have stigmatized the use of alum or ammonia in a baking powder as injurious, and have published from time to time lists, calling the attention of the public to brands containing these drugs.

It would seem as if some makers ought to have the honesty or good sense to make pure powder, foreseeing that although a smaller percentage of profit is made, it must result in increased sales, and consequently greater gain, and yet, after looking over the records, we are forced to the conclusion that "Dr. Price's Cream" is pretty much the only brand that can be relied upon unless one wants to be drugged daily.

Some of the powders which are the most widely puffed and heralded with "government chemists" (?) and other more or less spurious testimonials are found to be the very ones which contain either or both of these impurities.

WE WERE NOT LOOKING FOR the hearty endorsement of our aims and methods in merchandising which the Tillamook public has showered upon us this fall and winter.

They seem to realize that we are sincere in our public utterances, and when we said we had a very attractive stock, they came to look over it. When we told them that it was good value for their money, they bought freely, but we are glad to say that our stock is not nearly exhausted by the heavy drains made upon it by the purchasing public.

We have the best of connections with the great centers of supply, and standing as we do, with our finger on the pulse of trade, we can tell just what the public want.s

The public will see in the local columns of this paper from time to time, the special bargains we have to offer.

Until further notice we will make you special prices on queensware and boots and shoes. We mean business. Come and see.
