DON'T FOOL WITH A COLD

(From the New York Sun.)

"We must repeat our warning against neglecting a cold, for it is this disease that prevails in this city, and which is extraordinarily prevalent at this time. Be on guard at all times against taking cold. Look out for it, if you take it. Gladstone used to go to bed and send for a doctor whenever he had a cold and consequently he got well in a short time." "The Sun" is right and their warning should be heeded. For cold, Chamberlain's Cough Remedy is excellent. It always cures and is pleasant to take. Persons past middle age should go to bed and take this remedy until recovered.

FOR A BAD COLD

Chamberlain's Cough Remedy is a certain cure for bad colds. It acts in nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in freeing the system of the symptoms of the cold. It is not a palliative that simply gives relief. It cures.
