GILBERT & PATTERSON,

Dealers in Groceries, Crockery, Glassware, Paints, Oils, Varnishes, Brushes, Windowglass, Etc. Sole Agents for Epicure Tea and Big Can Baking Powder.

FILINGS.—In the secretary of state's office to-day articles of incorporation were filed by the Portland and Yaquina Land and Trust company, with A. F. Churchill, F. W. Rayburn, Wm. C. Avery, and E. C. Johnson, incorporators; headquarters, Portland; capital stock, $150,000. Articles have also been filed by the Pacific States Savings, Loan and Building company, with John H. Wise, Wm. H. Busch, and Wm. Pardy, of San Francisco; A. D. Hart, of Seattle, and C. E. Mackey, of Los Angeles, incorporators and directors; capital stock $10,000; headquarters, San Francisco, Cal. Also by the Hotel Tlogo company, with Donald Macleay, S. D. Smith, David Steel, D. F. Sherman, Herbert Bradley and A. S. Nichols, incorporators; object to conduct a hotel at Long Beach, Pacific county, Wash., principal office, Portland; capital stock, $5000.

SENIOR CLASS TREE PLANTING.—The senior class of the Willamette university have at last received their class tree from Congressman Hermann, which they will plant in the university campus next Monday afternoon at 4 o'clock. This is the second tree sent to the class by Mr. Hermann, the first having been lost in the mails. The class expected to receive their tree before the university Arbor day, but were disappointed in this and did not plant any at the time. Following is the program to be rendered: Address, N. M. Newport; song, senior class; declamation, Virgil Perringer; tree planting; song, by the class.

SPECIAL.—We desire to call the attention of the people to the fact that while we deal in every description of goods used by the grocery trade, we continue to devote special attention to the importation and sale of Reliance Com. Tea, which has already established a reputation for itself amongst the tea drinking public of being strictly pure, uncolored Japan tea, and the best in the market. We are just in receipt of a large import order of the new crop, which we offer to-day with special inducements, as seen in our advertisement elsewhere, and which will be to the interest of all consumers to investigate. Cox & Boggs, sole importers.

POSTOFFICE BUSINESS.—The result of the mail carriers' work in Salem during the month of April is very satisfactory and shows a constantly increasing business. There were delivered 84 registered letters, 13,483 letters, 1571 postal cards, 10,300 newspapers, etc. There were collected 422 local letters, 10,402 mail letters, 95 postal cards, 520 mail postal cards, 525 newspapers, etc. Total number handled, 37,402; postage on local matter, $55.35.

OPENING OAK STREET.—It is not necessary toward the opening of Oak street past the south end of the depot platform that a bridge be built at present. All required will be the cutting of a wagon way down the bank on either side at low and favorable points, which will admit the crossing of teams and vehicles at any time except high water. There is no easier place to make a good crossing of this kind on any part of the creek.

BOARD OF TRADE.—Next Monday evening should occur the regular monthly meeting of the Salem board of trade, and there will very likely be a rousing meeting this time, as there are important interests to be considered.

A GOOD MEAL.—Yes, sir, there is no place in the city where it can be more surely obtained than at Nye's Bon Ton restaurant, on Commercial street, between State and Ferry. Call and be convinced.

THE DIAMOND HOSE.—This is considered the best in the market, warranted to be made all of new rubber, and hence a garden hose that will not rot in one season. Sold exclusively by Baker & Strang. dtf

Wise women won't wait another week to try a can of that Golden State Baking Powder at J. G. Wright's. Every can draws an elegant piece of glassware, and besides you get a chance on a beautiful gold watch.

A large line of trunks and valises just received at the Capital Adventure Company. Call and get bargains. 5-1-3d

THE MUSIC STARTED.

Committees Appointed for the Fourth—Grand Program Mapped out. Which Will Need Funds.

Chairman John G. Wright, C. H. Monroe, H. S. Simon and W. L. Wade, of the general committee on celebration, met yesterday afternoon at Mr. Simon's store and talked over the manner of procedure. Their active and intelligent discussion and their wise conclusions would convince any observer that there was no mistake made in their appointment. They made the following selection of sub-committees:

FINANCE COMMITTEE.

H. S. Simon, J. A. VanEaton, John H. Brooks.

COMMITTEE ON ORATORY.

John G. Wright, J. J. Murphey and T. McF. Patton.

COMMITTEE ON INVITTAION.

C. H. Monroe, Col. M. W. Hunt, John Knight, A. F. Hofer Jr. and Geo. H. Saubert.

There are several other committees to be appointed yet and this will be done as soon as the work of the finance committee is accomplished, hence the importance will be at once recognized of receiving these gentlemen liberally when they approach you, which they will shortly. There is energy and pluck on that committee and you might as well "come down" without a kick, because they'll overcome you at last.

Speaking seriously, the character of the celebration now depends entirely upon the amount of money raised. The committee has in mind as fine program as ever made the national holiday pass pleasantly, but they cannot carry it out without funds. Last year there was more money spent away from home by Salem people than would meet the expenses of half a dozen celebrations, besides the amount that was kept out of the city by reason of us having none here.

There is now such a program mapped out as will bring people from Benton, Linn, Polk, Yamhill and Clackamas counties, and in large numbers, so that the commerce of the city on that day is incalculable. And every branch of business will feel it. It is not this man or that man who will reap the benefit, but all will share therein. If some man in a special line of trade happens to profit directly, his profits go into the general business of the city in the very near future.

One of the things to avoid is envy in this way. Some may think "Oh, it's only such and such branches that profit by a big crowd; I make nothing out of it." Perhaps not that day, but the next day and the next that "such and such" a man's prosperity is shared with you by his purchases. Drop old prejudices, then, and meet the committee with hearty liberality.

As capital city of one of the grandest states in the galaxy; as the handsomest, most liberally laid out city west of the Rocky mountains, Salem should have a pride in making a celebration that can be referred to with pleasant recollections. All that is necessary for this is united liberal action on the part of the business men—the committees are all right.

It is deemed best at the initial point to thus discuss these matters practically and have it understood what is necessary. The JOURNAL believes that in the bright lexicon of Salem's determination for progress there is no such word as "fail," therefore it has full faith that every requirement will be met.

There is a speaker in view, who, if he can be here, will draw such a crowd as Salem never saw, but it would be trespassing on confidence to outline the program before its completion. The glad surprise will be all the more complete when it bursts in its full perfection on the public eye.

The general committee will meet again Thursday, May 8th, unless sooner called by the president.

Admitted to Practice.

On Thursday Mr. Jno. P. Robertson was admitted to practice law before the supreme court of Oregon. A slight examination shows that his legal record is a good one, being based on a certificate of admission in the supreme court of Iowa, dated May 23d, 1868. Mr. Robertson also bears a fine testimonial from his old home, where he studied law and practiced two years. While he is very well known in this part of Oregon as a farmer and public man, it may interest some to read the opinion held of him by his neighbors where he got his start in life. It is as follows:

CENTERVILLE, Ia., April 15, 1889.

To all whom it may concern:—We the undersigned take great pleasure in recommending John P. Robertson, Esq., of Centerville, Appanoose county, Iowa, as being a man of unquestionable integrity, honesty and ability; of more than ordinary industry and energy; a lawyer of fine ability and in high standing at the bar in this county. T. M. Fee, attorney at law; M. Brevington, attorney at law; K. H. Morrison, clerk district court; S. M. Moore, attorney at law; J. K. Boyles, deputy treasurer; E. C. Haynes, recorder; A. Harris, attorney at law; J. White Miller, attorney at law; W. L. Vermilion, attorney at law; Henry H. Wright, sheriff.

FOR THE ASYLUM.—Fidele Bianchi, a middle aged Italian, was brought in from Mount Angel to-day and after due medical examination before County Judge Shaw was adjudged insane and committed to the asylum, where he was taken by Sheriff Croisan.

Benson expects a delicious lot of California fruit this evening.

AN AMICABLE SETTLEMENT.

The Oregon Pacific Will Do Its Part in Making a Highway and Trail up the Santiam.

Hon. George G. Bingham returned this morning from Corvallis, where he had a conference with Wm. M. Hoag, first vice president and general manager of the Oregon Pacific railroad in relation to the maintenance of a road or trail along the upper Santiam, where the existing trail has been obstructed or destroyed by the construction of the railroad, as fully described in the last issue of the JOURNAL.

Mr. Bingham reports his visit as resulting entirely satisfactory. Mr. Hoag fully acknowledged the liability and responsibility of his company, and said that the cause of complaint had been the result of neglect rather than intention. The company has fifty men at the front clearing the railroad of snow and accumulations incident to winter; that active work of extension may be resumed as early as possible and pushed with dispatch. As soon as the preparatory work of this line is completed, they will be set to work making a good and sufficient highway such as before existed and within such limits as are most convenient to travel.

The company is ready within ten days to send a competent road man along the line with any competent man that may be appointed by the Marion county court and lay out the most feasible route. It is more than probable that to make the most desirable and most easily maintained road, the Santiam river will have to be crossed and the line run a portion of the way on the Linn county side.

With this knowledge in mind, Mr. Bingham last evening interviewed County Judge Blackburn, at Albany about it and was assured that the authorities there would work in harmony with this county and the railroad company so as to meet the wants of the growing settlement in the valuable timber regions of the upper Santiam country.

It is probabe that the best way to proceed will be to take the necessary steps for the establishment of a regular highway, which can then be perfected into a wagon road as fast as possible and need can call for. In the meantime, Our county court will give the matter due consideration at its next monthly session.

STARTLING FACTS.

It is well known that a sluggish skin is not the result of some disease, but is caused by impaired digestion, for which Dr. Bull's Sarsaparilla gives vegetable relief. Testimonial of unusual interest. One testimonial says: Wishes to contrast the action of the potash sarsaparillas and Joy's Vegetable Sarsaparilla. Mrs. C. D. Stuart, of 1[illegible] Hudson street, N. Y., writes that she has used the leading sarsaparillas for indigestion and dyspepsia. Its only effect was to bring pimples to appear on her face. Upon using Joy's Vegetable Sarsaparilla the first effect was the disappearance of the pimples and she was subsequently relieved of the indigestion and dyspepsia.

Robert Stewart also writes from Petaluma, Cal., that being troubled with boils he found that one of the leading sarsaparillas actually increased the eruptions, which suspended at once to Joy's Vegetable Sarsaparilla and disappeared immediately.

FINE PROSPECT.—The prospects now are for the most pleasing and interesting entertainment next Tuesday evening that has been on the boards at Reed's opera house in several years. It will be the appearance of Fowler's Tableaux d'Art and Comedy company, whose members have received the most genuine and flattering encomiums from the press of any company traveling. Among the bright stars of the troupe are Miss Carrie Northey Roma, the soprano, who the San Francisco Examiner says "shines out like a star of the first magnitude;" Miss Marie Lawrence, the Xylophonist who is said by the N. Y. Herald to be "a never ceasing wonder to her delighted auditors," and Miss Miriam C. John who as a reader is said to have no equal.

FERRY BOAT INSPECTION.—There are in the city to-day three gentlemen from the Portland custom house to make inspection of the ferry boat about completed by Capt. Holman for the purpose of crossing the Willamette at this point. They will proceed with their work this evening and if all is satisfactory the boat will be launched and make its first trips Sunday, when the people of Salem will try its carrying powers in large numbers.

BEES CHEAP.—A swarm of bees settled on a tree to-day in the State Insurance office, and a crowd soon gathered. Various speculations were indulged in as to the value, ranging from 25 to $8. A bystander crushed one of the insects with his foot, and for a few minutes everybody had more bees than they wanted free gratis.
