DAVY CROCKETT.

Tardy Justice to be Done the Hero of the Alamo.

The organization of the Davy Crockett Monumental association in this city is one of the most patriotic movements of these degenerate times. Davy laid out Lawrence county, and assisted in surveying the corporation of Lawrenceburg. For many years he lived here and was a leading citizen. Here he was made magistrate, county judge, colonel, member of the legislature and congressman. When he fell so nobly at the Alamo, old Lawrence was in the deepest mourning, and for more than half a century we have held his name in the most sacred memory. Now, he is to have a monumen, thank God, erected to his memory. He was as pure a type of patriotism as any country has ever produced, and it is fitting that a monument be carved from the purest Italian marble. The gentlemen at the head of the enterprise are of the highest character and integrity. Membership to the association has been fixed at one dollar per year, every cent of which will go to pay for the monument and to beautify the park in which it will be erected. There will be no salaried officers.—Busy South, Lawrenceburg, Tenn.

WHAT IS A TUBULAR WELL?

Be Sure to Read and Get no Other

A genuine Tubular well is constructed by putting down a three inch iron pipe, with no openings except top and bottom. No dirt can get in and only pure water can be got out. This is the only kind of well that worms and insects cannot get into, that is absolutely surface-water proof, and that is forced through the cement strata to the pure living water. It is positively the only kind of well that is worth building in this country. James A. Roberts, Salem, (residence near fair grounds) makes these wells. Terms reasonable. 10 years experience. 6-21-1m-d-$m-w

DON'T BE DUPED

by buying the cheap phototype reprints of an obsolete "Webster" now being foisted upon the market. From A to Z they are **all alike,** being poor reproductions of the Dictionary of **over 40 years ago.** Announcements concerning them are very misleading; for instance, the supplement of 10,000 so-called "new words" was compiled by a gentleman who has been dead over thirty years, and was published before his death.
