GYMNYSTIC EXERCISES.—There has for a long time been talk of forming an athletic club in this city, procuring a suitable hall and furnishing it with the necessary apparatus of a gymnasium for the developement of the muscular tissues and the promotion of health. For this purpose a preliminary meeting of young men was held last night at Dr. John C. Griffith's office, there being present Dr. Griffith, Geo. C. Brown, H. P. McNary, Joe Baumgardner, Ed. Cusick, Ed. C. Giltner, Isador Greenbaum, A. E. Crosby, Burr Rowland, Lee Steiner Geo. Morris, W. L. Dinsmore, John Estes, Hal. Patton, John Farrar, Geo. Waters, Henry Meyers, Frank Welch, Frank Hughes, John Westacott, and Clare B. Irvine. Frank Hughes was elected president of the preliminary organization, Frank Welch, secretary, and Henry Meyers, treasurer. It is the intention to form a joint stock corporation immediately with a capital stock of $2500, which is already all subscribed. An appropriate name will be selected and the organization will proceed in a business manner. The movement should prove a popular one, as a resort of the kind contemplated can be made very beneficial to the young men employed at constant indoor labor or labor in which the muscles are not exercised. There will be a reading room, bath room, chess, checkers and like games in connection, so that brain and brawn can be cultivated at the same time.

THEIR OWN ORCHESTRA.—The Salem City band will give their opening dance to-morrow evening in their new hall, No. 104 State street. The band has just completed refitting the hall with new furniture. The floor has been re-canvased, and every thing added to make the hall look tasteful and comfortable. The dance to be given on Wednesday will be under the best management, and a pleasant time is assured. Only a limited number of invitations have been issued so the hall will not be crowded. The music will be furnished by the band's new orchestra, which is in excellent condition now for furnishing good music.

LOTS MORE COMING.—Mr. Kimball, who has just come here from Ohio to make his permanent home, was here some two years ago with a stock of horses, cattle, and sheep, which he sold to different parties here and east of the mountains. Last year he was back here collecting and this year he comes to stay, and he says he is but the forerunner of a large number of Ohio people who will come to this valley next spring. Mr. Kimball sold a valuable farm back there and the people thought there must be an extraordinary country out here to induce him to part with such a fine place. His accounts from here this winter will, he is confident, decide several wealthy Ohioans to make their homes with us next year.

RARE MUSIC.—The famous Liberati band passed through Salem this morning on their way to Albany to play for the festival of the Knights Templar to be held there to-night. The band stepped off the train and played a choice selection on the depot platform. There was a big crowd at the depot who highly appreciated the music of that great collection of musicians. The music was simply grand. There was a number of Portland people on the train going to Albany to attend the festival, and several others joined them from this city. A number of others will go up on the evening train.

CAMPFIRE AND REUNION.—Sedgpost No. 10, G. A. R., has appointed R. A. Crusan, F. E. Hoover and M. E. Goodell to arrange a grand campfire, reunion of old soldiers and a general good time for next Monday evening at their hall in State Insurance block. The preliminaries are not all perfected yet, but the personnel of the committee and our knowledge of what the "old vets" can do in this line is assurance that they will have a most enjoyable time.

NO DON'T.—Don't kick about the fine fall weather, but make the best of it by bringing your fruit to Squire Farrar & Co.'s. They pay cash and then sell you groceries at bed-rock rates.

ELECTRIC LINE WORK.—The Electric Street Railway company are making all the progress possible with their extension on State and Commercial streets. The track is laid, planked and leveled up to the curve where the crossing of the horse car line is to be made, which is at the east end of the switch on State street, and the required excavation is made around the turn on Commercial. A portion of the wire which has been so long delayed arrived last night, but the span wire and several other necessary little things failed to come, which makes the material on hand useless. The crossing which is to be put in at the intersection of the two tracks will have to be an accurate piece of casting. It was finished this afternoon at the Salem Iron works and will be put into position to-night. It is a pleasure to note that a Salem foundry can turn out even the most difficult castings required. The company telegraphed to-day for the remaining wire and appurtenances and upon its arrival the completion of the extension will be a short job.

ACCEPTS THE CALL.—Rev. F. H. Gwynne D. D., of Madison, So. Dak., has accepted the call from the First Presbyterian church of this city, and will be here to take charge probably by the 1st of December. Dr. Gwynne is recognized by those who know him and have been of his congregation in the past, as a minister of extraordinary strength of character and sincerity of devotion to the cause in which he is engaged. He is a broad gauge man, not hidebound in doctrine, but anxious for the elevation of Christian manhood and ready to recognize the meritorious in all workers for the same cause. The JOURNAL bespeaks for Dr. Gwynne a hearty welcome, a readiness to assist and co-operate, and that kind, encouraging treatment which is such great help to every worker in the vineyard.

EAST OF THE ROCKIES.—Rev. P. S. Knight, superintendent for the state school for deaf mutes, returned home yesterday from an extended trip through the East inspecting the management of other schools for deaf mutes. His trip extended as far east as New York city. Miss Lena, his daughter, who accompanied him, will remain in New York where she will attend an art school for the winter. Rev. Mr. Knight had the pleasure of acquainting himself with the management of several schools, and any features that appeared commendable will be introduced into the Salem school. Rev. Knight speaks of the trip as a very pleasant one to himself and daughter.

A SOLID FOUNDATION.—A person seeing the mud on Commercial and State streets sometimes would not be apt to realize the solidity of those streets just below the surface, as now appears in the digging for the electric railway extension. The work with the pick-ax is about as difficult as in a bed of hard-pan. This shows distinctly what a splendid foundation the gravel of the past few years has made for a pavement, when the city concludes to put it down, which will be before long.

YE OLD DAYS.—A four-yoke team of oxen went by the JOURNAL office to-day, attached to a forked stick of fir about 12 feet long and a foot in diameter at the butt. The driver attended afoot and on the primitive sledge was a dry goods box with about twenty bushels of grain, going to mill. It was a flue type of ancient and bucolic agriculture, and a good picture of the way-back condition of one element of Oregon's population.

OREGON WILL BE THERE.—Secretary of the Treasury Windom has determined to call a meeting of the lady managers of the World's Fair in Chicago, Nov. 18. They will receive $6 per day and expenses. Oregon will be represented in the person of Mrs. Mary Payton of Salem, and the lady will use her dignity and energies and all her utmost endeavor to see that Oregon is well represented.

GOING TO DALLAS.—Mr. and Mrs. Chapman, who recently came here from Ohio, have purchased the undertaking business of J. C. Campbell at Dallas and will make their future home there. Mrs. Chapman's maiden name was Garwood and she has relatives at Dallas, which is one of the inducements to move there. She is also related to Ralph Geer, of this county.

SENSIBLE MOVE. The Salem Street Railway company are having their track extended at the Southern Pacific passenger depot along the carriage shed and curving it in close thereto, so that passengers during rainy weather can step right off the cars under cover. This move will be highly appreciated by the traveling public.

PROBATE COURT.—In the matter of the estate of Stephen Porter, deceased, Marion Palmer, executor, presents to the court an inventory of the property of the estate situated in Marion county, amounting to $4,827.41; also an inventory of the property situated in Morrow county, amounting to $550.

LUMBER.—Contractors and parties contemplating building, should not fail to call on J. F. Jacobson for estimates on rough and dressed lumber. Yard and office near agricultural works. 9-26-e o d-tf.

Clothes pins—three dozen for 5 cents—at Crisman's 5 and 10 cent store.

THAT BABY.—Investigation is now in progress that may throw some light on the death of that baby spoken of yesterday, an event which caused such hilarious laughter between the "devoted" adopting mother and her "cousin" in the room with the corpse a few minutes after it's spirit had passed away. There may be something worth reading in this case before it is ended.

The Problem Solved—An Unrivaled Blood Purifier

Found at last in Hibbard's Rheumatic Syrup...A remedy which expels all poison matter from the blood. A well known citizen of West Lebanon, Ind., testifies to its value:

Gentlemen: It affords me pleasure to state that my wife has received greater benefit from Hibbard's Rheumatic Syrup than from any medicine she has ever taken. We have used six bottles, and find it to be the best family remedy we have ever used. It is truly all it is claimed to be by its founder. Yours truly,
