IF A BODY MEET A BODY

the result is a collision, whether "coming thro' the rye," or not. Life is full of collisions. We are constantly colliding with somebody or something. If it isn't with our neighbors it is with some dread disease that "knocks us off the track" and perhaps disables us for life. Women especially it seems, have to bear the brunt of more collisions and affrontons than mankind. In all cases of nervousness, headache, bearing down sensations, tenderness, periodical pains, sick headache, constipation, inflammation, or ulceration and all "female weaknesses," Dr. Pierce's Favorite Prescription comes to the rescue of women as no other medicine does. It is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturers, that it will give satisfaction in every case, or money paid for it will be refunded. See guarantee on bottle-wrapper.

CITY COUNCIL MEETING.

Only one Councilman Absent and "Business" the Word.

SOME PUBLIC IMPROVEMENTS ORDERED

Treasurer's Report--New Hose Cart--Alley Sewer Tax--Amending City Laws.

The council met in adjourned session at their chambers last evening with Mayor Williams presiding. There were present on roll call Councilmen Hirsch, Gray, Collins, Lafore, Strang, Brown and Hutton; Recorder Conn, Marshal Ross, City Surveyor Gesner and Street Commissioner Graham.

The minutes of last regular and called meetings were read and duly approved.

The committee on ways and means, to whom was referred the ordinance bill for the amendment of chapters one and two of the city laws, recommended amendments in relation to the fees of city recorder and marshal. Report adopted.

The same committee reported in the matter of improvements petitioned for by the citizens of Albert's addition, that that part of the city is fast settling up with persons who generally own their own homes and that these people are entitled to a fair share of the expenditures for public improvements. They, therefore, recommended that fire hydrants be placed at the intersection of Oak and Capital streets and the intersection of Twelfth and Leslie streets as soon as sufficient power is provided in the water mains to make the hydrants of service; to erect an electric light forthwith at the intersection of Oak and Capitol streets; that a bridge is needed on Capital street as petitioned for and would be a great convenience to the petitioners and to the public generally, and that the street commissioner have estimates, plans and specifications made with a view to advertising for bids for the construction of the same. The committee reported that the matter of improvement of the streets was not within its province and recommended that it be referred to the committee on streets and public property.

The report was adopted seriatim to the last recommendation, which was on motion referred back to the committe on ways and means with power to act.

The committee on accounts and current expenses reported in favor of the payment of the following claims against the city, and on motion the report was adopted and warrants ordered drawn for the several amounts:

The committee on streets and public property recommended that the prayer of the petition of Steves Bros. and others for a sewer through block 70 be not granted until the consent of property owners affected thereby is obtained. Report adopted.

Same committee recommended the granting of the prayer of the petition of H. J. Agers and others for a sidewalk along block 78, and the same was adopted.

The city treasurer's report for the quarter ending Sept. 30, was presented as follows and referred to committee on ways and means:

A petition was read from Capital Engine fire company asking for the purchase of a new hose cart to be drawn by a horse; also a proposition from P. J. Larsen & Co. to build a good and sufficient hose cart for a sum not to exceed $250. The whole matter was referred to the committee on fire and water.

The city surveyor reported the following amounts due from property owners in blocks 86 and 87 on account of alley sewers through said blocks:

Block 86—Mrs. L. H. Shirley, W W. Martin, M. A. Goodell, $68 30 each; A. Stanton, Thomas Townsend, Miss Emma Watrous, Napoleon Davis, each $34.15.

Block 87—German Reformed church $68.30; C. P. Chapman, S. A. Trimble, M. Rowley, D. W. and Jessie Base, J. A. Rotan, H. A. Johnson Sr., $34.15 each; Mrs. M. A. Harris, $24.33; A. Bayless, $45.97.

The recorder was instructed to place these sums on the lien record of the city and see that the same are collected.

A petition was read from Thos. Holman asking the opening of a street which has been unlawfully closed, and was referred to the committee on streets and public property.

Ordinance bill No. 70 amending chapters 1 and 2 of the city laws, as amended by the committee, was read a third time and duly passed, the same to take effect on and after the 1st of January 1891 and not otherwise.

An affidavit of A. E. Parker was read setting forth that a heifer belonging to him had been taken up, impounded and sold by the city, and that the residue of said sale after expenses, was $4, and a warrant was ordered drawn in his favor for said amount.

Bills against the city were read and referred to the committee on accounts and current expenses.

On motion the rules were suspended and the bills of J. B. Arbegast, $16, and R. L. Swartz, $110, were ordered paid.

On motion the city marshal was instructed to collect alley sewer assessments forthwith.

On motion certain outhouses between Commercial and Liberty, Marion and Union streets were declared a nuisance and the street commissioner was instructed to have the same removed.

The street commissioner reported a large number of dead trees filled with insects, in Marion square and asked instructions as to their removal. It was taken as understood by the council that the committee on streets and public property would give the necessary instructions relating thereto.

A HARDSHIP.—James Beaty, living down by Lake Labish, owns a barn which he had rented to a neighbor and in which the neighbor's horses were kept. These horses were taken sick and the stock inspector decided one of them had nasal gleet and he was condemned and shot. The barn was also condemned and orders given by the stock inspector that it be not used again. It is quite a good building and Mr. Beaty now needs the use of it, but what to do he does not know. It seems as if there ought to be some way of disinfecting or fumigating a barn so that there would be no danger of using it again and not cause such a loss and inconvenience. Mr. Beaty does not think the horse which was condemned from there had anything worse than a bad cold, anyhow, and feels perfectly safe in using the barn if he were allowed to do so. The state live stock commission should adopt some particular form of disinfecting to be observed that would allow a poor man the use of his barn. The present system works a hardship.

TREAT EXTRAORDINARY.—More complete enjoyment could not be contemplated than can be realized by listening to-night at Reed's opera house to the Mendelssohn Quintette Club and Concert Co., of Boston. Every player is a star of glorious magnitude on his particular instruments, while Miss Marie Barnard, the prima donna soprano, is one of the most delightful singers on the stage. The box sheet at Dearborn's shows that reserve seats are in good demand, but an early application this evening will secure favorable position. If you love grand music and singing of the highest order, you cannot afford to miss this evening's entertainment.

MORE NEWSPAPERS.—The surest sign of a fast increasing population is the springing up of newspapers here and there, and taking this sign for granted the Willamette valley must be getting a big immigration. The latest venture in this line is The Weekly News, at Halsey, Linn county, the first number of which is on the JOURNAL table. It is a neat five column, eight page, four pages printed at home and is well filled with local and general news.
