STOPS IN SALEM.

President Harrison Will be in This City About May First—Mass Meeting Monday Night.

Mayor D'Arcy received a telegram from the president's party this afternoon, which contained the good news that the party would stop in Salem. Their date here will be about May first.

A mass meeting is called for Monday night to make all arrangements for the reception.

WHAT WILL THEY DO.—Some persons have begun to ask, Will Polk county allow the bridge suit to enter the courts? From the present indications it seems it will, however embarrassing that may be to the two counties which have heretofore labored jointly and in harmony. Few persons will deny that there was a mistake made in connection with the bridge work, but that fact does not exempt Polk county, which aided in that mistake, from help paying its part on the same. Some are inclined to wonder in what attitude Polk county must submit itself, to ask Marion county to pay for its errors. If the case gets into the courts' it will be an expensive one from the fact it could not be tried before a jury in either Polk or Marion county, Judge Boise being a resident of Marion, Polk county would in all probability desire the case taken out of this circuit for trial. Polk county will probably see the mistake and pay the sum asked by that contracters and have the case with drawn before court meets, which will be the first monday in May.

SANTIAM LUMBER.—It is acknowledged by all who have cognisance of the facts that no better lumber timber for general purposes grows anywhere than in the mountains along the North Santiam river. There is now a yard in this city supplied from those forests, the product of the big mills owned by the Santiam Lumbering Co., at Mill City. This company is composed of reliable business men of Marion county Lee Brown, Thos. Sims, Wm. H. Hobson and John Shaw, of Stayton—and they will put no material on the market that will not meet every requirement. They have complete equipments, too, for turning out the best of rough or dressed lumber in all dimensions. The company owns several thousand acres of the best timber in the Cascades, which enables them to compete with any mills on the coast and they will do it. Their yard in this city is located on the south side of the Turner road at the junction of Thirteenth street, southeast of the S. P. depot, and will be in charge of the company's superintendent, Thos. Sims.

PICNIC SEASON COMING.—The picnic season will soon be here and now is the time to have the resorts trimmed up and the undergrowth cut away so that the grounds may be attractive and dried out. A few small parties have already been seen loaded for some favorite picnic ground with their baskets well filled with eatables. Mackay and a few other small country burgs manage to attract a large number of people from the city every year to their picnic grounds which are kept in a neat condition.

ELOCUTION AND PHYSICAL CULTURE.—Miss Ames will receive pupils in the classes beginning Wednesday and Thursday of this week at the University chapel. Private pupils received at any time. 4-14-2t*

DAMAGE SUIT ENDED.

Julius Kumli Awarded $1500—Five Days Before the Court.

The case of Julius Kumli, of Eugene, against the Southern Pacific company, which has occupied the attention of the court since Tuesday morning was submitted to the following jury at 11 o'clock this forenoon: T. VanWasenhove, R. Whitney, Frank Ruskay, James Kennady, John Harritt, W. H. Phillips, Lewis Wentz, W. R. Townsend, T. Smith, S. H. Cooley, Phil Bowers, W. E. Iler.

After being out about two hours and a half the jury returned a verdict in favor of the plaintiff for $1500 and costs.

The case was given to the attorneys last night for argument. The attorneys to address the jury were A. C. Woodcock, of Eugene, on behalf of the plaintiff. He was followed by N. B. Knight and Judge E. C. Bronaugh for the defence. Filmon Ford closed the arguments for the plaintiff this forenoon. It has been an expensive trial, owing to the time and large number of witnesses subpoenaed.

The Leonard case against the same company is set for Monday. It will probably be in the court as long as the one just ended.

THE CITY BUILDING.—It seems now that the council has not sold the city building after all. When the sale was made the buyer Sam Adolph, understood that he was to pay one-third down and the rest when he took posession. The council was of the opinion that the contract called for one-third when the sale was confirmed and the remainder when the deeds were given. The deeds were offered a few days after the council confirmed the sale. The use of the building was also reserved until the first of September. It was learned from members of the council that satisfactory arrangements could possibly be made with Mr. Adolph, but he seems now not to urge his claim. It has also been said that the property would probably go to the next lowest bidder, Mr. Hubbard, but some of the council will not consent to that. They say the property is worth $20,000. The land itself will be worth that in a few years. The matter will be settled at the next council meeting, which will be Tuesday evening of next week.

PAINT ABOUNDS.—South Salem hill seems to be full of paint, or a material suitable to make paint from. John Stanley, who has been digging a ditch through his property on Bush street, has discovered a material similar to that found on this side of the hill. The mineral seems to abound in that part of the city. Samples of the first discovered have been sent to Prof. Condon, of Eugene, and Prof. Starr, of the Willamette university of this city, to be analyzed.

A FREE LUNCH.—A tramp went to the home of J. D. Roberts, of Woodburn, a few days ago, and finding no one at home he pried open the kitchen window and entered the house. A little girl who is staying at Mr. Roberts', on returning home from school discovered him leaving the building, and immediately gave the alarm. Upon examination it was found that he had not helped himself to anything but a square meal.

WILL PLAY BALL.—Joe Leveque and Matt Stanley arrived in Salem last night from California, and are now members of the Salem base ball team. The club has no grounds at present on which to play. The lease has expired on the Highland grounds and the Oregon Land company refuse to renew the lease. An effort will be made by the club the coming week to secure suitable grounds where practice can be had at once.

NEW LINE.—Rare and delicately tinted shells of the Pacific coast, souvenirs made from the big trees of California, view albums, etc., at Geo. F. Smith's, 307 Commercial. Call and see them.

THE BUILDING BOOM.—That is what Salem has just now, and contractors and others should be sure to order their lime, cement, etc., of Farrar & Co., at once.

OREGON HOUSE.—Mrs. B. J. Sharp will take charge of the of the Oregon House the 13th of April. As soon as possible everything will be made pleasant and comfortable for those who wish a quiet boarding place. 4-11-1w

REMOVED,—The stove and tin store of Barr & Petzel has been removed from next door to Ladd & Bush's bank to 247 Commercial, two doors north of Red Corner drug store. 3-7-dtf

LADIES.—If you are close buyers of durable and fashionable shoes look up the figures made by Klein, the Salem shoe man.

ART EXHIBITION.—Look out for the art exhibition at the Singer Manufacturing company's office, 327 Commercial street, commencing April 16th. 4 10-tf

A BARGAIN.—Two hundred extra Italian prune trees at a bargain for a few days. H., JOURNAL office. 4-14-3t

SALEM SOCIETY MOVEMENTS.

PINK GREENAWAY.

On Tuesday evening the beautiful home of Mr. and Mrs. O. E. Krausse was the scene of the most enjoyable affair of the season. The occasion was a "pink Greenaway" given by the young ladies of the Avenue Tennis club. The parlors and dining hall were beautifully decorated with pink ribbons and flowers, and the picture presented by the gay throng in costume, "en masque," was one not soon to be forgotten by those whose good fortune it was to be there. At 9:30 the grand march took place, after which dancing, card playing and "tiddledy winks" was the order of the evening until midnight when the doors of the dining hall were thrown open and a lunch, such as only the young ladies of the club can prepare, was served to all. At about 1 o'clock the participants were grouped and "flash light" photos were taken by Miss Myra Albert. Dancing was again the order until the time for breaking up, when all left feeling that they had passed one of the most enjoyable evenings in the history of Salem's social doings. Those present were: Miss Kate Dalrymple, Miss Jessie Dalrymple, Miss Rita Lonsdale, Miss Louise Heulat, Miss Kate Dearborn, Miss Grace Gillingham, Miss Ella Hirsch, Miss Lulu Hirsch, Miss Grace Sroat, Miss Edna Moody, Miss Helen Edes, Miss Buss, Mrs Geo. Brown, Miss Cotter, Portland, Miss Messick, Miss Gusta Palmer, Miss Nettie Meredith, Miss Myra Albert, Miss Gertrude Holverson, Mrs. Geo. Shirley, Astoria, Miss Nellie Litchfield, Mr. Joe Albert, Mr. John Westacott, Mr. Paul Sroat, Mr. Harry Keller, Mr. Henry Myers, Mr. Hugh McNary, Mr. Otto Wilson, Mr. Frank French, Mr. Clare Baker, Mr. Max Buren, Mr. Phillips, Mr. John Phillips, Mr. Ed Crawford, Mr. Homer Craven, Mr. Harry Singleton, Mr. Geo Brown.

FOUR SCORES AND ONE.

Mr. and Mrs. I. L. Patterson gave a birthday party to Mrs. Patterson's grandmother, Mrs. Buckingham, at their home on Gaiety hill on Tuesday evening in honor of her 81st birthday. The old lady is one of the pioneers to Oregon, having come here 35 years ago and since that time has lived in Salem. In her girlhoods day she was a pupil of Dr. Whitman, who was murdered by the Cayuse Indians in the Whitman masacre near Walla Walla in 1847. Mrs. Buckingham has had the misfortune in her old age to lose her eyesight. This occurred about three years ago, otherwise she is in good health. She received several nice presents. At the party were: Mrs. Dr. Belt, Mrs. Huelat, Mrs. Albert, Sr. Mrs. Jos. Holman, Mrs. R. S. Dearborn, Mrs. S. Bozorth, Mrs. Jos. Sellwood, Mrs. E. N. Cooke and Mrs. A. L. Buckingham.

TONIGHT'S DEBATE.

The big debate of the season will take place tonight in the hall of the Alka-Hesperian society, in the Insurance building. The question is a live one and is discussed in all circles and clubs, still it is not one on which all agree. That is the reason the discussion will be attended with interest. The question reads: "Resolved, that the country should be put on a war footing immediately." Judge Pratt and Dr. Cusick are the leaders in the debate, and will be assisted by able speakers. The discussion will open at 8 o'clock. Visitors are welcome and ladies invited to attend. After one more week the society will probably close their meetings until after the summer vacations are over. During the short evenings the meetings of the society as well as other social doings are not so well attended and it is considered best to adjourn until about October.

THE CIRCUS IS COMING.

Queen Jumbo and Jo-Jo will be in Salem Monday April 27. The announcement of the coming of McMahon's Circus heralds the advent of the largest animal known to history, as well as many new interesting arenic featuses destined to create quite a furore. The car arranged to bring her majestic majesty from the Atlantic to the Pacific was found to be too low, causing a few days delay, to enable the car builders to raise the roof and lower the floor between the wheels. It was the doubtful whether the car could go through the tunnels en route. The movements of the big one across the continent being telegraphed from point to point caused much enthusiasm among the people along the line, immense crowds gathering at the stations, only to be disappointed, as the weather was cold and the mastadon could not be exposed.

EXCURSION TO ALBANY.

The Willamette University will give an excursion to Albany on Saturday May 2. One of the largest boats that can be had to run that far up the river will be used. The success of the excursion given by the school last year, when many had to be refused tickets, as the 200, the number allowed on the boat, had their tickets a week before hand. The excursion will be given under the auspices of the university band which will furnish music for the occasion. A grand time is expected.

MIRTH AND MUSIC.

The Heywood Company by last night's performance at the Theater in this city fully redeemed the promises to the public to give "better satisfaction than any other organization of the kind on the road." Alba Heywood, who as an impersonator and fun-maker has had no competitor since Sol. Smith Russel's best days, gave a wide range of characterizations which stamped him as a genuine artist and put him in great favor with the audience. Signor Jovine possesses a tenor voice of rare range, power and sweetness. Mr. Couturier is the best corneter heard here since Levy came many years ago, and Miss Miller is a violinist of merit. Dewey Heywood's playing of the flute proved him to be a master of that instrument, and Clint Heywood excited much admiration by his solos on the euphonium.—Nevada City Transcript.

This company will be in Salem on Tuesday evening April 30.

PERSONAL MENTION.

Mrs. J. H. Brooks and her baby are both victims of la grippe.

Judson Foss, a Chicago friend of the JOURNAL editors, is in the city.

Miss Rosa Moore, a student at the university, went to her home in Scio today to spend Sunday.

Miss Hansee, dean of the Woman's college, has been away from her class in the university several days with la grippe.

A. B. Gleason, a pioneer to Oregon, who lives in the north end of the county, returned from a trip to California a few days ago.

The Gervais dance, Thursday night of last week, was a success socially, but not financially It is reported a calico ball will be given in a few weeks in that burg.

Mr. and Mrs. Albert Whyte, of Tacoma, are visiting with Prof. and Mrs. Arnold on Piety hill. Mrs. Whyte is a sister of Mrs. Arnold. Mr. Whyte says Salem is the most attractive city he has visited on the coast.

Stand Your Ground.

When you make up your mind to take Hood's Sarsaparilla do not be induced to buy some other preparation instead. Clerks may claim that "ours is as good as Hood's" and all that, but the peculiar merit of Hood's Sarsaparilla cannot be equaled. Therefore have nothing to do with substitutes and insist upon having Hood's Sarsaparilla, the best blood purifier and building-up medicine.

Nearly Frantic.

Has it ever been your misfortune to be brought in to frequent contract with a person excessively nervous. If so, you must be aware that trivial causes, unnoticed by the vigorous, drive a nervous invalid to the verge of distraction. It is as unnecessary to particularize these as it is impossible to guard against them. The root of the evil is usually imperfect digestion and assimilation. To assist these functions, and through their renewed, complete discharge to reinforce weak nerves, in conjunction with other portions of the physical organism, is within the power of Hostetter's Stomach Bitters, systematically and continuously used. There is no disappointment here, no matter what or how grievous the failures of other so called tonics. No sedative or opiate—avoid both!—can compare with this invigorating nerve tranquilizer. Constipation, biliousness, malaria, rheumatism, kidney troubles are cured by it.

FRIDAY.—You cannot afford to miss the entertainment in the M. E. church Friday evening. A good program has been arranged.

School hats for 25 cts. at Calevrt's.

Wonderful Results often follow the use of Hood's Sarsaparilla. Severe cases of scrofula, upon which other preparations have been powerless, yield to the peculiar curative powers of this medicine. Distressing cases of dyspepsia, excruciating complaints of the kidneys and liver, agonizing itch and pain of salt rheum, disagreeable cases of catarrh, and aches and pains of rheumatism, are cured by Hood's Sarsaparilla. It purifies the blood, and at the same time tones the stomach, creates an appetite, and gives strength to every function of the body. Give it a trial.

General Debility

"For four years my wife suffered with large tumor bunches on the glands under the arms, and general debility of the whole system. She became so poor in health that we were on the verge of despair regarding her recovery. Physicians did not seem to understand her case; at all events she never derived any benefit from their treatment. She finally concluded to try Hood's Sarsaparilla. The immediate effect was so marked and satisfactory that she continued to take it, and this is the result: She has gained in weight

From 84 to 111 Pounds

and is stronger and in better health than she has been for years. The bunches under her arms have diminished, and we believe Hood's Sarsaparilla will be too much for them in time." J. J. NORCROSS 226 Commercial Street, Boston, Mass.

DON'T
Buy a lot in
YEW PARK

Unless you want to build on it.

YEW PARK IS IN THE CITY.

The city water mains are laid through it. It is so near the Depot, University, Postoffice and business portion of the city that it is not necessary to ride, although the street cars run through it and leave every twenty minutes for Commercial street, North and East Salem. YOU CAN'T SPECULATE IN YEW PARK PROPERTY—the proprietors will attend to that; but you can buy a better home site there than in any other portion of the city for the same money. You will have no dust in Summer and no mud in winter. Its perfect drainage insures its healthfulness. The lots are large and many of them beautifully shaded with yew, fir, ash and oak. If you want to buy blocks of lots on speculation, and let them lie unimproved and let adjoining property make them valuable, don't patronize Yew Park.

It Is not Built That Way

If you want to speculate on options or blocks of eight or ten lots, go out in the country, NORTH, SOUTH, EAST or WEST, or to the suburbs of Portland, Astoria or on the Sound, and invest in a paper town, or, what is better, buy a ticket in the Louisiana lottery, but keep away from Yew Park.

Lots sold at low prices on long time and easy terms to home seekers. 4-14

Sheriff's Sale.

Notice is hereby given, that by virtue of an execution duly issued out of the honorable Circuit Court of the State of Oregon for the County of Marion, on the 26th day of March, 1891, and to me directed upon a judgment and decree duly rendered, entered of record, and docketed in and by said Circuit Court on the 9th day of February, 1891, in a certain suit then in said court pending, wherein Corbitt and Macleay were plaintiffs and Monroe Cleaver and Columbus Cleaver were defendants, in favor of plaintiffs and against defendants, by which execution I am commanded to sell the real property hereinafter described, and out of the proceeds of such sale to pay the costs and expenses of such sale.
