A COMPANY FROM BOSTON.—Messrs. Griffin & Wilson's attraction at the opera house tonight will prove a draw. Everyone knows the Musical Comedy "Peck's Bad Boy and his Pa," a dramatization of the famous "Bad Boy" sketches of Geo. W. Peck, editor of the Milwaukee Sun. The entertainment is in three acts or scenes—The grocery store, the bad boy's home and the picnic grounds. The many characters are the bad boy, his chum, his girl, his pa, the policeman, the servaut girl, the doctor, the old soldier. The show is irresistibly funny; the company presenting it is said to be qualified in every way to give excellent performances.

THE INVESTIGATION—Of the penitentiary so far has covered the testimony of M. J. McKinnon, whose statements were on the administration of Collins, Clow and Downing, relating to discipline, etc Sheriff Ganong testified on subject of Foundry company paying $15 a month extra to some shop guards; H. S. Simon testified in regard to tobacco contracts. So far nothing very detrimental to Mr. Downing has developed. The committee meets again at 2 p. m.

TEACHERS' EXAMINATION.—About fifty applicants appeared before County Superintendent Graham at 1 o'clock at the circuit court room Prof. H. H. Smith, of Salem, and Prof. C. P. Strain, of Aurora, are assisting in the work, which will take several days.

COUNTY COURT.—There was a session today, beginning at 9 o'clock. Action was had on the Silverton road from Scanty to Silverton, granted. Viewers were appointed in the Thomas Davis road, and the road through the Phelps' road; the Moody road was up on petition.

CITY COUNCIL PROCEEDINGS.

No Hasty Action in Relation to Disposition of City Property.

Mayor Gatch and full council met in regular session Tuesday evening.

Council went into committee on the whole on city fire property.

THE FIRE PROPERTY

was up for discussion. Several citizens were present and made offers for a new city hall and fire department. Cross was opposed to any delay in action one way or other. Smith was in favor of buying the Napoleon Davis corner. Hunt said it would be wise to wait until next meeting, when the charter would be adopted. Gatch opposed haste. The engine house bid in for $15,000, refused $17,000 Smith favored buying at once. Gray favored waiting until tax matters were settled. Albert said now was a good time for the city to buy. The Davis place was near by and well located. Temporary accommodations for an increased fire department were indispensible. Judging the future by the past no such site could be secured again soon. Hunt said the city had ground on the west end of Wilson avenue where a building could be erected. Gatch said the city should sell this property and pay off $15,000 on its indebtedness and save interest. On question of postponing, for five against three. This was considered in committee of the whole.

WHAT IS OFFERED.

The following city property was offered: Chas. Riley's, $6500; Dr. Golden, $2800; Mrs. Thompson, $6000; Geo. Burnett, $5000; Mr. Davis, $5250.

REGULAR ORDER.

The committee report was then considered. Albert opposed the report. Cross also opposed. Those for report Hunt, Lafore, Gray, Olmstead; against Klein, Albert, Cross, Smith; mayor decided for delaying the matter. Klein's motion to buy Davis' property was taken up and decided in same manner.

FIRE DEPARTMENT.

The committee on fire and water reported substitute ordinance and recommended that good and comfortable quarters be provided for the following fire companies: Salem Co. No. 3, and H. & L. Co. No. 1. Filed.

Hunt moved adoption of substitute. Carried.

Cross reported on hose wagon. One could be bought for $625, carrying two thousand feet of hose—the Wayne hose wagon, which was ordered purchased by the committee.

Lafore moved that when council adjourned it be to Friday night. Carried.

Albert offered resolution of protest against any change in city charter relating to street improvements. Adopted unanimous.

COMMUNICATION

from Capital Engine company, protesting against reorganization of fire department, and demanding settlement from city to certain property. Albert moved reference to city attorney. Cross said the company had not had an existence as such for eight years, but had drawn $180 a year from the city. Reference carried.

MORE LIGHT.

Petition of J. S. Graham and others for electric light at crossing of Twelfth and Water streets. To ways and means.

Report of City Attorney Bingham relative to opening Court street. Adopted.

Street commissioner was directed to lamps on High and Marion, and at depot. Albert moved that marshal and police report defects in city lighting to Electric Light Co. Carried.

ORDINANCES

Fixing compensation of marshal at $1500 a year for all services, to collect all fees except state and civil cases, and paying them into the city treasury. To 3d reading.

Regulating and providing for paid fire department, as heretofore outlined in JOURNAL. To third reading.

FINANCE REFORM.

The committee reported the following which was adopted:

"We further recommend that hereafter all supplies for the different departments be bought on a requisition from some qualified officer, and all requisitions be returned with bills, in order that the responsibility of the purchase may be traced.

"Further that the recorder be instructed to have the necessary blanks to be used under this recommendation."

$39.30; Baker Strang, $8.15; R. & H. Dearborn estate, $4.95; Salem Light and Power Co., $401; R. McKillop, $21.60; J. H. Wood, $21.60; H. H. Robinson, $21.60; A. Burnett, $21.60; R. L. Swartz, $45.60; Santiam Lumbering Co., $40.35; G. G. Bingham, $50.00; R. A. Kirk, 50 cents; Ellis & Whitley, $5; Gartner & Darr, $11.25; J. G. Wright, $9.80; Dr. J. N. Smith, $5; G. Stolz, $15.80; D'Arcy & Bingham, $75.

Annual reports of ex-Recorder Goodell and City Marshal Minto were reported correct.

Rebate of $10.40 taxes allowed R. H. Coshow.

CITY PROPERTY.

The committee on streets and public property recommended the rejection of the bid of Thomas Holman for the Tiger engine house property and the confirmation of the sale of the Capital engine property to Mr. Holman; adopted. The bids were: Tiger engine house property, $2,300; Capital engine house and adjoining property, $15,000.

The mayor and recorder were authorized to deed the property to Thomas Holman.

Mr. Holman's offer to rent the council chamber and city jail to the city for the sum of $25 per month, or the period of one year or less, accepted.

The opening of Mill street was deferred until some action is taken on amending the city charter.

The petition for a sewer through block 53 was referred to the streets and public property committee.

COURT ROOM REPAIRS.

Bids Opened for Remodeling the Circuit Court Room.

At 2 o'clock this afternoon the county court opened the bids, eight in number, on remodeling the circuit court room. The bids were as follows:

Wickstrom & Cheney	$1266 00
Vandecar & Smith	1437 00
C. D. Wilson	1195 50
Craven & Ollinger	1144 00
Zapp & Fiester	1047 00
C. Van Patten	1248 25
J. F. Owen	13 0 00
J. J. Emert, W. H. McOscar	1149 00

Messrs Zapp & Fiester's bid is the lowest, and as they are responsible bidders, the contract will no doubt be let to them.

A MODEL HUSBAND.—The complications and absurdly ridiculous situation arising from a husband's little, innocent flirtation with a charming young widow in the rollicking comedy "A Model Husband" should be seen by every benedict as well as those who still cling to single blessedness. It is a lesson both intensely interesting and instructive and we hope that all who contemplate investing in the matrimonial lottery may attend and get pointers. There are said to be four acts and one thousand laughs to the play, and that John Dillon is simply immense as only Dillon can be. At Opera House Fridag night.

WORLD'S FAIR VETO.

Gov. Pennoyer Vetoes the Senate World's Fair Bill.

At 5 o'clock this afternoon Governor Pennoyer sent his veto of the Matlock world's fair appropriation bill to the senate. It is not believed that it can be passed over his head.

NOTES FROM STATE HOUSE

J. H. Albert was a legislative visitor today.

* * *

L. M. Cox, attorney at law at Albany, stenographer and typewriter, for the penitentiary investigation.

* * *

THE JOURNAL yesterday quoted the governor exactly the opposite from what he said. We printed the following words:

Governor Pennoyer says he favors the repeal of the mortgage tax law, saying he never could see why such credits should be taxed.

The copy was transmitted from the State house by telephone and was put in type just the opposite from what the governor wished to be quoted. What the governor said was that he has never favored the repeal of the mortgage tax law, and does not see why such credits should not be taxed.

* * *

The Lawton tax bill is not yet in the hands of the governor, but he prefers to see this law go into effect to securing no relief from the present system.

* * *

The city council last night protested against any change being made in Sec. 27, of House bill No. 274, the Salem charter bill. Some citizens are seeking to have the provision changed from two-thirds to a majority, who shall be required to vitalize a protest against any street improvement. This is the section referred to:

Section 27. Within ten days from the final publication of such notice the owners of more than two-thirds of the superficial area of the property adjacent to such street or part thereof, as the case may be, may make and file with the recorder, a written remonstrance against the proposed improvement, grade or alteration thereof, and thereupon the same shall not be then further proceeded in or made.

And the particular improvement so defeated by remonstrance shall not be again proposed for six months, except on petition of two-thirds of the property to be effected thereby. But notice may be at once given of a different kind of character of improvement from that first proposed.

* * *

Would-be railroad commissioners are thicker than the conventional hirsute appendages on the traditional calf. Eastern Oregon now has entered in the race, Donaldson and Cook of Baker City, Norval and Hamilton of Union, Reeves of La Grande, and Burroughs and Gould of Pendleton.

* * *

The governor will veto the appropriation bill for the Oregon national guard. It carries $45,000. Under present law the militia of the state gets one fifth of a mill, which for the next two years would yield about $80,000, more money, the governor claims, than they would know what to do with. The militia members of the legislature will now ask that enough to pay their debts be included in the general appropriations bill which the governor cannot well veto.

"THE PRODUCTION of an abundant growth of hair, of a silk-like texture and of the original color, often resulting from the use, by those who have become bald or gray, of **Ayer's Hair Vigor:**

"I was rapidly becoming gray and bald; but after using two or three bottles of Ayer's Hair Vigor my hair grew thick and glossy and the original color was restored."—M. Aldrich, Canaan Centre, N. H.

"A trial of Ayer's Hair Vigor has convinced me of its merits. Its use has not only caused the hair of my wife and daughter to be abundant and glossy, but it has given my rather stunted mustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"I have used Ayer's Hair Vigor for the past four or five years and find it a most satisfactory dressing for the hair. It is all that I could desire, being harmless, causing the hair to retain its natural color, and requiring but a small quantity to render the hair easy to arrange."—Mrs. M. A. The Advertising

Of Hood's Sarsaparilla is always within the bounds of reason because it is true; it always appeals to the sober, common sense of thinking people because it is true; and it is always fully substantiated by endorsements which, in the financial world would be accepted without a moment's hesitation.

For a general family cathartic we confidently recommend Hood's Pills.

Continuing the Canal.

PARIS, Feb. 8.—The executive committee appointed at the meeting of Panama canal stockholders on January 15th has issued a statement that the ministers of finance and official receiver have approved a plan for continuing the work on the canal without applying for an extension of the concession from Columbia.

The committee takes the ground that De Lesseps' original six-year concession is sufficient.

In Congress.

WASHINGTON, Feb. 8.—The house proceeded in committee of the whole to the consideration of the legislative appropriation bill. Dingley said the appropriations made by this congress would reach $1,038,000,000, against $968,000,000 made by the 51st congress, an increase of $50,000,000.

Tariff legislation foreshadowed would undoubtedly diminish the revenue unless the duties should be made low enough to enormously swell importation. Dockery estimated the probably deficiency to June 30, 1894, at $16,996,500. Taking the statement of the secretary of treasury, the conclusion is irresistable that public expenditures must be materially reduced, taxation increased, or a new issue of bonds made to meet the impending liabilities. The bill was then read for amendment, and amendments were offered respectively by Wheeler, to reduce compensation of member of congress to $4000, and by Miller, to reduce compensation of the president to $25,000, were rejected. Without disposing of the paragraph, the committee arose and the house adjourned.

Little Johnie, on seeing a skeleton for the first time, exclaimed, Why, but they skinned her mighty close, didn't they! She looks worse than Aunt Jane did, before ma gave her that bottle of "Favorite Prescription!" "Aunt Jane" was so completely worn out, by prolapsus, periodical difficulties and nervous prostration, that she was a constant pain fever, night and day, but Dr. Pierce's Favorite Prescription acted so prompt and favorably on the uterus and other organs, that she suffers no pain at any time, and her general health was never better. As a remedy for all female weaknesses, as a strength giving tonic and quieting nervine, Favorite Prescription" is unequaled. Guaranteed to give satisfaction or price ($1.00) refunded.

Completely Uprooted.

How many remedies there are which merely relieve without uprooting disease. The contrast with sterling medicines which such palliatives afford, not only enhances the dignity of the former, but serves to emphasize the folly of employing half-way measures when thorough ones are available. A marked instance of this is the effect, on the one hand, of Hostetter's Stomach Bitters in cases of chills and fever and bilious remittent, and on the other of ordinary remedies in malarial districts. By the Bitters, malarial complaints in every stage, and of the most malignant type, are completely conquered and lose their hold upon the system. They are rarely, if ever, dislodged by the ordinary resources of medicine, although their symptoms may unquestionably be mitigated through such means. The same holds good in indigestion, biliousness kidney complaint, rheumatism, nervousness and debility. By the Bitters they are cured when many remedies fail.
