Hood's Pills

Receive full, regular action of the bowels, do not irritate or inflame, but leave all the delicate digestive organs in perfect condition. Try them. 25 cents. Prepared only by C. I. Hood & Co., Lowell, Mass.

Daily Capital Journal.

BY WORK BROTHERS.

WEDNESDAY, JUNE 22, 1892.

A prominent Republican declares that if the Republicans do not remove such a man as Terrell it is time to defeat the whole party in city, county and state. This sentiments are no doubt in the minds of many others. The better and more conscientious men in the Republican party do not like the trend of things in the Republican party of Marion county of late years. In 1886 the party put up a reform platform and put some of its best men on the state and county ticket. A legislature was chosen that reduced appropriations, lowered taxes in state and county. In the last spring campaign the worst elements of the party asserted themselves. Men who had made a better than average record in the legislature were turned down and men who did well in county affairs were set aside because they had done so. County Judge Hubbard who did many things that might have been done better or differently had kept his pledge to get the county out of debt and lower the taxes. He was nominated by a farmer, Alex La Follette. If Hubbard had done wrong La Follette would never have upheld him in it. Jim Hubbard's name was received with howls and hisses by the convention of 1890. The city bosses had got in their work. Hubbard was defeated. His friends imagined it was the Grim men in the convention hissed him and they turned against Grim and Terrell was nominated. The city bosses triumphed and the gang has been in the saddle ever since. The county has today $60,000 of warrants afloat and will be $100,000 in debt before the end of the year. The thing for Republicans to do is to insist on honest and straightforward business methods in state and county and city government, instead of upholding ringsters and grabbers and grafters in the name of party loyalty. Unless a different tone can be infused into party councils no honest man will want his name connected with a government labelled Republican. It is no longer a majority party in Marion county affairs. Unless it purify its methods and stop the raids now planned on the county treasury it has no future. The way for a man or party to have a future is to deserve it and then they don't always get it. But it has got so that any man in Marion county, who refuses to "boodle" and "stand in," is not a good Republican.

There are a great many men in the party who are not actuated entirely by pocket. We offer our congratulations to the Republican who wants his party defeated. It is inevitable that a party so long in power as the Republicans in Marion county should grow corrupt. It may be that a good drubbing by the Republicans themselves would prove a blessing. He need not be alarmed if his suggestion meets with favor. There are people enough in Marion county to defeat any man who screens the present combine. Mutilation of county records, $1600 experting jobs that do not reveal anything, and grandstand demands for searching investigations by ring politicians will not help the Republican party. Nothing but infusion of common honesty and open methods of dealing with the people and some respect for the rights of the taxpayer to have his money stolen at least according to legal forms will help the Republican party of Marion county. It is a hopeful sign that men are beginning to see the necessity and importance of this before the party has degenerated into a mere rabble of grafters and daylight plunderers of the people.

During the first half of June there were shipped from Huntington and Ontario 900 carloads of cattle, or about 15,000 head. This, at at average of $20 a head, would mean $300,000.

BRYAN'S VISIT TO OREGON.

LEBANON, ORE., June 21, 1892.

EDITOR JOURNAL:—The contemplated visit of W. J. Bryan to Oregon will certainly be productive of much good, and do much toward the promotion of the silver cause in this state. He will no doubt be heartily received by everybody, regardless of politics. All that his enemies can say against the distinguished orator is "that he is crazy on the Silver question," at the same time conceding his ability as a great man, a great thinker and a world renowned orator. Mr. Bryan made his first political speech at Centralia, Ill., when only 12 years of age. Even at that early age he held a vast audience spell bound under the sway of his eloquence. Since that time he has rapidly developed into one of the most noted men of the Nineteenth century. On March 21, 1892, Mr. Bryan made a speech on the tariff question, which marked him as one of the brightest, ablest and most eloquent men in congress. In A gust 1892 Bryan scored a victory in congress, that caused his name to go down in the annals of history as the grandest advocate of bimetallism in the world. That famous speech was on the free and unlimited coinage of silver, and at its conclusion every member of the house, Democrat and Republican moved up in procession to Bryan's seat and warmly congratulated him on his able effort. But the height of Bryan's glory was not yet reached; there was yet a brighter star in the distant horizon for the young congressman. On the 9th day of last July the Democratic National convention met in Chicago for the purpose of nominating a candidate for president of the United States.

The eyes of the people were turned on this convention, and from this convention they expected a man to be nominated who would emancipate the American people from the bonds and degradation of a gold standard. The platform making the money question the paramount issue in the campaign was adopted and Hon. W. J. Bryan of Nebraska was nominated. His speech at the Chicago convention was a masterpiece of logic and eloquence, and in short, has made him famous.

Mr. Bryan will speak at Lebanon on Monday, July 12, at 8 a. m. Excursion trains will be run from Salem and Eugene. Let every body come. You will be royally received. We have of plenty good camping ground, and those desiring to camp can do so free of charge.

G. F. SKIPWORTH.

Wise Men Know.

It is folly to build upon a poor foundation, either in architecture or in health. A foundation of sand is insecure, and to deaden symptoms by narcotics or nerve compounds is equally dangerous and perceptive. The true way to build up health is to make your blood pure, rich and nourishing by taking Hood's Sarsaparilla. Hood's Pillsact easily and promptly on the liver and bowels. Cure sick headache.

The new Presbyterian church is now about completed at McMinnville.

ATTRACTIVE FIGURES

come with good health. It is easily seen when a woman has perfect health, her face and figure show it. The painful disorders and diseases that afflict womankind make themselves seen as well as felt. Dull eyes, blotched or sallow face, and a wasted form, follow them. This is the time to turn to the right remedy. Dr. Pierce's Favorite Prescription builds up and strengthens the system, and regulates and promotes every proper function. It's a quieting, soothing nervine. It corrects and cures safely and surely, all those delicate derangements, weaknesses, irregularities and diseases peculiar to the sex.

For young girls just entering womanhood; woman at the critical "change of life"; and every woman who is "run-down" or overworked, it's something to remember that there's a medicine that will help you.

"FEMALE WEAKNESS."

MRS. BYRON DAMARD. MRS. DAMARD, of Milford, Prince Edward Co., Ont., Canada, writes: "A few years ago my health failed. I was troubled with female disease in its worst form, having been afflicted about fifteen years. I was also troubled with constipation, loss of appetite, dizziness and ringing in my head, nervous prostration, hysteria, loss of memory, palpitation of the heart, together with 'that tired feeling' all the time. I consulted several physicians—no one could clearly diagnose my case and their medicines failed to give relief. After much persuasion I commenced taking Dr. Pierce's Favorite Prescription—have taken five bottles and am a well woman doing my housework; from a run-down condition I have been restored to health. I feel it my duty to recommend your 'Favorite Prescription' for ladies afflicted with female diseases as I have been."

A CONTRACTORS QUERIES.

To Judge Terrell, Salem Oregon:

DEAR SIR: Will you please tell the people of Marion county who gets the $1,500 "rebate" on the recent court house "improvements." We know that $750 will cover the entire expense and you allowed $2,250, hence a $1,500 "rebate." We understand pretty well how the insurance "rebate" was divided. But what we want to know now, is, who gets this $1,500? The tax payer, "De gang" or is it a special compensation for your inherent virtues? Or is it a reward for the "Sound Money Democrat Push?" An early reply will be appreciated by the tax burdened people of Marion county.

Yours very truly,

A. BUILDER.

Crops and Weather.

The rain has been most beneficial. Fall and winter sown grain have been greatly improved. The grain sown before March 1st now promises to be a good average crop; an improved appearance in the grain crop, is reported.

Haying has commenced; rains have delayed the work, and some hay has been wet. The hay crop will be short; a few localities in the coast counties report a large hay crop, but elsewhere it is reported to be short. The rains have been of benefit to the late hay but no amount of rain will make the hay crop an average one.

Corn is making a good growth. In a comparative sense, little corn is grown in Oregon on account of the cool nights preventing that successful growth, which, as a rule other vegetation has.

Hops are making rapid growth. The cool, cloudy and humid weather conditions are favorable to the development and increase of the hop louse and they are appearing in great numbers. Sugar beets are making excellent growth, and the growers are delighted with the prospects. Flax for fibre is 10 inches high, and is making most satisfactory growth. Vegetables have made good growth, the weather has been very favorable for them. Late planted potatoes are up and growing well, while early planted are being dug and put upon the market.

Cherries are plentiful; the cherry crop is larger than was anticipated. Peach trees are being hand-pruned, on account of being overloaded with fruit. The prune, pear, and apple crops are more promising, and many correspondents report trees as full as they will hold. The small berries are ripening and are plentiful.

A brief summary of conditions, as they at present show, is: Fall and winter sown grain a good crop; spring grain improved, but yet poor. Vegetables including potatoes, a good crop; small berries fully an average; fruit of all kinds, on the whole, a fair average; hay a short crop.

Fourth of July at Lebanon.

Lebanon, situated on the banks of the roaring Santiam, will celebrate the glorious Fourth of July on Saturday July 2. Following are the officers of the day: President of the day, M. A. Miller, Grand Marshal, C. B. Montague, Orator, N. L. Butler, of Dallas; Reader, Miss Helen Crawford, of Albany:

Lebanon always excells in a Fourth of July celebration, let everybody come, we are going to have a glorious time.

COMMITTEE.

Bid are now being ask for, on the new brick building, to be known as the Jackson block at McMinnville.

$100 Reward, $100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonial.

PEOPLE'S UNION.

Linn County Executive Committee Has Been Organized.

LEBANON, June 21.—(Special) The mass meeting of Union reform forces was held here as called by County Chairman D. M. Jones. After a few speeches the meeting proceeded to the election of the executive committee as follows: J. Beard of Scio, Peoples; A. S. McDonald, Brownsville, Peoples; J. K. Weatherford, Albany, Democrat; E. F. Baum, Albany, Peoples, secretary. These four together with D. M. Jones comprise the executive committee of People's Union party in this county. The meeting was well attended, considering the rainy day. There was considerable enthusiasm manifested by a large number of those present. While young men predominated a large number of the old pioneer voters were in attendance and took a great interest in the work.

Mr. Crabtree, eighty-three years old, came a distance of twelve or fifteen miles to engage in the Union work and the old man was in great earnest.

Take it all together the meeting was a decided success. Messrs. C. D. Steen, and M. A. Miller, each delivered a very interesting address and in line with the work of the occasion.

It is the intention of the committee at the earliest convenience to organize the precincts of the county, in accordance with the suggestions given by the State Union Convention.

Parties uniting in one great cause, whose political views are in harmony, is not new in the history of politics.

Abraham Lincoln was elected under just such circumstances. Oppression was dangling at the door of the millions. The iron rod was supposed to be inflexible, whose decrees the destinies of political creeds and crafts of any name must humbly submit, but the wisdom of the people forsaking name and clinging to principle came together in a mighty Union that broke asunder the iron rod, which resulted in the election of Lincoln and many of the fragments were blown so high that they have not been heard of since.

Cheap for Cash.

We desire to inform the public that we have reduced all blacksmith work to the lowest terms, for cash we will shoe horses with new shoes for $1 and resetting 75 cents all repair work reduced to suit the times.

HER LIFE TRULY SAVED.

Dr. Miles' Heart Cure Does It.

MRS. CHAS. LA POINT, a well-known resident of Denver, praises this wonderful remedy. Her testimony should convince all as to the worth of the New Heart Cure and Restorative Nervine. Her letter dated Sept. 11th, 1891, reads as follows:

MRS. LA POINT, 1137 Humboldt St.

"Typhoid fever left me with heart trouble of the most serious nature. Nothing the doctors gave had any effect. I had severe pains in the heart, and was unable to lie on my left side for more than three minutes at a time. My heart seemed to miss beats, and I had smothering spells, in which it seemed every breath would be my last. We accidently saw an advertisement of

Dr. Miles' New Heart Cure

and Restorative Nervine, and purchased a bottle of each. After taking the remedies a week, I could be lifted in a chair and sit up an hour, and in a short time I was able to do light housework. I shall be ever grateful to you for your wonderful medicines. Truly they saved my life.

MRS. CHAS. LA POINT.

Dr. Miles' Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at $1. 6 bottles for $5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

Dr. Miles' Heart Cure Restores Health.

Ask Your Doctor!

Of all the nerve-tonics—lecithin, celerin or nervines—your doctor will tell you that the Hypophosphites are best understood. So thoroughly related is the nervous system to disease that some physicians prescribe Hypophosphites alone in the early stages of Consumption. Scott's Emulsion is Cod-liver Oil, emulsified, with the Hypophosphites, happily blended. The result of its use is greater strength and activity of the brain, the spinal cord and the nerves.

Let us send you a book all about it. Sent free.
