Daily Capital Journal.

BY SHAPER BROTHERS.

FRIDAY, JULY 16, 1897.

The traffic management of the Southern Pacific is working wonders to increase of business. Opening the Golden gateway has nearly doubled the through traffic, both freight and passenger. Mr. Goodman in California and Mr. Harriman in Oregon are the right men to make the continental route what nature and commerce intend, a world-center among transportation lines.

Hon. John D. Daly, editor of the Corvallis "Times," a paper that advocates Union of the Gold Democrats in Oregon with the Republican party, is no doubt engaged in a laudable enterprise. Gold Democrats might better like the efforts if it advocated union of the Republicans with the Gold Democrats, because the Gold Democrats are consistent and unequivocally opposed to monetaliism and have the courage to say so. If there is any principle or glory in advocacy of the gold standard, the national Democrats are entitled to the honor.

Business is said to be improving in the east. The feeling grows stronger here as harvest approaches. Prices of hops are firm and an advance of two cents is a month, with plenty of orders in the hands buyers, is a very hopeful sign. All business men are preparing for a good fall trade. The men who watches the customers will find them better able to buy and pay as the weeks roll by, and be careful methods any merchant ought to succeed from this on. Wheat is not declining on the coast but in the east the grain syndicates are depressing prices as usual at this season.

Marion county is still maintaining two armories at Salem. While the Salem militia are a creditable organization and astonished the Portland professionals by their discipline, mastery of tactics and excellent appearance, there is not much excuse for paying rent for two armories. The county court should investigate this matter and see if they cannot get along with one armory. It is doubtful if there is law for renting more than one. But it seems Marion county must pay double for everything.

The assessor and county court are still in a wrangle over the pay of deputies. There seems to be no warrant of law for paying deputies $4 a day or any salary whatever. It might be agreed upon between the assessor and court what their pay shall be. A competent and pure assessment is more important than per diem of deputies. In Linn county the assessor demanded $5 a day for deputies. The court offered him $4.50, which was all he had offered to pay his men. The assessor employed lawyers, but they could find no law. He is constrained to take $4.50 a day and did so.

The Union movement in Oregon is slowly taking shape. At Portland on the 12th the Union state central committee met and heard favorable reports. A state executive committee of five was appointed and a campaign fund started. There is less room in Oregon for three silver and Reform parties than in any state in the Union. And there is no room for a Union party that is not a People's party and Jeffersonian to the marrow.

The Silver and Reform elements are agreed on the essential elements: Free coinage, economy in state and county affairs, abolition of trusts of labor, the election of senators by vote of the people, initiative and referendum.

From a Washington Man.

"I was troubled with headache and biliousness and was very weak. One day I saw testimonials from people who had been cured by Hood's Sarsaparilla and I decided to try it. When I had taken three bottles the headache and stomach trouble had all disappeared."

EDW. AND MCLANDT,
Brookfield, Washington.

HOOD'S Pills are the best after-dinner pills; assist digestion, cure headache. 25 cents.

ALWAYS BUSY. Low Cross, the State street barber is always busy. His 10 cent shaves give satisfaction to all.

GRAND JURY DRAWING JURORS.

Revised Statutes—The Code of Oregon makes the following provision in regard to the drawing of jurors for each term of court, Section 858. The drawing shall take place at the office of the county clerk, not less than ten nor twenty days before the sitting of the term of the court at which the jurors are to serve, but if the term be one appointed by the court or judge thereof, the drawing may be at any shorter time before such term, in such courtesy judge may prescribe in the order appointing such term. Section 859. Whenever jurors are to be drawn, the county clerk shall take to his assistance the sheriff or a justice of the peace for the county and proceed with the drawing as follows:

1. The clerk shall shake the box containing the ballots so as to mingle them as much as possible.

2. He shall then publicly draw out of the box as many ballots as there are jurors required.

3. A minute of the drawing shall be kept, in which the name contained on each ballot drawn shall be entered before another ballot can be drawn.

There are also provisions for drawing names to take the place of names of persons dead or out of the county, but the above provisions are sufficient for our purpose.

The law provides that the drawing shall be public—in order, probably, that the public may know by what means "professional jurors" are necessarily drawn, but the drawing is not public, as every one knows.

It is no more than right and just that the clerk should inform the newspapers of what day and hour the jurors will be drawn and then anyone interested can observe the proceedings. THE JOURNAL has been true to its duty to the public in showing up the crookedness in our county affairs and it is will follow up the good work of reform by demanding that all future proceedings be open and above board. The public will not be slow to show their approval and appreciation.

FAIR PLAY.

[The wrong done is in making up the jury list at the beginning of the year by the county judge. What is known as the professional juror is the professional politician, and if a county judge gets these professionals all on the list there is little room for a disinterested jury. The precinct workers of the party are put on the list and this accounts for the old familiar faces and so many familiar names year after year on the jury. Names for the jury list should be returned as in other states by the judges of election in the precincts, but that would not help much in Oregon, because the judges of election are now chosen in the same manner as the jurors, for partisan service. The system in vogue in Oregon is a disgrace to an intelligent community.]—ED. J.

Hop Growers Attention.

"Big Enemer" something new and useful invented by A. J. Jermart, of Switzerland, on exhibition at Wm. Brown & Co., 230 Commercial street, every hop grower should have one. Call and see it. (Sow 7 12 1m"

THE WEATHER—May not always be favorable for picnics but it never prevents people from feeding Brunner & Cyr's grocery establishment. One trial order there insures future patronage.

Seven Months With Fever.

Wonderful Recovery of Health.

Mr. Baird's rapid and marvelous recovery from a mere skeleton to his normal weight, 20 pounds, was strictly the fulfilment of the greatest strength-giving and building-up medicine ever produced, namely:

Dr. Miles' Restorative Nervine.

J. H. BAIRD.

"Gentlemen—I wish to express to you my gratitude for the great good that Dr. Miles' Nervine has done for me. I was taken sick with typhoid fever and I laid in bed for seven months. After getting over the fever I was thin, nervous and tired, and did not regain my lost strength. I tried several proprietary medicines, and finally after having been reduced in weight to 120 pounds, I began trying your Nervine, and at once began to improve. Was finally entirely cured, and today I can say I never felt better in all my life, and weigh 170 pounds. This is my normal weight, as I measure 5 feet 9½ inches in height."

South Bend, Ind. J. H. BAIRD.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at $1, 6 bottles for $5, or will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

Dr. Miles' Nervine Restores Health

HERE BY THE SLIGHEST.

Some Left on the Trail of Bryan's Triumphal Tour.

Wm. Jennings Bryan was given a cyclonic ovation at Pendleton. People came from Klamath county by train and the mountaineers came down north. Miners who had not been below the snow line for years came from their mountain eyries to see the conquering hero.

At La Grande, Oregon, Mr. Bryan was greeted by a large audience. He was introduced by Hon. United States Senator Hatfield. While in La Grande he was a guest at the home of E. D. McKennon, who was a delegate to the Chicago convention that placed Mr. Bryan in nomination for the presidency.

In Baker City he was greeted by from 2000 to 2500, where he spoke from the rear end platform of the train.

Hon. Bryan met her husband at Salt Lake, Utah, from whom place they expect to go to Yellowstone Park and spend two weeks. They were tendered a public reception under the auspices of the Woman's Democratic club of that city.

A man at Lebanon could handle with Mr. Bryan who voted for Bryan's father for circuit judge, and of course told Mr. Bryan of the fact, and Mr. Bryan gave him a grip that was not accorded everybody.—Albany Democrat.

A Salem man, John Minthorn, also voted for Mr. Bryan's father for judge and many a time held W. J. Bryan on his leg, when a little shaver, and he didn't even get to see Bryan when in Salem, yet he voted for him, and will do it again, he says, if he has a chance.

At the car at Pendleton, the spectators were treated to the amusing sight of the ample form of Mr. Bryan climbing through one of the car windows. The man man in charge, had locked the door and gone up town and was not expecting his guest so soon again. Mr. Bryan's valiet being inside, he caused a ladder to be procured and climbed through a window.

The receptions that have been tendered Wm. J. Bryan on his visit to this coast are evidence of two things. That the cause of silver is not waning, also that Mr. Bryan is today the most popular man in the United States. No other defeated candidate for president ever held the place in American hearts that Mr. Bryan holds today, and were an election to come off now he would be almost the unanimous choice for president.—Times-Mountaineer.

Upon arriving in Walla Walla, carriages were in waiting for the Bryan party and Pendleton delegation. A procession was formed at the depot. There were thousands of people awaiting and enthusiasm was very great. The stand was at the Paine schoolhouse. On the stand were Mr. Bryan and E. F. Blandford, and Father and Mother Egan. Mrs. Egan was the woman who was present at Mr. Bryan's birth and who presented him at an early stage of his career with his first outfit of clothing. As the aged couple came on the speaker's stand, Mr. Bryan arose and in an indescribable manner, yet with genuine courtesy and perfect gallantry, he greeted them. The immense throng, numbering over 10,000, witnessed the touching scene while a hush fell over all.—East Oregonian.

One of the incidents of Mr. Bryan's trip to Oregon was the introduction to him of Mr. Davenport, father of the great caricaturist, Homer Davenport. When the train stopped at Salem Mr. Davenport went aboard the car and was presented to Mr. Bryan by Mr. Hofer, of the Salem JOURNAL, a Silver Republican of ability and influence, and a most enthusiastic Bryan man. Mr. Bryan grabbed Mr. Davenport's hand warmly, saying:

"I know Homer very well, and I am very glad to have the honor of knowing the father of so great an American artist."—Portland Telegram.

[Our recollection is that Mr. Davenport was introduced to Mr. Bryan by his son-in-law, Casey Martin, an assistant in Secretary Kincaid's office. Mrs. Martin, a talented sister of Homer Davenport, was also introduced.] ED. J.

At Lebanon Mr. Bryan arrived Sunday at 10 o'clock, after being up all night before. He took lunch and lay down to rest at M. A. Miller's house but no rest was given him. People swarmed about the premises and finally had to be excluded from the dooryard. Grandpa Miller was stationed at the front gate and kept the people quiet. Mr. Miller's little daughter constituted herself a body guard for Mr. Bryan while he slept, and softly tiptoed about on the grass and whispered to intruders their instructions to get, and they good-naturedly "got." Little Miss Miller completely won Mr. Bryan's affections and was very sad when he left.

A little Salem girl, daughter of Mr. and Mrs. O. H. Fay, who received Mr. Bryan's photograph last summer, was put on the train by Col. Jeff Myers, and had the pleasure of an introduction to Mr. Bryan. She accompanied him to Gladstone, heard him speak, and came home the proudest child in Salem.

STATE NEWS.

Notices have been posted at the canneries at Astoria informing the fishermen that hereafter only 2½ cents a pound would be paid for chinook salmon weighing over 10 pounds and 10 cents for steel heads. The price has been 4 cents.

In the suit of the French syndicate against E. L. Grout and Pat Griffin, for "salting" a mine at Baker City, the jury returned a verdict in favor of the syndicate for $4000. Griffin made a written confession, in which the plot and motive operated were laid bare.

Estimates put on the wheat crop of Eastern Oregon are that there will be in the neighborhood of 12,000,000 bushels harvested this season. Umatilla county is put down for 2,000,000 bushels, Union for 2,000,000, Wasco for 1,000,000, Morrow and Gilliam for 1,500,000, while Baker, Wallowa and Crook will probably yield 1,500,000.

Claud Gordon, of The Dalles, was wheeling a barrow of brick along a scaffold 30 feet from the floor, and by a misstep went of the planking. Together with the barrow and brick he fell to the floor of the building. He escaped with a few bruises about the body, and quite a severe cut in the right side of the head. His wounds were dressed and he will be able to resume his work in a few days.

The following are the figures from the quarterly report of the city auditor, showing the total indebtedness of Astoria. Warrants except streets $89,232.26; municipal bonds, $196,000; total indebtedness, except for streets, $285,232.26. Street warrants, $11,408.76; street bonds, $12,500.00; total indebtedness for streets, $23,908.76. Total indebtedness, $309,141.02.

Hamilton & Lourie, of Pendleton, are building another warehouse and platform at Mission to replace the property destroyed by fire. This is an important wheat receiving station, and the new structure will be larger than any others on the line in Oregon. The warehouse is to be 36x200 and the platform 20x200, the bride of 200,000 feet of lumber being required for construction.

HAVE YOUR GRAIN.

Few realize that each squirrel destroys $5.00 worth of grain annually. Wakelee's Squirrel and Gopher Exterminator is the most effective and economical poison known. Price reduced to 30 cents. For sale by G. W. Putnam, Shetter Drug Co., Lunn & Brown, S. I. L. Herbert and A. J. Stone. 6 & w-3 10-4m

From Mehama.

About 200 people are in attendance at the annual G. A. R. encampment at Mehama this year. A correspondent sends the following:

"At 10 Thursday morning we had music led by Prof. Scottie, of Salem. Miss Thomas, professor of music, at Ashland, favored the assembly with a vocal selection. Prof. J. B. Horner of Corvallis college, delivered a very interesting address. In the afternoon at 3 o'clock we had a short program, and Prof. Horner again did himself honor to a small crowd. Miss Prof. Thomas sang "The Sword of Bunker Hill," and Prof. Tuttle delivered an essay on "The School."

Miss Hallie Thomas, of Turner, a gifted elocutionist recited very nicely. The attendance is not very large, there being but eight campers on the ground. Rev. G. W. Grannis and Dr. E. H. Bradshaw, came up from Salem today to fill also James Vaughtt. The weather is very pleasant here.

"You Don't Become a Slave to their Use!"

The above words have been truthfully spoken concerning Dr. Pierce's Pleasant Pellets by one who has had abundant opportunity to observe their more favorable action as compared with that of other pills.

Most pills and medicines in use for constipation, in the long run, "make a bad matter worse." Unlike such agents, Dr. Pierce's Pellets exert such a tonic or strengthening effect upon the membranes of the stomach and bowels, as to produce lasting benefit. Their use can, therefore, be gradually discontinued. With most pills the longer they are taken, the more dependent upon their use the patient becomes. Not so with the "Pellets." *Their* secondary effect is to keep the bowels open and *regular*, not to further constipate. Hence, their great popularity with sufferers from habitual constipation.

The Pellets cure costiveness, or constipation, biliousness, sick and bilious headache, dizziness, sour stomach, loss of appetite, coated tongue, indigestion, or dyspepsia, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. One little "Pellet" is a laxative, two are mildly cathartic.

They are tiny, sugar-coated granules; any child will readily take them. Sold by all dealers.

Hood's Pills

are mild, but effective, sure, safe, efficient, nutritive, have proved invaluable for over all four, are best after dinner pills, aid digestion, stimulate, etc. Price 25 cents. The only Pills to take with Hood's Sarsaparilla.

HOSTETTER'S STOMACH BITTERS
