There are at present 1119 patients in the asylum, the largest number ever there at any time. The number of convicts are 55, which is a trifle above the average during the past year.

AN INTELLIGENT DOG.

Dogs capable of performing numerous tricks of a trivial nature, are numerous. Seldom does one see a quadruped, however, that can distinguish figures, add and subtract with a rapidity that surpasses the ability of a great many public school children of the second or third grades.

One day this week at the S. P. passenger depot, while awaiting the arrival of the C. E. excursion trains, a large number of persons were highly entertained and not a little astonished by the performances of a small Scotch terrier. The writer did not learn the name of the dog's owner. The gentleman had small cards, upon which were the figures from 1 to 9. These were scattered in an arranged order about the platform. The owner of the dog then called for some particular number which the dog immediately picked up and carried to his master. The dog was told to add 4 and 3 and promptly brought his master the figure 7. Having performed a number of problems in addition, the dog was told to subtract 4 from 9, when he surprised the onlookers by picking up the figure 5 and carrying it to his owner. That the owner might show there was no established order in which he gave problems and that it might be clearly shown that the dog could distinguish the figures at the dictation of strangers, he extended an opportunity to the bystanders to propound some questions. The offer was accepted and the dog was given a number of additional problems which he solved without a single mistake. As a finale to the program the owner requested the dog to say his prayers. Walking across the room, placed his fore paws on the side of a trunk, very gracefully bowed his head and remained in that position for several minutes. Presently the owner ordered him to discontinue praying but no attention was given the order. He repeated the request a second time more distinctly and with greater emphasis but no heed was given him. As a last resort, the owner uttered "Amen" whereupon the dog proudly returned to the side of his owner. The arrival of another section of the C. E. trains brought the program to an abrupt conclusion and the delighted spectators engaged themselves in welcoming home-bound Eastern visitors.

"Clondyke" Trousers.

Salem has at least one humane gentleman. As a rule this class of men is credited with being the roughest and most overbearing class of citizens, especially towards their best friend the horse. But there are exceptions to this rule.

R. C. Shelton, who drives a span of large mules, has recently made a pair of "clondyke" trousers for each of the animals as a protection against assaults to which they are subject from flies whose thirst for blood is almost insatiable. The material from which these trousers are made consists of gunny-sacks and is "warranted" to last until worn out. As to whether the trousers will "hang" on the knees, the writer will not predict but to all probability the owner of the mules will avoid any such thing by having them pressed, whenever necessary. It is reported that C. H. Lane, the tailor, has ordered the goods and will soon be prepared to take orders.

AT THE MUTE SCHOOL.—Supt. P. S. Knight, of the state deaf mute school, went to Portland this afternoon. An effort is being made to have the school open earlier this years than last, but it is not probable any change will take place, from the fact that a great many of the students of the school are afforded an opportunity of earning a little money during hop-picking season.

HOP CROP MORTGAGED.—J. B. Jackson, of Hubbard, has mortgaged his hop crop for this year to Wm. Ullman & Co., of San Francisco. The number of pounds and the price to be paid are not specified but the crop is to be delivered by October 15.

CHARGED WITH RAPE.

Martin Cross Accused of Criminally Assaulting a 13-Year-Old Girl.

Martin Cross, who was arrested Wednesday charged with rape committed on the person of Maude, the 13-year-old daughter of W. H. Dawson, of North Salem, will have a preliminary examination before City Recorder Ed. K. Ries at 9 a. m. Friday. In the meantime Cross occupies a cell in the county jail in default of $500 bonds. The defendant has engaged the services of Wm. Kaiser as counsel.

The girl alleges that the crime was committed on or about June 4th, and repeated again a few days later. Cross is a married man aged 46 years and has two children; wife left him some time ago and is residing in California.

INSANE.—Chester Sherill, aged 13 years, was today brought to the asylum from Jackson County, by Sheriff Barnes. The boy is weak-minded and partially paralyzed. He has a grown-up half sister at the asylum also, who is similarly afflicted. Mr. Barnes brought the boy in his arms most of the way.

LECTURE RECEIVED.—Do not fail to hear the lecture, "Music the Art of Arts," by E. H. Scott, at the Congregational church, Friday night. Admission 25 and 15 cents. Program under the direction of Mrs. Willman.

Religious Riot Feared.

VANCOUVER, B. C., July 21.—According to advices by the Empress of India, a serious riot was feared at Tien-Tsin on the 21st ult. That was the anniversary of the massacre of 1870, when the Roman Catholic cathedral was destroyed in a riot, and, as the Catholics had expressed the intention of consecrating their new cathedral on that day the natives had declared their intention of destroying it. Twelve Christians were killed a few days previously, simply because they were Catholics. In expectation of the trouble, H. M. S. Pearose and a Japanese gunboat went to Tokio.

Results.

CONSTANTINOPLE, July 21.—The sultan's trade appears to concede the frontier line fixed by the military attaches of the powers with reservations, which probably mean that there will be further delays.

Royal Marriage.

LONDON, July 21.—The Duchess of Hamilton was married Tuesday morning at Leicester to Mr. Foster. Little is known locally of the bridegroom. It is said that the Duke of Devonshire was present.

Sultan Accedes.

CONSTANTINOPLE, July 21.—The sultan has issued an trade sanctioning the settlement of the frontier question in accordance with the wishes of the powers.

Hurricane.

PARIS, July 21.—A dispatch from Bourges, the capital of the department of Cher, says the northwestern portion of the department has been destroyed by a hurricane.
