in the treasury not otherwise appropriated;" then follows an itemized statement of the various salaries and expenses for which it shall be disbursed, without naming or designating any separate fund, thus leaving but a single fund for the secretary to take into account in the endorsement of claims and in drawing the warrants. This practice was continued until 1872 when for the first time the legislature adopted the plan of naming separate funds in the appropriation bills but subsequent acts have not been uniform in this respect. The language in all to effectuate the appropriation is to pay the same, "to be paid out of any money in the treasury not otherwise appropriated" or from the common school fund; university fund or other fund as the case may be; then follows the naming of subdivided funds as "executive fund," "general fund," "judicial fund," and the like. But in most if not all of these subdivided funds are contained items of salaries and expenses to be paid as in the former act.

### Beware of Ointments for Catarrh That Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co., Testimonials free.

Sold by all Druggists, price 75c. per bottle.

### A Serious Difficulty.

# BASEBALL.

## Salem Wins Championship.

### The Chemawa Team Is Again Badly Defeated.

The Salem baseball nine has the undisputed distinction of being the champion team of the state notwithstanding the many boasts of the Multnomah team which are backed by "wind" alone and not by superior ability as baseball players.

The Chemawa Indian Training school nine was again badly defeated Saturday afternoon at the State fair grounds by the local nine. Saturday's defeat was much more disastrous than was the first defeat of the Indian boys. The score stood 24 to 1 in favor of the Salem team, which did not play the ninth inning.

The Chemawa boys secured the services of a pitcher from Puyallup whose performance in the pitcher's box was a sad disappointment to the Indian team. The Chemawa team went to the bat first and the side was retired in one, two, three order. The Salem team came to the bat and experienced no difficulty in finding Law's balls and ere the side was retired had scored three runs. In the three succeeding innings, the Salem boys easily batted Law all over the field, scoring twelve runs in the four innings while the Chemawa boys made only two runs. At the beginning of the fifth inning Graham succeeded Law in the pitcher's box and did some effective work retiring the Salem team without scoring. But in the remaining innings the members of the local team batted Graham quite successfully and scored twelve additional runs while the Indians were shut out with not one tally.

The entire by innings was as follows:

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| Salem | 1 | 2 | 1 | 3 | 0 | 3 | 4 | 3 | x | —24 |
| Chemawa | 0 | 0 | 1 | 1 | 0 | 0 | 0 | 0 | 1 | —3 |

The official score was as follows:

SUMMARY—Earned runs: Salem 1, Chemawa 2; two-base hits: Ross, Murphy, Freeman and Law; three-base hits, Coleman, Downs, and Olinger; home runs: Downs and Davis; sacrifice hits: Minto 4, Southwick 1, McCornick 2, Coleman 1; double plays, Coleman to Stutesman, Murphy to Stutesman, Graham to Freeman; passed balls: Downs 3 Tebeau 1; stolen bases: Salem 15, Chemawa 2; struck out: by Ross 10 by Law 2, Graham 1; bases on balls: Ross 1, Graham 1.

NOTES.

The battery work of Downs and Ross of the local team cannot be equaled. They are a strong team in themselves and render very effective work. During the game Saturday, Ross struck out ten men. Downs assisted by Coleman, and Murphy at another time put three men out at the home plate.

Downs hits exceptionally well and at base-running is hard to beat.

Murphy, third baseman for Salem team, played a perfect game. He may yet be heard from on the Stanford university team.

Coleman, Salem's short-stop, better known as "Brick," is one of the strongest members of the team. When there is occasion for it Coleman may be found playing on second and third bases as well as the place to which he is assigned on the team. "Brick" is a good batter.

Ross, Salem's little wonder pitcher, cannot be equaled anywhere on the coast. His balls are swift and apparently quite difficult for the batters to find.

Olinger, Salem's left fielder, covered himself with glory when he caught that high fly, "Casey" also did effective work at the bat.

When Graham came to the pitcher's box in the fifth inning, the Indian boys braced up for a time but soon lost heart and the Salem boys had everything their own way. Graham is a much better pitcher than Law, of Puyallup.

As has been said before the Salem team never encountered a more gentlemanly nine of ball players than that of the Indians. The boys play a clean, honest game, devoid of all trickery, notwithstanding certain defeat awaits them.

Tebeau's ability as a successful catcher is recognized. He had but one passed ball, Saturday, a fact that in itself would commend him as an excellent player.

Minor, captain of Chemawa team, played short-stop very creditably and made two of the three runs scored by his team.

Now is the time for the Salem business men to show their appreciation of good clean amateur sport. Let them now furnish the baseball nine with uniforms. They have certainly made a creditable showing on the diamond and are deserving of a proper recognition of the same. Salem now has a team of which she has just cause to be proud. The team has unmistakably shown that it is eminently entitled to the championship of the state and it will ever be recognized as such. It is amusing to hear the Multnomah club of Portland still claim the state championship. This team has never had the temerity to challenge the local team and have avoided a challenge from the Salem team by pleading, "previous engagements." When it has since been ascertained from a reliable source that this team has since made arrangements for games on days that they have previously claimed were already taken.

A BASE BALL CHALLENGE.

The following challenge has been handed in for publication:

Salem, Or., Aug. 3, 1895. We, the foremen of Salem, hereby challenge the blacksmiths of the Capital City to play a game of base ball at the state fair grounds on Sunday Aug. 11, at 2:30 p. m.

Frank Minto, Captain of the foremen team.
