EDUCATIONAL REFORMS.

By error of a reporter this paper was led to state that the Daly text-book bill had been favorably reported by the House committee on education. Such was not the case. An effort was made to take the bill out of the committee's hands.

This did not succeed as they had not time to consider the bill, but did meet Thursday night and promptly and courteously heard Senator Daly, Representative Palmer and Prof. Anderson of this city in able arguments for the bill. It is now certain the bill will get before the House.

The roll call on taking the bill out of the hands of the committee did not disclose the full strength of the bill, and probably disclosed to the lobby against the bill some members they will try to work with. The Trust is on the ground and prepared to use any means to kill the Daly bill, from getting away with the bill bodily to more direct methods of getting members to not vote for it. But as Senator Daly says, a cruel fraud has been practiced on the people of Oregon, to the detriment of their schools, robbery of their purses and corruption of their politics.

There is no good honest reason why the Daly text-book bill shall not become a law, and the school revision law as well. Both are of the greatest importance to the growing generations and no member can afford to dodge or be indifferent about the text-book or school revision law.

FINANCE FOR THE PEOPLE.

What has been the prevailing public policy at Salem for twenty years? Has it not been to keep afloat large issues of warrants, state, county, city and school? Has not the scheme been to keep city, county and school district from a year to a year and a half behind in taxes, so as to give the warrant speculator a bountiful harvest? Have not Bingham and his class of lackeys and pettifoggers for the warrant sharks seen to it that their plutocratic clients had the cream off all the taxes levied and collected for the people? Have they not managed to prevent even the declaring of taxes delinquent according to law, so as to prolong payment in favor of a special class?

Are they not the advocates of dear money, high taxes, bonded debts, high rates of interest? Who has run the city of Salem in debt a quarter of million but the Republican push? Who has run the city of Portland in debt five millions but the Republican party? Who has plunged this school district in debt until we pay half as much for interest on bonds as we pay for educating our children? What did the people do but turn down the Republican push a year ago when it wanted to shove its city and county chairman into the school board? What did the people do but turn down the push when it tried to dictate a snap convention at the last city convention?

What does the Citizen's charter represent but a repudiation of these galling and oppressive practices under which we enrich a small class at expense of the general taxpayer? What does it mean but a demand for people's finance instead of "push" finance?

Where can the people get relief but to overthrow and destroy such unsalutary partisan prostitution of local government? Salem has been under partisan rule for twenty years. This city has got to quit push politics in order to get out of debt. It has quit unless it is thrown back in by the refusal to pass the Citizen's charter.

THE MARION DELEGATION.

Senator Looney has confined his efforts to two bills, one to employ convicts at building highways and the Dairy and Pure Food law. The Senator acted wisely in confining himself to two such measures of general practical importance and both deserve to become laws and no doubt will.

Senator Adams has not been so fortunate. Thursday night his warehouse bill was indefinitely postponed. This was practically the fate of his dog tax bill and his bill to abolish Judge Boise's department. Adams is a young man and but for the unfortunate coaching he has had by a few men who possess little or no political sagacity he might have fared better.

Senator Porter, the joint member for Marion and Clackamas, has made a good conservative record on all matters. He has championed a general bill to tax the gross earnings of corporations, a measure which if enacted would raise one fourth to one-half of all the taxes Oregon needs. But it embraces too much and the senator will not get his bill out of the hands of the committee on corporations. Next time let him undertake less in the same line and he will deserve success.

THE SALEM CHARTER.

A number of amendments to the Salem charter have been accepted by both contending factions, and the document as now finally licked in shape will pass both houses as it will be pushed by the Marion delegation.

The financial section stands as it was drawn to fund the floating debt in 5½ per cent warrants or 4½ per cent call bonds, first to be submitted to a vote of the taxpayers. A two, three or five mill levy may also be ordered levied to create a sinking fund.

The power to elect the marshal is restored to the people direct and the recorder's justice jurisdiction is confined to crimes committed within the city limits. These with minor clerical amendments will give Salem the best charter the city ever had.

Under this charter the Citizens' administration, if it fearlessly and honestly performs its duty, can restore the credit of this city, promote good government and pay off its debts in an honest manner. No one doubts that the men in power will do this very thing and if they do not their fellow citizens should retire them.

About Catarrh.

It is caused by a cold or succession of colds, combined with impure blood. Its symptoms are pain in the head, discharge from the nose, ringing noises in the ears. It is cured by Hood's Sarsaparilla which purifies and enriches the blood, soothes and rebuilds the tissues and relieves all the disagreeable sensations

Hood's Pills cure all liver ills. Mailed for 25c by C. I. Hood & Co., Lowell, Mass.

Carson are attorneys for the plaintiffs.

Stewart were appointed on entertainment. Committee on music, Prof. F. Sealey, Prof. Crawford and F. A. Wiggins was appointed to confer with pastors of the churches, to make arrangements for holding the evening services at some of the churches. BORN.

GREENBAUM—On February 9, 1899, to Mr. and Mrs. Isador Greenbaum, a son.

The old fashioned watchman who prowled about the streets of medieval London, with a lantern in his hand to proclaim his coming, and who announced his passage through the streets by shouting "All's well," was a very inefficient protector when compared with the metropolitan police of New York City, commonly known as the "Finest." The modern policeman does not proclaim his coming to the evil doer by shouting or by carrying a lantern. He does his work more quietly and effectively than the old fashioned town watchman.

It is thus that in all the walks of life and in all occupations, times change and knowledge and efficiency increase. In this respect medical science has kept pace with the advance in other lines. Physicians and chemists have grown rapidly more skillful. There are medicinal preparations now a-days that cure diseases that were a few years ago considered absolutely incurable. The final triumph in this respect is Dr. Pierce's Golden Medical Discovery. It was first given to the world thirty years ago, and has stood the test ever since that time. It cures 98 per cent. of all cases of consumption, bronchial, throat and kindred affections. Thousands who were hopeless sufferers, and had been given up by the doctors, have testified to its marvelous merits. It is the great blood-maker and flesh-builder. It makes the appetite hearty, the digestion and assimilation perfect, the liver active, the blood pure and rich with the life-giving elements of the food, and the nerves strong and steady. It acts directly on the lungs and air-passages, driving out all impurities and disease germs. An honest dealer will not try to persuade you to take an inferior substitute for the sake of a few pennies added profit.

Dr. Pierce's Pleasant Pellets cure constipation. At all medicine stores.

The foods we eat furnish energy for the body just as burning coal makes steam for an engine.

The experiments of Prof. Frankland, Ph. D., of London, shows that cod-liver oil yields two and one-half times more energy than starches or sweets.

Scott's Emulsion is pure cod-liver oil combined with hypophosphites of lime and soda. It forms fat, gives strength, enriches the blood, invigorates the nerves, and repairs tissues.

A Health-Maker

Hostetter's Stomach Bitters is a health-maker and a health-saver. It makes the blood pure, the muscles strong, the brain clear, the appetite keen, the liver active, the digestion perfect, the nerves strong and steady.

It sets matters right in the stomach; a healthy stomach does the rest.

Hostetter's Stomach Bitters

THIRD READING.

S. B. 179, Harmon, to create the office of one railroad commissioner, with a salary of $3,000, to be elected.

Harmon spoke for his bill. Daly, of Lake, opposed it on general principles. Fulton thought this bill fair to the people and the railroads, and advocated the measure. Brownell, who has introduced bills in the past to abolish the old commission, spoke for this plan. Michell spoke against it, and favored a rate law. Mulkey opposed the bill, because no demand has been made for it. Haines and others opposed it.

Harmon moved recommittment of the bill. Lost: Selling spoke against the bill and moved indefinite postponement. Carried.

The Senate concurred in the Senate resolution for a joint session to elect a librarian, a boatman and a dairy commissioner.

S. B. 78, Kuykendall, fixing number and compensation of legislative clerks.

Passed by 17 to 6.

Senator Ried reported a substitute for H. J. M. No. 4, against the seating of Mormon congressman Roberts. The substitute was much simplified and adopted.

S. B. 193, Kuykendall, Eugene charter.

Passed.

S. B. 136, Kelly, for the relief of Iva Templeton.

Senator Kelly spoke forcibly and feelingly for the bill. Miss Templeton was in the audience. Dr. Driver spoke for the bill and Brownell made a most eloquent plea for it. The bill passed 23 to 5. The beneficiary of the bill received the hearty congratulations of many friends, and copiously shed tears of joy.

S. B. 210, Looney, dairy bill.

Passed unanimously.

S. B. 12, Adams, to regulate warehouses.

Haines moved indefinite postponement, when Senator Adams arose to the defense of his measure. Michell opposed the bill on broad legal grounds. The motion for indefinite postponement carried by 15 to 9.

HOUSE THURSDAY EVENING.

Immediately after roll call Young moved that the vote whereby the dental bill was defeated, be reconsidered. Motion carried, but the motion to make the bill a special order for 11 a. m. tomorrow failed to pass, so the bill now stands at the foot of the calendar.

Stanley introduced a joint resolution, the purport of which was to instruct our congressmen to use their influence in "getting even" with the British Parliament, for debarring American miners in the Klondike, Adopted.

H. B. 247 by Reeder, authorizing, empowering and directing the secretary of state to execute a deed to certain land to J. E. Saling.

Passed.

When Curtis' assessment and taxation bill came up for consideration, Moody moved to go into the committee of the whole for discussion of the measure. Carried. The speaker called, "Roberts' Rules of Order", to the chair. The bill as printed contains 56 pages and the reading, section by section consumed 30 minutes for 9 sections. The committee then arose reported progress and asked leave to sit again. Mortor moved that further consideration of the bill be postponed. Carried.

The general appropriation bill coming up at 8:30 as a special order, the opinion of the attorney general, on the legality of the contract on which the Salem Light and Traction company furnishes light to the state for public buildings, was read, and Stillman arose to say that we are just where we were yesterday, since the opinion rendered was a hypothesis and not founded on facts.

After a succession of motions and counter motions, the motion to reconsider the vote whereby the items of lighting public institutions were stricken out. Carried.

Whitney said: "Let us have the facts!"

Flagg sauntered over to the secretary of state's office and secured a copy of the contract. The point at issue was whether or not the state must stand by the terms of the contract, after the contract had been turned over by the original company to another lighting company for fulfillment. The contract reading "or to its successors or assigns," the question was to a certain extent settled.

Yet argument succeeded argument, until a motion to adopt all sections in this relation, which yesterday were stricken out, failed to carry. By a vote of 2 to 0 the committee then arose and reported progress.

The question now came up as to whether or not these sums must be contained in the general appropriation bill, or in the other or "special" appropriation bill. Finally the whole bill, on sudden impulse, was re-referred to the ways and means committee, and the House adjourned until 10 a. m., tomorrow.

Nervous Dyspepsia

To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean.

MAKE A TEST OF STUART'S DYSPEPSIA TABLETS.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think their nerves are to blame and are surprised that they are not cured by nerve medicines. The real seat of the mischief is lost sight of. The stomach is the organ to be looked after.

Nervous dyspeptics often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every organ. In some cases the heart palpitates and is irregular; in others the kidneys are affected; in others the bowels are constipated, with headaches; still others are troubled with loss of flesh and appetites with accumulations of gas, sour risings and heartburn.

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite sleeplessness, palpitation, heartburn constipation and headache.

Send for valuable little book on stomach disease by addressing F. A. Stuart Co., Marshall, Mich. All druggists sell full-sized packages at 50 cents. Prof. Henry W. Becker, A. M., the wellknown religious worker and writer, of St Louis,

Public Secretary for the St Louis School Patrons Association and the District Conference of Stewards of the M. E. Church: also takes an active part in the work of Epworth League, and to write on religious and educational topics for several magazines. How he found relief is best told in his own words:

"Some weeks ago my brother heard me say something about indigestion, and taking a box from his pocket said "Try Stuart's Tablets." I did, and was promptly relieved. Then I investigated the nature of the tablets and became satisfied that they were made of just the right things and in just the right proportions to aid in the assimilation of food. I heartily endorse them in all respects, and I keep them constantly on hand."
