Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars: free.

Hurrah for the X-Ray and let her go Gallagher! Twenty years of suffering from epileptic fits, caused by the pressure of a bullet upon his brain, were ended for Michael Gallagher, who lives in Chicago, by a recent operation directed by the use of X-Rays Thrice in his life had the surgeons hunted in his head for the bullets which was known to cause his trouble, but without results. A large piece of silver in the skull shows that they operated on the opposite side from where the bullet rested, for, contrary to their diagnosis, it had passed through the brain. Gallagher's health is improving, and while his brain has been retarded in its growth by the bullet, it will develop now and, it is belived, he will never again be an imbecile.

A Woman Voter Writes.

EDITOR JOURNAL:—I notice by JOURNAL that it is expected the Citizens' Committee recommend that the Eighth and Ninth grades be cut off from our school. It is to be hoped that the people will not submit to such a procedure. The grades in our schools are much lower now than in schools of much smaller towns all around us. What will become of all of the pupils that are past the Seventh grade (not much more than out of the primary) most of them children from 12 to 14 years of age, are they to be turned loose on our streets to become vagabonds or what? It is a disgrace for the capital city of the glorious state of Oregon to have a citizen's committee even recomend such a thing. It might do well enough for a few of fortune's favorites, as they can send their children to the Willamette university or elsewhere, away from town, but the majority or parents can afford only a public school education for their children, and what a fine education a child of 13 years must have (the average age of a child in Seventh grade) to make his or her way in the world.

The voters and taxpayers of school district No. 24 had best think this matter over well, before voting to cut off the Eighth and Ninth grades of our schools, dispense with the services of the city superintendent, if necessary, but don't lower the grades of our schools any lower than they now are. If it can't be improved on then let well enough alone.

AUCTIONEERS' LICENSE FIXED.

Salem's City Council Holds a Special Business Session.

A called meeting of the city council was held last evening for the purpose of passing an auctioneer's ordinance. Mayor presided and councilmen Buren, Burrows, Gesner, Riggs and Legg were present. The following ordinance was read twice:

"A bill for an ordinance to fix the rate of auctioneer's licenses in the city of Salem, Oregon:

"Sec. 1. Each auctioneer doing business in the city of Salem, Oregon, shall pay an annual license of $200, or a semi-annual license of $100 and no such license shall be issued for a less period than six months. An auctioneer's license shall not authorize any person other than a partner of the person in whose name the license is issued, to sell and no license shall be issued to a company. This section shall not apply to executive officers, administrators and guardians, in their official capacity.

Sec. 2. All ordinances and parts of ordinances are hereby repealed."

At a later called meeting the same was read a third time and passed. It was signed by the mayor, and is now the law of the city.

Fees Turned In.

The fees received by County Treasurer A. L. Downing from County Clerk W. W. Hall and Recorder J. H. Roland for the month of February was $626 30. The fees for February by Clerk Hall was $436.15. The total expense to the county per month for that office is $254, leaving the sum of $182.15. The receipts of the recorder for February amounted to $190.15, while the expenses was $134, leaving a balance of $56 15.

After the Grip—What?

You thought you had the best of the grip and you determined to wear it off; but somehow it does not wear off as you expected. You pass restless, sleepless nights and get up in the morning feeling more exhausted then when you retired. You are irritable and nervous and have no appetite for your food. You go about in a listless, halfhearted sort of way, and everything you undertake to do seems to go wrong. Do you know that you are on the verge of nervous prostration? You need help; and you need it more now than you did when the grip was at its worst.

Dr. Miles' Nervine is the best medicine you can get to build up your shattered nerves and restore your wasting strength. It invariably insures sound sleep and gives the overstrung nerves their natural rest. It makes the appetite keen, facilitates the digestion gives healthful vitality to the nerves and restores health.

"I was nervous, restless irritable and altogether out of sorts. It was impossible to get my natural sleep and I became so weak and exhausted that I could not leave my bed. Finally I commenced taking Dr. Miles' Nervine and I began to improve from the first dose. In a short time my health was completely restored."

THE GREAT SALT LAKE ROUTE

The attention of eastbound travelers is called to the advantages offered them by the Rio Grande Western, "The Great Salt Lake Route." The same rates prevailed whether the trip is made via Huntington or San Francisco. The passenger has his choice of two routes out of Portland, three through Colorado, and four east thereof. No other line out of Portland can offer such a variety of routes. In addition, a day's stopover is given all passengers at any point in Utah or Colorado. Through pullman and tourist sleeping cars are run on all trains, as well as free reclining chair cars. The service and accommodations offered are equal, if not superior to those of any trans-continental road, and rates are always as low as the lowest.

If you contemplate a trip east, write to J. D. Mansfield, General Agent, Rio Grande Western Railway, 142 Third Street, Portland Oregon, for any information you may need in reference to rates, routes or accomodations. 11-10-tf
