FRIEDMAN IS NOT A KICKER

RARE AND LATE KIND OF MUSHROOM

Miles Carter brings THE JOURNAL a variety of mushroom that was coming up just before this freeze, and examination by a local mushroom expert, Dr. C. H. Hall, discloses the fact that it is the famous Gyromitra Brunus. The stem is fluted and the cap is like a bishop's mitre set on in a twisted fashion. It is one of the very finest edible varieties but is known to but few. It grows to perfection in Oregon, and is one of the kinds that dries perfectly and can be stored and kept a long time.

CATARRH OF THE KIDNEYS.

THE REMARKABLE CURE

Of Cases of Bright's Disease After They Had Been Given Up to Die.

Mr. J. Brake of Petrolea, Ontario, Canada, writes: "Four years ago I had a severe attack of Bright's Disease, which brought me so low the doctor said nothing more could be done for me. When one of your lectures on the above disease was read to me I began to take Pe-ru-na and Man-a-lin, and found it acted just as represented. In three months I was a well man, and have continued so ever since."

Hon. J. Brake.

Mr. J. N. Howard of Marble, Ark., says: "It has been nearly two months since I wrote you giving a description of my case. I began taking Pe-ru-na and when I got your letter I followed the direction. My doctor had no hope of my getting well. My bowels were so bloated that I could not rest day or night if I ate anything at all. I thought my case was hopeless. But words cannot express my praise for your medicines. My friends were wonderfully surprised when they saw me improving. But I have not suffered a day since I began taking your medicines; I eat anything I wish and have a good appetite. I was suffering from dropsy so bad that I could not get my clothes on and my feet were all swelled up."

Mrs. Mary A. Shear, Jennings, La., says: "I am recommending your medicines to every one I hear complain. My disease was Bright's disease of the kidneys. I am quite well now."

The kidneys are subject to catarrh the same as any other organ. The catarrh may be slight, giving rise to little or no disturbance, or severe, producing a genuine case of Bright's disease of the kidneys. The symptoms of catarrh of the kidneys are weak back, dull pains in back and hips, sometimes high-colored and sometimes clear urination.

Catarrh of the kidneys quickly leads to chronic Bright's disease. Pe-ru-na should be taken at the appearance of the first symptom. If taken in the early stages of the disease Pe-ru-na is sure to cure every case. Pe-ru-na cures catarrh of the kidneys simply because it cures catarrh wherever located. No other systemic catarrh remedy has as yet been devised. Insist upon having Pe-ru-na. There are no medicines that can be substituted. There is no other remedy that can be relied on to cure catarrh of the kidneys. Pe-ru-na cures catarrh of any organ of the human body. Send for free catarrh book. Address The Pe-ru-na Drug M'f'g Co., Columbus, O.

COMMISSIONERS ADJOURN TODAY

Have Made Reduction In Assessment Valuations

The Marion County Commissiomer's court have been in session today and expected to finish the business before them this afternoon.

The proposed reduction in the assessed valuation of real estate has been made under direction of the court. City propertyy is but little affected, the changes being made mostly in farm lands and in some of the outlying additions.

While reluctant to make this reduction, the county officials have felt obliged to do so by the action of other counties in the state which seem to have all joined in a concerted scramble to get out from under the burden of state taxes.

The court visited the steel bridge and pointed out to the contractor some minor repairs which are not included in his contract.

PARDON OF EDWARD L. MIMMS

Application and Argument Made Before Gov. Geer.

Edward L. Mimms, of Pendleton, was convicted and sent to Salem for manslaughter, and Tuesday afternoon Governor Geer heard arguments presented by United States Senator Pritchard of North Carolina, who afterwards visited the young man at the place of his confinement. The Senator was accompanied by his wife on this trip and they took the the train for California and they are en route home to Marshall, in their own state.

The man he has asked a pardon for is a son of one of the most prominent families in Tennessee, his brother being one of the most prominent criminal lawyers in Tennessee, W. O. Mimms of Newport. Edward L. Mimms was a deputy collector of revenues under the Cleveland administration and has been for thirteen years a resident of Oregon. He married a daughter of Senator Matlock by whom he had five children. When asked by his attorney yesterday if he would accept a conditional pardon, based on his leaving Oregon, he looked dismayed and shook his head saying he could not bear to live so far away from his children.

The circumstances of his conviction as near as can be learned from the documents on file in the case are as follows: in a saloon row with one Miller, the barkeeper and also a gambler, the latter ordered Mimms out of the place and followed him up with an ice-pick in his hands. Words passed between them and Miller struck Mimms and knocked him down, beating him after he was down so as to raise large lumps on his head. While the men were down, Mimms shot Miller fatally. On trial for murder the jury hung 36 hours, eight standing for acquittal, but finally compromised on manslaughter but recommended him to the extreme mercy of the court which would have been one year. He was sentenced for five years, but has been in confinement fifteen months in all since he committed the crime.

Prominent people are interested in the release of the young man, his petition being signed by United States senators from North Carolina and Tennessee, besides Governors and Congressmen and the Senators from Oregon, and prominent citizens of this state.
