METHODISTS WANT MORE LICENSE

General Conference Will Decide Whether the Church Will Allow Dancing

The general conference of the Methodist Episcopal church, which meets in Los Angeles, Cal., next month, will have the settling of just how far the people of that denomination can go when it comes to attending balls, parties and the many other social and public gatherings to which man's inclinations may draw him.

Paragraph 248 of the present church constitution prohibits the members of that sect from participating in many forms of amusement, such as card playing, dancing and theatre-going. This paragraph has caused, at many times, many rumors of church disintegration, and various conferences have discussed the question in all its phases. The sentiment, especially in conservative states like Oregon and the down East commonwealths, look with disfavor on any change, while the younger generation of adherents of Wesley are asking, even demanding a little license in these matters.

Just how the question will be decided remains to be seen, but, in the meantime, there is plenty of pro and con argument.

CHILD TOPER IN GUTTER.

Shocking Condition of Affairs in Pendleton Family.

Pendleton, Or., April 12.—The discovery of a child but 4 years of age, lying in drunken unconsciousness in a street gutter, has attracted the attention of the authorities here to a deplorable case of alcoholic debauchry. For some time complaints have been made of a family named Maynard who reside in a shack on Webb street. The Maynards, according to neighbors, indulge in carousals lasting into unseemly hours of the morning.

The members of the family are, father, mother, two half grown boys and a little child 4 years of age. The latter little fellow was picked up on Webb street a few mornings ago at 4 o'clock by a passing teamster and taken to the Maynard home. It then developed that every person in the family was beastly intoxicated.

The teamster bore the child, stupefied with liquor, to a wretched bed on which lay its intoxicated mother. The father lay on the floor, as did the two elder sons.

The matter was at once reported to Marshal Carney who investigated the case and yesterday reported the neighbors were right when they complained that nightly orgies were continual in the Maynard home.

The owner of the shack where the family lives has ordered it vacated before tonight. Christian workers have also taken the matter in hand with a view of lending aid that a reformation may result.

Good Spirits.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass state could not remedy a bad liver or the hundred and one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists. At Dr. Stone's drug stores.

STATE ASSISTS SETTLERS

Will Loan Hood River Farmers Money on Land and Ditch

Governor Chamberlain, Secretary of State Dunbar and Treasurer Moore have returned from a tip to Hood River, where they inspected the land adjacent to the irrigating ditch recently purchased by the farmers of that vicinity. The ditch irrigates about 7000 acres of land, and was formerly owned by a private corporation, but, owing to the high rates charged the patrons, it was decided to make it co-operative, and a company was organized for that purpose. A number of the farmers were able to pay for their stock, but, as a great many will be compelled to borrow money to complete their payments, it was thought that the state school fund would be the cheapest and best form of loan. The state reported favorably on the project, and the deal will probably be consummated within a few days. About $25,000 will be necessary, and as the state has plenty of money in the school fund, it will be a great benefit to the settlers, and place a large amount of available cash out at interest. The state will receive as security a mortgage on the land and the interests of the party in the ditch. Governor Chamberlain was highly pleased with his trip, and says the Hood River country is a great producer if water can be secured.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
