GOOD AXLE GREASE

This time of the year when there is so much heavy hauling, it behooves the driver to know that his vehicle is well oiled.

DEERHALER'S CASTOR OIL GREASE lubricates thoroughly and does not gum or run to "tar."

DIXON'S GRAPHITE GREASE is composed principally of graphite, and as long as there's a speck of that left on the spindle it runs smoothly. It's fine for buggy spindles, too.

Come and get a box, use half of it, and if you don't like it, get your money back.

Good assortment of whips and robes, too.

A Shortened Description.

"Don't you think Miss Osteer has a great deal of repose?"

"That woman standing with her elbow on the piano?" asked Miss Cayenne.

"Yes."

"That isn't repose; that is plain pose."—Washington Star.
