THE COME AND SEE SIGN

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean?

It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and aboveboard."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound.

Is it a purely vegetable compound made from roots and herbs — without drugs?

Come and See.

Do the women of America continually use as much of it as we are told?

Come and See.

Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick woman are asked to write?

Come and See.

Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See.

Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See.

Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

A PANAMA CANAL REPORT

(United Press Leased Wire.)

Washington, Jan. 25.—The report on work done on the Panama canal during December shows that the record for excavation has been broken, the 2,000,000 cubic-yard limit having been passed for the first time. The grand total of excavation in December was 2,200,539 cubic yards.

The largest preceding monthly record was that for October last, 1,868,792 cubic yards, which the December total exceeds by 331,810 cubic yards. Of the 2,200,539 cubic yards excavated 2,096,542 were taken from the canal prism—1,318,958 by steam shovels and 777,604 by dredges.

In the Culebra division the million cubic-yard limit was not only reached, but passed for the first time on record, the total excavation there being 1,025,485 cubic yards. The largest preceding monthly total for this division was that of April last, 879,527 cubic yards, which the December total exceeds by 145,527 cubic yards. The average number of steam shovels was virtually the same in both months.

GOLDEN EVENT IN GOLDEN STATE

Oakland, Cal., Jan. 25—Though the utmost effort has been made to keep secret the story, the interesting news leaked out into society circles that Miss Pansy Perkins, the youngest daughter of United States Senator George C. Perkins and Mrs. Perkins, and Cleveland Baker, son of Mr. and Mrs. George W. Baker, are engaged to be married, and a romance which began in their school days will culminate as true romance should.

Formal announcement of the news has been reserved for some time hence.

Cleveland Baker is now in Nevada where he is interested in mining with his brother, Ray Baker. The family were early residents of the Silver state, Baker, Sr., having been one of the chief counsel for the Southern Pacific Company and its predecessor the Central Pacific Railroad, in that district. Years ago the Bakers moved to Oakland.

MASKED MEN ROBBED HOTEL

(United Press Leased Wire.)

San Rafael, Cal., Jan. 25.—After shooting one man fatally and robbing him and four others in the bar room of the hotel late last night, a masked man jumped on a waiting bicycle and rode swiftly away. Sheriff Taylor and a posse are vainly seeking the thug, while the wounded man, Edward Edwards, former constable at Tiburon, his physicians say, will die in a few hours.

While William Luke, proprietor of the hotel; David Ericson, his bar tender; A. B. Smith, Charles Schearer, Joseph Schraff, and Edwards were standing at the bar, the burglar, masked with a white towel and carrying a heavy revolver, entered and in a gruff voice shouted "Throw up your hands, quick. I have no time to waste"

All obeyed except Edwards, who thought that the man was joking. Seeing Edwards' hand still at his side, the intruder shouted, "Hurry up, there, or I'll get you." Edwards was about to obey the command when the highwayman fired. The bullet took effect in Edwards' neck and he fell to the floor.

JAP GOVERNMENT RESTRICTING EMIGRANTS

(United Press Leased Wire.)

Tokio, Jan. 25.—An imperial order prohibiting all Japanese from emigrating to the Hawaiian islands, excepting those who have relatives there, was issued today. The steamship companies are vigorously opposing the order, and their managers have personally appealed to the foreign office to modify it. So far they have met absolute refusal. Another order declares that the decree of prohibiting emigration to the United States and Canada must be rigidly observed.

Chemberlain's Cough Remedy a Safe Medicine for Children.

In buying a cough medicine for children, never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it, and relief is always sure to follow It is intended especially for coughs, colds, croup and whooping cough, and there is no better medicine in the world for these disease. It is not only a certain cure for croup, but, when given as soon as the croupy cough appears, will prevent the attack. Whooping cough is not dangerous when this remedy is given as directed. It contains no opium or other harmful drugs, and may be given as confidently to a baby as to an adult. For sale at Dr. Stones drug store.

DYNAMITE CHARGED TO LIQUOR INTEREST.

(United Press Leased Wire.)

Columbus, Ga., Jan. 25.—Dynamite will be used by the liquor interests to check the activity of the Law and Order League, which is trying to enforce the prohibition laws. Evidence of the determination of the liquor people to resort to this measure was found last night, when bombs were exploded in front of the residence of C. H. Gifford, president of the league, and near the parsonage of two local ministers.

Gifford found nailed to his gate post this sign: "This is but a warning. If you don't heed it you will be sorry."

Baby Laugh

It belongs to health for a baby to eat and sleep, to laugh and grow fat.

But fat comes first; don't ask a scrawny baby to laugh; why, even his smile is pitiful! Fat comes first.

The way to be fat is the way to be healthy.

Scott's Emulsion

is the proper food, but only a little at first.

EUGENE COUNCIL ASKS FEDERAL AID

Leading City in Dry County Wants Help From the General Government.

At the meeting of the city council in addition to the passing of ordinances assessing the cost of paving Willamette street between Eleventh and Thirteenth and of certain sewers, as mentioned in yesterday's Guard, it passed the following resolution:

"Resolved, That it is the judgment of the common council of the city of Eugene that the bill now before congress, commonly known as the Tillman bill, which permits the prohibition of the shipment of intoxicating liquors into prohibition territory, is demanded by good public policy and should be enacted into law; and be it further

Resolved, That our senators and representatives be and they are hereby respectfully asked to use their best endeavors to secure the passage of this act as speedily as may be.

"That this resolution be properly authenticated by the mayor and city recorder and a copy hereof forwarded to each of our senators and representatives."

The resolution went through by a vote of 6 to 1, Councilman Fisher being the dissenting member and Councilman Barbaugh being absent. Mr. Fisher gave as his reason that he thought congress knew its business without any suggestions from the Eugene council.

ANOTHER STEAM LAUNDRY OPENED

The Capital Steam laundry on Market and Broadway in north Salem has been purchased by Charles G. Combs and Charles Heaner of Portland, who opened the establishment this morning. The laundry has been closed for the past several weeks owing to extensive repairs and the installation of new machinery. The latest and best equipments known to the business have been purchased by the proprietors and the laundry is now one of the most up-to-date establishments of its kind in the state, and is prepared both as to machinery and competent help to care for every line of the trade from the heaviest blankets to the most delicate fabrics. Messrs. Combs and Heaner have for many years been associated as head washer and head marker respectively with one of the largest laundries in Portland and understand every department and phase of the business. The laundry as conducted by these reliable young men will doubtless add materially to Salem's thrifty circle of business firms.

WALLACE G. TRILL ORATE HE WILL

Salem special to Portland Telegram:

There were warm doings in the University Prohibition association when a resolution was introduced aimed directly at Wallace G. Trill, who proposed to enter the prohibition oratorical contest in March. Trill proposed to redeem himself before the students.

During the heated argument the whole affair of last year, when Trill was accused of plagarism and striken from the contestants, was rehashed, and many recriminations indulged in. Some of the students thought it would not be for the honor of the university to have Trill represent it after the charges made at the state oratorical contest last year. Mr. Trill again denied having copied the speech from Beveridge, and pleaded his cause in and eloquent manner.

When it came to the vote a majority was in favor of Trill's being allowed to take part in the local contest. Mr. Trill has a great many friends in the university, and they rallied to his support and gave him a vote of confidence.

Boosters Meeting Tonight.

Secretary Heltzel desires to call attention to the meeting of the Boosters club to be held this evening in the board of trade rooms. Considerable business of importance is to be transacted and it is hoped that there will be a full attendance.
