Real Estate Case—
Another real estate case was occupying the circuit court this morning. Ellis & Wood vs. Bernard are the main participants. Attorney Corby is appearing as counsel for the defendants and John Bayne for the plaintiff. The suit was instigated by Ellis& Wood as the result of a disagreement between them and Bernard over a piece of property which the defendant was intending to purchase.

The Defendant Won—
In the realty suit of Radcliff vs. Bell, the defendant, Bell, was given the verdict and the case dismissed. This was a suit over a certain piece of property which Radcliff had alleged that the defendant agreed to purchase, but later refused unless a clear title was shown by Radcliff.

Asks Aid for Italy—
John Cordano, the Portland detective, is in the city attending the legislature and will present a petition shortly for the consideration of the body for an appropriation of $10,000 to help the Italian earthquake sufferers. Cordano is an Italian, and was formerly a resident of San Francisco. He was one of the first to take a hand in helping the disaster-stricken populace of that city. Cordano's parents are now residing in San Francisco and have contributed largely to aid their suffering countrymen.

Rain Through the Roof—
No small amount of damage is being done to the Odd Fellows' building as the result of the recent snow storm. The snow laying on the roof so long, caused it to leak, and the heavy rain fall driven by the wind, is going through the apertures and running down upon the ceilings, causing the plaster to fall in several places. The plaster in the library has broken off in spots and unless the leak is checked, other rooms will be damaged.

DR. ROLLER MEETS ED MARTIN TONIGHT

[United Press Leased Wire.]

Seattle, Wash., Jan. 19.—Dr. B. F. Roller will make his ring debut tonight. Ever since the big Seattle physician returned from his sojourn in the Hawaiian islands, and the announcement was made or his desire for heavyweight honors, the interesting question has been:

"Is he any good as a boxer?" and "Is he a better fighter than he was a wrestler?"

Seattle sport lovers will get their "first impression" tonight.

"The big colored fellow has the advantage of Roller. He is taller, he has a longer reach, and he will weight about seven pounds more than the physician.

Add to this Martin's cleverness and ring experience, and it will be easily seen that Roller has much to contend with. Martin says he is going to wade in at the sound of the gong. That's just what Roller wants says the physician's friends.

COLORADO ELECTS DEMOCRATIC SENATOR

[United Press Leased Wire.]

Denver, Jan. 19.—The two houses of the general assembly today separately cast a majority of votes for Charles G. Hughes, Jr., Democrat, to succeed Henry Moore Teller, also a Democrat, as senator of the United States from Colorado. Tomorrow in joint session the assembly will ratify his election.

Are You One of Them?

The house wife who has been induced to buy a phosphate baking powder by grocers or canvassers will be somewhat chagrined to learn that this character of goods is made from burned bones, mixed with diluted oil of vitriol.

BARR
The Optician

OREGON'S GOVERNOR

(Continued from page 1.)

Those voting for Fulton were: Bean, Belknap, Brattain, Brooks, Calkins, Conyers, Hawley, Leinenwebber, McCue, Meek, Smith, 12.

Call of House.

At 11:45 a call of the house was ordered on motion of Libby, showing all present

Mr. Eaton called for enforcement of rule against smoking.

Mr. Conyers moved that all Statement No. 1 badges be removed from coats of persons invited within the bar of the house.

Courtesies of the house were extended to several hundred visitors.

A flashlight was taken of the vast assemblage, with a side view of the members.

Roll Call on Senator.

At exactly 12 o'clock Speaker McArthur announced that the hour had arrived for taking a vote on United States senators. He read the federal statute regulating such elections:

Mr. McCue, for the committee to canvass the results of the popular vote cast in June, 1908, as follows:

Amos, Prohibition	3,701
Cake, Republican	50,899
Chamberlain, Democrat	52,421
Cooper, Socialist	5,257

The First Ballot.

The first vote ca t was by Abbott for Chamberlain, amid great applause. This was repeated when Altman voted. Applegate cast the first vote for Coke, and was followed by Beals, who said his first choice was Fulton Bean voted for Scott, Davis, who had been roasted for alleged departure from his priscibles, boldly kept his pledge. Dimick voted because he believed in the principle of the people ruling. (Loud applause).

Every ballot cast for Chamberlain was received with applause. Mahon declared that he had supported all people's reforms, and would have supported a Republican, if conditions permitted, but he was bound by his pledge. He was here to deliver his pledge to the people. The primary law was a Republican measure, and he favored upholding it. (Applause) Muncy made the most eloquent speech of the day, an unpledged man, and voted for the People's Choice.

Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by Dr. Stone's drug store.

FRANK ROYSE PARDONED BY MEAD

Walla Walla, Wash., Jan. 19.—Frank Royse, who killed his grandfather near Dixie February 8, 1900, and was sentenced to 20 years for murder in the second degree, has been granted an unconditional pardon by Governor Mead, and left for his home near Dayton, Wash. He had two years and six months to serve, and his freedom will depend on his absolutely refraining from liquor, and remaining in the state.

"A Night in Bohemia."

The seat sale for the Elk's big show "A Night in Bohemia," opens Monday afternoon at 1 o'clock and those having Elks' tickets will be given the preference. These tickets may be obtained from any Elk or at any cigar store in town. The finishing touches are now being put on all the big singing and dancing specialties and the final rehearsal will be held in the theater next Monday evening. The proceeds will be devoted to their Los Angeles fund, and when the local lodge goes to that city in July to attend Grand Lodge Re-union they will be fully 100 members in uniform. Pamphlets describing Salem and the surrounding country will be distributed and many of the visiting members from the East will be urged to stop off here on their way home. The Elks' band will accompany them and the local lodge is figuring very strongly on winning the $1000 for the finest turnout in the big parade. The show is full of local hits and the cast is made up of the best talent in the city. There are 21 big singing and dancing numbers and there will not be a dull moment from curtain to curtain. Local theater-goers are advised to secure their seats early as the Elks' show this year will no doubt play to capacity at both performances.

CALIFORNIA DEFIES

(Continued from page 1.)

this anti-Japanese measure. I desire every person at all interested to write me on the subject. If I find the people favor anti-Japanese legislation I will go ahead with my efforts to secure the passage of my bill unless, of course, the governor deshall leave the entire matter to him."

Speaker Phil A. Stanton of the assembly goes even furthehr than does Drew, and his stand in the controversy is considered a fair reflection of the position which will be taken by the Republican "organization" which controls a majority of votes in both houses when it comes to favorable questions. Stanton said today:

"I think that, in considering such matters are the anti-Japanese bills introduced, we are treading upon dangerous ground. Personally I think the Drew bill should be killed for the reason that its provisions, in, my opinion, prevent aliens living in their native country, investing any money in California real estate or property of any description. At any rate, all action on the anti-Japanese question should be held up until we hear from the President."

Governor Gillett himself had little to say. Like many other at the capital he prefers to wait until he hears from Roosevelt's letter.

PRESIDENT ZELAYA IS ONTO HIS JOB

[United Press Leased Wire.]

San Francisco, Jan. 19.—Presiden Zelaya of Nicaragua has hit upon the expedient of taking the firing mechanism from the guns of his fortresses whenever he leaves the capital in order to prevent a revolution in the garrison, according to officers of the German steamship Acila, today.

Zelaya is said to have constructed a great brass bound chest in which he places the firing pins and the delicate apparatus of each of the great guns that surmount the walls of the Fort at Corinto. With the triggers removed the great guns are harmless and useless in the hands of any successful revolutionist who might capture the fort.

Whenever Zelaya leaves Corinto he takes the truck with him and the mechanisms are replaced only when he is safely back again at the capital.

Water Releases Prisoners—
The three drunks locked up in the city jail this morning, were turned loose by Chief of Police Gibson, owing to the heating apparatus being put out of order by the water in the basement. The jail, although not very cold, is an uncomfortable place to spend the night with no heat. The furnace basement is nearly full of water, and to build a fire is impossible.

What Would You Do

If three good physicians should pronounce your case hopeless. If they should decide that you could not live longer than six weeks. And if you should get well, after using only $12.00 worth of Dr. Miles' Heart Cure and Nervine, what would you advise a friend in like condition to do?

"I have to thank you for saving my wife's life two years ago. We had continued with the doctor until the third doctor, like the two previous ones, said that nothing could be done for her, that she had better be taken home from the hospital to quietly wait her time, which would not be over 6 weeks at the most. I brought her home, and then I thought probably Dr. Miles' Heart Cure and Nervine might help her, so I got a bottle of each and some Nerve and Liver Pills and commenced to give them to her. We soon seen an improvement, and encouraged by this we continued giving the medicine. We gave her eleven bottles in all of the medicine. She takes it occasionally now if she feels the need. I am in the ministry, and have been for 44 years."

Geneda Springs, Kans.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.
