A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more thoroughly than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

$100 PURSE HUNG UP FOR BALL PLAYERS

Just before the J. G. Mack Company's baseball aggregation boarded the Portland-bound train Sunday evening, the local managers and the visiting manager arranged for a game to be played in this city on the 23d of this month. The game is to be played with the understanding that the winner gets a $100 purse the money having been put up by the Portland manager, while a prominent business man, whose name is withheld from publication at present at his own request furnished the local end with the $100.

What prompted the local men to schedule this game was due to the fact that as soon as Johnson took possession of the firing line last Sunday and got in action, the visitors were unable to make so many merry travels about the bases, and the ball was always kept in control by Salem's infield or outfield men, and, with Johnson to start the game, or some other good twirler in the box, it is believed that the Salem Independents will defeat J. G. Mack's team. In fact the game last Sunday would have been much closer had Summerville, for Portland, been a little more careful and not smashed the ball over the fence.

Next Sunday afternoon the Salem Independent team will go in the harness on the Asylum Avenue ball park against the Eugene Colts, Jay McCormick's likelies. This is another very doubtful game to the fans, owing to McCormick's success in securing the services of DeNeff, the well-known twirler, who has been under the eyes of McCreedie and several other well-known managers of importance. King will help DeNeff by doing the backstop turn, which makes an exceptionally strong battery. It is probable that the Salem managers will put Johnson in the box against the Eugene team, although another pitcher has been communicated with, coming from Butte, Mont., and, according to the recommendation given to Manager Heyser, the new man is a sure winner.

TAKES UP THE MATTER OF DRUG STORE LIQUORS

Several saloon-regulation ordinances showed up in the city council Monday night, and that seems to be the principal industry of a large contingent of Salem people, and some of the aldermen as well. When nothing else can be thought of it is time to amend saloon ordinances. So an ordinance came in to enact the drug store feature of the local option law. It seems the state local option law, to be effective, must be enacted over piecemeal by the city council, when it has been assumed right along that the cities had no rights of their own in the premises. So the ordinance introduced last night proposes to make the city responsible for the enforcement of the prescription feature of the local option law regulating drug stores. On division the council stood five to five, the motion being to table the ordinance, but the mayor voted to let the ordinance go to third reading, and it will be up again next Friday night.

CYCLONE THOMPSON TO MEET BATTLING NELSON

[United Press Leased Wire.]

San Francisco, May 4.—According to a dispatch received here from Barney Litchtenstein, manager of "Cyclone" Johnny Thompson, when his protege and Battling Nelson hook up at the Colma arena July 5, they will be prepared to go over a 99-round route.

The final arrangements for the fight were made yesterday in Chicago, and, while no mention of a battle ground was included in the agreement, the fact that 99 rounds, in other words a fight to a finish, were stipuated, it is almost certain that Colma will be the scene of the battle.

Nelson and Thompson have met twice before, each time in six-round bouts, and, while the champion won the decision each time, the encounters were furious and bloody. A long route is believed to be in Thompson's favor, and he has never been knocked out.

Local sports are not at all sorry that the game Thompson is to be substituted for Packy McFarland for the July date. Thompson's calibre as a fighter of the give and take school is well known here, and a furious battle is anticipated by the fans.

CAPTURE A JAP PELAGIC SEALER

[United Press Leased Wire.]

Sitka, Alaska, May 4.—The Japanese schooner Kisa Maru is in the possession of United States Deputy Marshal Shoup today, having been captured yesterday afternoon by the officer and a party of marines in two launches armed with machine guns. The Japanese vessel was found at anchor 16 miles from Sitka, and surrendered without a show of resistance.

On board was a crew of 30 men and several seal skins. The men admit sealing illegally.

HAWAII TO BECOME FULL-FLEDGED STATE

[United Press Leased Wire.]

Honolulu, May 4.—That the territory of Hawaii is destined to become a full-fledged state of the Union, and that the inhabitants of the islands are capable of governing themselves, is the opinion of former Vice-President Fairbanks, who is touring the islands in company with his wife and daughter. Fairbanks addressed the Hawaiian legislature, and announced himself as favorably impressed with conditions here. He was cordially received.

Service and Safety

Two elements of bank work stand out above all others—service and safety. When we come to consider corporations and the oppression they are said to work on the individual, we discover that the bank is distinctive—a thing apart. In no possible way can it corner the market. For even the money it holds and loans out belongs to the people and must be produced on demand. It may influence supply and demand through the granting of credit, but is itself influenced by supply and demand, and moreover by its own credit issues. It is peculiarly a servant. Not only is it the servant of all the people, but of the individual—your servant. Not only is it a peculiar corporation, but it serves all other corporations. In serving the individual, the ways are so numerous that we can briefly characterize them as the needs and wants of men who trade.

Safety applies to everything connected with this bank. It has physical equipment which is safe. Its dealings with depositors demand safe methods. It makes safe loans. Its whole make-up as an organism, with well proportioned parts, is safe. And it not only strives to serve but strives to be safe.

These two elements are what have attracted our splendid list of customers. This bank has succeeded on its merits. It has succeeded through helpfulness alone. It offers to you the same service and safety it is giving to others. Will you give us the opportunity to "show" you?
