The Days Have Been Dark and Stormy, But HONEST to GOODNESS

It don't make any difference at the Chicago Store's Great Hurry Out Sale. Every morning people are standing on the outside, waiting for the doors to swing open. And no wonder, think; yes, stop and consider, what a saving there is for you. Never in the history of Salem has a sale attracted so much attention, and its all because the goods are sold as advertised, and one price to all. No matter what your thoughts may be, come to the Chicago Store and investigate, and see with your own eves. I am here to sell this stock, and I intend to sell it by dealing fair and square with every customer. If you purchase ss not satisfing, talk with me about it. E. G. Seaman

Here Are Prices That Speak and Quality That Counts

Ladies' and Misses' Coats, Sold Up to as much as $16.90

$2.49

Eleven only in this lot, sizes 16, 18, 36 and 38. This is a special lot of Coats I have picked out; these Coats are all very good styles and some of them sold at one time for $16.90. I have marked them at $2.49, on sale at 9 a. m. tomorrow.

Women's Black Voil Skirts, worth to $10.50

$1.50

There is only 6 of these Voil Skirts, and really they are worth more money, but it is all there is of this kind, so I have marked them to sell at $1.50. I think one of them sold for $12.50, the rest at $10.50 at one time.

DRAINAGE QUESTION IS MAIN ISSUE AT SESSION OF COUNCIL

Regular Sanitary Sewers Not Large Enough to Serve As Storm Sewers

The drainage question, sewers and floods added a dash of argument at the regular session of the city council last night and it appear that the best means of getting rid of surface water in the shortest possible time is of paramount interest to a large number of Salem residents just at present. The undersized sewers in several districts failed to carry off the surface water as they were constructed only as sanitary sewers and not as storm sewers. It is said that some of them leak at the joints and admit surface water which clogs up the sewer and causes basements to be flooded. The matter will be investigated by the city engineer.

Five bills for an ordinance were presented and each was put upon final passage and passed without a contrary vote. An ordinance was passed regulating the speed of autos passing the school grounds to 10 miles per hous and the street commissioner was instructed to erect proper warning signs. This ordinance does not apply on Saturdays, Sundays, regular holidays and during school vacations.

The pawn shop ordinance was amended to include second hand stores, requiring a report of goods purchased from regular firms. The license on automatic baseball machines was amended to require a license of $50 per annum instead of $75 as formerly. An ordinance was also passed authorizing the recorder to clear the records on lots 1 and 2 block 1 in University addition which property now belongs to the city and against which there is an improvement lien for a total of $788.

To facilitate the service of sidewalk notices an ordinance was passed allowing the posting of notices on the property when the owner is absent from the city for more than 60 days.

Elliott Favors Private Contractors.

When the resolution came up to construct a sewer between Liberty and Maple street on Hickory, Councilman Elliott offered an amendment to advertise for bids in order that private contractors might have a chance to compete with the city which has been doing the work in the immediate past by day labor under the supervision of the sewer committee. Councilman Huddleson was against the amendment on the grounds that it would cause an influx of foreign laborers when Salem people could do the work and needed the employment. Councilman Mills supported Mr. Huddleson and offered as his opinion that Salem people could do their own work as cheaply as anyone else could do it. The vote on the amendment was against Elliott's proposal 9 to 4.

The city health officer was authorized to draw requisitions for supplies for families under quarantine and for indigent families. A petition for a hard surface pavement on Mill street from 19th to 22nd streets, was referred to the street committee and the city engineer. The council went on record as being ready to construct a bridge over the mill race on South Church street whenever the majority of the property owners along that street wanted to improve with hard surface pavement.

Some light was thrown on the Gardner & Keene illuminated clock when Councilman Mills explained that if the city did not furnish the light the firm would do it and the council with one accord agreed to let the firm light their own clock.

A resolution was adopted requiring the companies who repaired their tracks at railroad crossings to erect a concrete retaining wall under the edge of the pavement where it was cut. The monthly payroll of Street Commissioner W. S. Low was adopted and called for a total of $831.02. The fire and water committee accepted the bid of A. G. Long for fire hose at $1 per foot and the chemical hose was purchased from Lot L. Pierce at 34 cents per foot.

ACID STOMACHS ARE DANGEROUS

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisorated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acid is developed. Foods which ordinarily cause distress may be eaten with impunity if the meal is followed with a little bisorated magnesia, which can be obtained from any druggist, and should always be kept handy.

AUSTRALIAN RECRUITS RIOT

San Francisco, Mar. 7.—Passengers on the liner Somona, in port today, declared 5,000 Australian recruits, demanding a six hour drill day, rioted in Sydney on February 14. Damage estimated at more than $2,660,000 was done before the soldiers were dispersed and their leaders jailed. One man was reported killed.

PROTEST AGAINST RULING

Portland, Or., Mar. 7—A committee of employers planned to wait upon the State Industrial Welfare commission this afternoon and enter a vigorous protest against the proposed ruling limiting the working hours of women to 48 hours a week.

JUST APPLY THIS PASTE AND THE HAIRS VANISH

(Helps to Beauty.)

A safe, reliable home-treatment for the quick removal of superfluous hairs from your face or neck is as follows: Mix a stiff paste with some water and powdered delatone, apply to objectionable hairs and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This simple treatment is unfailing and no pain or inconvenience attends its use, but to avoid disappointment be certain you get genuine delatone.

Dynamiter In Canada Gets Life Sentence

Sandwich, Ont., Mar. 7.—Charles Reeps, of Detroit, convicted of dynamiting the Peabody Overall factory at Walkerville in June, and attempting to destroy Canadian troop barracks and armories at Windsor, was sentenced to life imprisonment today.

The Peabody factory was manufacturing khaki uniform for Canadian troops when it was blown up.
