Prices Rule High In Union Stock Yards

North Portland, April 25.—Cattle receipts today, 200, total for the week, 700. Receipts are not at all adequate to the demand. Anything that looks like a cow is getting past at almost ridiculous prices in some cases. Cows that sold at 8 cents are selling better than 10 cents today. Late sales yesterday in the better line indicate a 14 cents market for steers of quality. Ordinary steers are selling up to 13 cents. Quotations are: Good to choice steers $13.00@14.00; medium to good steers $11.75@12.75; common to medium steers $10.25@11.25; choice cows and heifers $11.25@12.25; common to good cows and heifers $7.25@10.75; canners $4.25@6.25; bulls $6.25@10.75; calves $8.75@13.25; stockers and feeders $70.00@90.00 per head.

Hog receipts today, 400, total for the week 1500. Hog receipts are not keeping up with the demand in any better way than the cattle receipts. Yesterday the Portland market was the highest in the entire country. Quality of hogs coming is very good and the tons of the market today is firm. Quotations are: Prime mixed $17.65@17.90; medium mixed $17.50@17.65; rough heavies $16.50@16.65; pigs $15.00@16.00; bulk, $17.75@17.85.

Sheep receipts for the week 350. There is not a great deal of demand for prime spring lambs, although some are bringing as high as $20. Heavy lambs are selling as high as $18 with the supply very light. Other sheep are steady. Quotations are: Prime spring lambs, $20; heavy lambs, $16.50@18.00; yearlings $15.00@15.25; wethers $13@13.50; ewes, $12.00@12.50.

HAS FOUND ANSWER TO SHIPMENT PROBLEM

More Than 4,000,000 Tons Operated by Board---Another Million by Sept.

Washington, April 24.—With more than 4,000,000 dead weight tons of shipping now operated by the United States shipping board and more than another 1,000,000 launched, waiting for outfitting, Secretary of War Baker, General Goethals and ship officials were to meet today to map out 1919 and 1920 shipbuilding and general ocean transportation problems.

An inventory has been taken of all tonnage available for troop and mercantile transport.

More than 1,000,000 additional tons of shipping will be delivered to the shipping board between April 1 and September. This does not include ships now building, but only those launched and waiting to be fitted.

Officials here say the inventory shows America has begun to find the answer to the shipping problem.

The four million tons now in operation includes ships taken over by the shipping board and also big amounts of tonnage chartered, bought and requisitioned from neutral sources. Nearly 1,000,000 tons have been added in this way in the last thirty days.

Japan has promised 514,000 tons of shipping under charter and sale and delivery of this will begin in April and continue until September. In addition approximately 300,000 tons of bottoms now in the water will be completed and put in operation soon. These ships were launched during the past month.

Prune Conditions Are Best In Years Big Crop Expected

For the time of year, prune conditions in the Liberty and Rosedale districts are the best for many a year, according to several of the larger fruit growers of that section. The weather has been ideal for pollenization and with the heavy blossoms the crop in that locality is safe barring extreme and unusual weather conditions.

In the same section cherries are in full blossom and loganberries making a most satisfactory growth.

There has been a large increase of prune acreage in this neighborhood, many farmers putting in just a few acres, while several large tracts of 60 acres each have been planted this year. Increased acreage in loganberries is noticeable, many farmers setting out about the acreage they could handle, considering the labor shortage.

The labor problem is one of the big ones facing the farmer in the red hill district as well as elsewhere. In fact, several farmers have left their farms and gone to the ship yards of Portland where a man who is handy with tools is sure of employment.

But taking everything into consideration, the red hills district south of Salem looks good at this time and crops are safe barring of course most extreme weather conditions.

Portland is in the millionaire class again, sales of War Savings Stamps to date being over that handsome figure.
