## Reese Witherspoon to pen book

NEW YORK (AP) — Known for recommending books on her Instagram, Reese Witherspoon is ready to write one herself.

The Oscar-winning actress has a deal with Touchstone for a lifestyle book based on her upbringing in Tennessee. The book is currently untitled and scheduled to come out in 2018.

In a statement released through Touchstone, Witherspoon said the book was a "unique opportunity" to tell funny stories and provide hints on her idea of "Southern living." The book will feature photographs and personal essays and will tell how all women can draw upon the South's "signature style, grace and charm."

Witherspoon's film credits include "Legally Blonde," "Walk the Line" and "Wild."

## Find Garth Brooks on Amazon

NASHVILLE, Tenn. (AP) — A week after launching its paid streaming music service, Amazon announced a deal with one of streaming's biggest holdouts: country superstar Garth Brooks.

Brooks, who is the best-selling solo artist in U.S. history with 138 million albums sold, has kept his music off streaming services. On Wednesday, select albums and songs will be available on Amazon Music Unlimited.

In addition, Brooks' albums will be sold digitally via Amazon Music, which were only previously available through his own GhostTunes service. His upcoming albums, "Gunslinger" and "Christmas Together" with Yearwood, will be added to the streaming service later this year.

## Actress pleads not guilty

BISMARCK, N.D. (AP) — Actress Shailene Woodley has pleaded not guilty in a North Dakota court to criminal trespass and riot charges after her arrest in a protest against the Dakota Access pipeline. Court records show the "Divergent" star entered her pleas on Tuesday through her attorney Alexander Reichert.

Woodley and 26 other activists were arrested Oct. 10. She livestreamed her protest on Facebook. Woodley could face 60 days in jail and \$3,000 in fines if she is convicted of criminal trespass and engaging in a riot.

Standing Rock Sioux want construction of the \$3.8 billion pipeline halted, saying it could taint the water supply and disturb tribal burial sites. Protesters have supported the tribe for months.
