

**After the Doctor--
THE DRUGGIST**

The doctor's work is only half what has to be done for the patient. And if the druggist be lacking in ability and care the prescription might as well have never been written. But we make a special study of each case and our own medical knowledge is thorough enough to be of great use to us in those sometimes occurring cases when the doctor, in his haste, makes a slight error.

**GILBERT COMPANY
IS FIVE YEARS OLD**

It was five years ago last Tuesday that Clarence F. Gilbert first "broke into" the implement business in this city and he is to be congratulated upon the business success which he has achieved.

At the time Mr. Gilbert bought the business he was agent for the Cadillac automobile and asked J. R. Nickelsen, the proprietor for space in the show window to display a car. Upon looking over the implement business at close range, Mr. Gilbert took a liking to it and within two weeks had purchased the business from Mr. Nickelsen.

Some of his charitably disposed friends warned Mr. Gilbert that he didn't know a plow from a harrow and that one year would convince him of the fact. Five years have passed since then and Mr. Gilbert is still unconvinced. He lost no time in thoroughly familiarizing himself with the implement business, which he now knows from A. to Z. To the usual line of implements he added automobiles, gas engine supplies and sprayers. At the time he took the business there were only half a dozen sprayers in the valley. Since then his company has sold to local orchardists 139 Hardie Sprayers. Of the 155 automobiles in the valley 87 have been sold through this firm.

One of the secrets of Mr. Gilbert's success has been the fact that he has not been satisfied with making a sale. He has followed the implement to the farm and guaranteed satisfaction by keeping it in repair. That this policy has commended itself to the rancher is evidenced by the rapid growth in the number of Mr. Gilbert's patrons during the five years. He has also been a consistent advertiser in the local papers.

During this period there has been associated with Mr. Gilbert in the conduct of the business W. L. Stewart, C. H. Vaughan and M. H. Nickelsen. He is now associated with Harry T. Dewitt and Dr. E. D. Kanaga.

FROST HURTS ROGUE RIVER

Prof. P. J. O'Gara, Jackson County pathologist, has given out the following statement regarding the fruit crop in the Rogue River Valley:

"The fruit crop will be larger this year than last. The first estimates of frost damage were much overdrawn, as is usually the case. Orchards that heated, as most of the large producers did, were untouched, as were those of the foothills.

"Although it is a little early to determine the full amount of injury caused by the last frost, it is nevertheless certain that many of the valley floor orchards where heating was not practised are more or less injured. The foothills seem to be uninjured, as are the heated orchards on the valley floor.

REMOVE SWITCHING CHARGE

Through adjustments that have been made, patrons of the Mt. Hood Railroad Company living in the Upper Valley will be able to ship freight direct over the O. W. R. & N. Company's lines without payment for the transfer of the shipments here. Formerly small shipments were made each day, and were carried from one railroad yard to another by dray. According to the new ruling a car will be set in the Mt. Hood yards on Tuesdays and Fridays and switched to the O. W. R. & N. freight station.

WOMAN'S CLUB ELECTS

Mrs. Charles Castner Chosen President for Coming Year

At the last meeting of the Woman's Club on Wednesday, May 7, the new officers for the coming year were elected, Mrs. Charles Castner, first vice president; Mrs. J. E. Ferguson, second vice president; Mrs. Geo. Thompson, secretary; Mrs. H. M. Huxley, financial secretary; Mrs. C. D. Henrichs, treasurer.

At the next meeting of the club on Wednesday, May 21, the new officers will be installed. All members are requested to be present.

On Thursday, May 22, the Underwood and White Salmon Woman's Clubs will entertain the Hood River ladies at a one o'clock luncheon. All members who plan to go should notify Mrs. H. F. Davidson at once.

UNDERWOOD

Mr. and Mrs. Roy Ballard of Seattle were visiting at the Highlands for a few days last week.

The Ulli Dulce Club met with Mrs. W. G. Detwiller Friday, May 9. After the business of the meeting was discussed the hostess served a very dainty luncheon.

G. L. Kirkpatrick of Hood River was in town the first part of the week. Esther Coke of Cascade Locks came Saturday to visit Mrs. H. S. Adams over Sunday.

The monthly meeting of the Ladies' Aid Society was held at the home of Mrs. S. G. Clark on Thursday.

Mrs. W. M. Kollock entertained the home Monday evening, May 5. The house was very prettily decorated with dogwood blossoms. The guests of the club were Mr. and Mrs. Roy Ballard of Seattle.

After spending some time here at the home of Mr. and Mrs. E. M. Cummins, Mrs. E. J. Cummins and Miss Bernice Smead returned to Mrs. E. J. Cummins' home in Portland Sunday, May 4.

G. C. Corlie has just had trees planted in the additional five acres he had cleared last fall.

Mrs. S. E. V. Weber and granddaughter, Grace King, have returned from spending the winter in Salt Lake City, Utah.

Hunter Vinton is home again from Portland where he spent several weeks.

The Ulli Dulce Club and the Woman's Club will entertain the Federated Woman's Club of Hood River at a picnic luncheon Thursday, May 22, in the grounds of C. E. Goddard's place.

Mrs. Goddard of Portland was here visiting her daughter, Mrs. G. H. Marsh, recently.

Miss Ruth Cooper was a Hood River visitor last week.

**WHITE SALMON
(From the Enterprise)**

William Perry of White Salmon and Miss Constance Haynes were married at Oregon City the first of the week and arrived here Wednesday night, where they were met at the depot by a crowd of friends.

F. L. Rosegrant has a contract with the Major Creek Lumber Co. for finishing the flume already started and the erection of four miles more. This will bring the flume within two miles of the river.

The Commercial Club is backing the Fourth of July celebration here this year, and the demonstration is going to be a "humdinger." At the Club meeting Monday night the event was discussed thoroughly and the ball will be started rolling the first of next week.

On Friday, May 16, the citizens of the western end of the county are invited to attend two meetings to be held in the Woodman Hall at 2 p. m. and 7:45 p. m., to listen to talks by Prof. Shaw, expert agriculturist of the Great Northern Railway. Prof. Shaw ranks as one of the highest authorities in the country on agricultural development.

SWALLOWS PART OF BARETTE

S. W. Heppner, a wealthy orchardist and nurseryman of the section, had a narrow escape from death recently. A severe pain suddenly occurred in his abdominal region while he was at work. He was unable to stand or make his way to the house, and after intense suffering was relieved of an ivory tooth from a lady's barette that was as sharp as the point of a knife. Mr. Heppner states that a year ago last Christmas he was eating some bologna and stated to his wife at the time that he had swallowed something unusual.—Journal.

SEINING FOR SALMON

A couple of fishermen with complete seining outfit have been dragging the Columbia a short distance above Hood River. They have been taking out from 75 to 125 fish a day which brings them in from \$80 to \$100 a day.

**WENATCHEE DEFERS
ACTION ON COMBINE**

Wenatchee growers were so engrossed in a fight between two factions at their annual meeting that they took no action last week in regard to amalgamation with the North Pacific Distributors.

W. L. Clark, who has been head of the Fruit Growers' Association, headed one of the factions, while Conrad Rose, president of the Wenatchee Produce Company, headed the other. The Rose faction proposed to purchase the produce company and combine it with the association. Mr. Clark was the successful candidate. He is president of the North Pacific Distributors.

"The trustees of the North Pacific Distributors did not expect the Wenatchee Fruit Growers' Association to take any action on affiliation with the central agency at its meeting last week," said H. C. Sampson, secretary of the distributors' organization. "The trustees have made it a rule that each district must work out the problem for itself, and it was understood that association matters at Wenatchee would keep the growers interested at their annual meeting without any discussion of the question of affiliation with the central agency."

Mr. Sampson wants a mass meeting called of Wenatchee valley growers.

"The calling of the meeting," he said, "will not commit the Wenatchee growers to the central agency plan, but will give them an opportunity which, up to the present they have not had, to hear representatives of the central agency present their plan for marketing and distributing."

The annual meeting of the North Pacific Fruit Distributors will be held May 19 in Spokane. Before that time it is expected definite action toward the distributors' organization will be taken in all the districts.

Hood River has been waiting to see whether Wenatchee would join the distributors before taking definite action.

BETTER THAN SPANKING

Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease. The C. H. Rowan Drug Co., Dept. 1473, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send a 50c package securely wrapped and prepaid Absolutely Free to any reader of the Hood River News. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Co. is an Old Reliable House, write to them today for the free medicine. Cure the afflicted members of your family and then tell your neighbors and friends about this remedy.
